FREDERICTON, N. B., THURSDAY, MAY 14, 1936

Weather: Strong winds, with scattered showers; Friday, fair and cool

Encaenial Exercises At the University This Afternoon

Impressive Scene at Memorial Hall as Ninety-Three Degrees Were Conferred

Lieutenant Governor MacLaren Presided

One of the Largest Graduating Classes in History
Bid Farewell to Alma Mater

Another class graduated from the University of New Brunswick this afternoon, when eighty-six young men and women received their degrees and bade farewell to their Alma Mater. The class of 1936 was added to the long list of graduates from the old college on the hill. Today's ceremony was an impressive one. Laity, clergy, the bench and the bar, and the academic world were well represented at the large gathering which was held in the Memorial Hall of the University.

Eighty-six degrees were conferred in course. Honorary degrees were conferred on Hon. A. A. Dysart, premier of the province; Hon. Mr. Justice W. H. Harrison, and Mr. Justice Fairweather of the Supreme Court. Four masters degrees were also conferred, making a total of ninety-three degrees in all.

The programme at Memorial Hall this afternoon was preceded by the traditional academic procession, formed in the hall of the old Arts building. The graduates as they marched from the arts building to the Memorial Hall presented a striking sight. There were a number of visitors from outside the city, most of whom will remain over for the encaenia dance to night.

His Honor the Lieutenant-Governor, Dr. Murray MacLaren, presided. The distribution of medals, certificates and diplomas was followed by an address to the graduating class by Premier Dysart and the Alumni Oration was delivered by Mr. Justice Harrison. The valedictory, delivered by Robert L. Armstrong of Barker's Point, was the final item on the afternoon's programme. The complete list of graduates are as follows:

Degree of M. A.
Amos McIntyre Anderson,
William Campbell Haines.
Degree of M. Sc.
Arthur Charles Freeze,
Degree of M.Sc. in Forestry
John Alanson McNally.
Degree of B.A.—With Honors
Charles William Dixon Scotcher,
Latin and Greek, Class I.
William Alexander Patterson, Mathematics and Chemistry, Class I.
Dazie Isabella Alton, Mathematics and Biology, Class II.
Hector Hugh McKinnon, Chemistry and Biology, Class II.
Frederic John Tweedie, Chemistry and Biology, Class II.
Dorothy Eleanor King, Philosophy and Economics, Class I.
Barbara Robertson Armstrong, Philosophy and French, Class I.
Elizabeth Snodgrass Jones, Philosophy and French, Class I.
Ruth Parlee MacDougall, Philosophy and French, Class I.
Margaret Edith McDermott, English and French, Class I.
Jean Muriel Barbour, English and French, Class II.

Exercises at U. N. B.

STRESS IS LAID PUBLIC NURSING RURAL DISTRICTS

Dr. William Warwick
Speaks to Nursing
Graduates

The 1936 class of the Victoria Public Hospital Training School for Nurses were graduated last evening to the admonition from Dr. William Warwick, chief medical officer for New Brunswick, that the nursing profession put more emphasis on the educative and preventive side of public health work, particularly in regard to a reduction of maternity deaths and the control of cancer. The speaker also stressed the value and need for public health nursing in rural districts.

Seven nurses were graduated at last night's exercises which were held at the Brunswick Street Baptist Church hall. John A. Reid, president of the Hospital Board, presided. The seven graduates are: Miss Signe R. Konig Carson, Sussex; Miss Minnie I. Stableford, Sussex; Miss Helen Beatrice Barker, Upper Kent; Miss Lillian Irene McLean, Plaster Rock; Miss Ardith Josephine Bubar, Marysville; Miss Otis Margaret McLeod, St. Martins; and Miss Jean Glenroy Robertson, of this city. Miss E. C. Brown, president of the local chapter of the New Brunswick Registered Nurses' Association, presented each

Farewell Class of 1936

Today the old University of New Brunswick graduates one of the largest classes in its long and useful history. U.N.B. first granted degrees in 1883, although the college had been in existence several years before that date. During that period many hundreds of men and women have passed from its portals having received during their course the necessary equipment to enable them to face the battle of life. Many of these sons and daughters have carried the fame of their beloved Alma Mater into other parts of the universe, and have made for her and for themselves a reputation that will go down in history. Their example is worthy of emulation and what man has done man may do.

To the young men and young women who are graduating today the future is now opening. The world is before them and it rests with themselves which path in this world they will take. Despite the present depression, opportunities will present themselves. How they make the use of these opportunities and how their future success or failure may be depends upon themselves.

The University has laid open to them the best it had to offer as a means of preparation and they go forth on the journey of life today with the good wishes of all, that they may be able to turn the experience and knowledge gained at U.N.B. to the best advantage.

The faculty have done their best; the students have worked faithfully and well. Today the graduates reap the rewards of their labours of four golden years.

Best Wishes to the Class of 1936.

C. N. R. WEEK-END EXCURSION TODAY

(Special to The Daily Mail)
MONCTON May 13—Another series of the popular bargain fare coach excursions is being offered to the people of Eastern Canada this week end, according to R. J. S. Weatherston, general freight and passenger agent of the Canadian National Railways here, with going date Friday May 15. Two of these excursions are from all stations in the Maritime Provinces, one to Sydney, N.S., and the other to Sackville, N.B., both with return limit the following Monday, May 18th.

On Friday, May 15th, a coach excursion is being operated from stations in Nova Scotia to Boston and New York via Yarmouth and the Eastern Steamship Lines, return limit on this excursion being the following Wednesday, May 20th, in the case of New York, and Thursday, May 21st from Boston. Special attention is drawn to the immigration requirements governing entry into the United States, full information in connection with which can be obtained from Agents. On Friday May 15th, a coach excursion will be operated from stations in New Brunswick to Montreal, Ottawa and Toronto, also Quebec and Three Rivers, with return limit the following Tuesday, May 19th, except for passengers going to Toronto, where an extra day is allowed.

BETTER TODAY

Friends will be pleased to learn that the condition of Mrs. A. F. Woodbridge is improving daily at the hospital.

GIANT AIR SHIP ARRIVES HOME SAFELY 11.55 A.S.T.

FRANKFURT-ON-MAIN, Germany, May 14—The Zepplin Hindenburg arrived here at 4.55 a.m., completing its return from its maiden trip to the United States.

The German dirigible took 48 hours 27½ minutes to make its return flight. It took 61 hours, 53 minutes for its crossing from Friedrichshafen, Germany, to Lakehurst, N. J.

The Hindenburg bettered existing records for both the eastward and westward crossings.

The best previous mark from the United States to Germany was set by the Graf Zeppelin in August, 1929, when it flew from Lakehurst to Friedrichshafen in 54 hours.

The previous westward record was set by the Los Angeles, then known as the ZR-3, in October, 1924, when Dr. Hugo Eckener brought the airship across the Atlantic in 81 hours, 17 minutes.

Dr. B. C. Foster's Will is Probated

The estate of the late Dr. B. C. Foster, prominent New Brunswick educationist and former principal of Fredericton high school for many years, was probated here yesterday before J. Bacon Dickson, judge of probate. Real estate amounts to \$5,500 and personal estate \$13,000. Hon. R. B. Hanson is the sole executor and the widow is the sole beneficiary.

NEW BISHOP OF SAINT JOHN TAKES OFFICE

Term of Office of Rt. Rev. Msgr. Carney Ends

The sixth prelate to be consecrated in the Cathedral in Saint John was royally welcomed yesterday. The term of office of Rt. Rev. Msgr. F. L. Carney, D.P., of Fredericton as vicar-capitular, by virtue of which he had administered the diocese since the death of Rt. Rev. E. A. LeBlanc in February, 1935, came to a close yesterday. By virtue of the apostolic letter read yesterday at the welcoming ceremonies Most Rev. Patrick Albert Bray, C.J.M., former superior of Holy Heart Seminary in Halifax, is now the Bishop of Saint John with full power of the episcopal office.

Bishop Bray was received with enthusiasm in Saint John yesterday by clergy and laity. His Worship Mayor MacLaren was among the number awaiting him at the train, an act of courtesy to which the new prelate happily referred when speaking in the Cathedral. At the Bishop's Palace a number were assembled despite the cold reception arranged for the Cathedral and the large edifice was filled.

Following his taking over of the duties and authority of his episcopal office and addresses had been read and replied to, Bishop Bray officiated at Benediction of the Blessed Sacrament and later retired to St. Peter's, there to be on retreat for a week before his consecration.

At The Palace

Arrived at the Palace, Bishop-elect Bray gracefully acknowledged the greetings of the numbers who braved the storm to see him enter the episcopal residence for the first time. Within the halls he was cordially greeted by Msgr. F. L. Carney. Others of the clergy also took occasion to greet His Excellency and to add to the warmth of the atmosphere that had accompanied the whole ceremonial from arrival of Msgr. Bray in Saint John.

Local Business Men Express Anxiety Regarding Bridge

Claim That Delay in Getting Wreckage Removed
Will Hold Up New Structure

No Time Limit on Salvagers

It Will Be Necessary for Company to Procure
Heavier Machinery

PROF. R. E. D. CATTLEY
Who Presented the Classics Prize
at U.N.B. Today

There has been considerable discussion during the past twenty four hours regarding the 'exclusive' story which appeared in yesterday's The Daily Mail regarding the inability of the Garson Wrecking Company to remove the wreckage of the old C.N.R. bridge with the equipment which they have on the water at the present time. As stated in The Daily Mail yesterday the crane was entirely too light to handle the large iron works of the old bridge which rests at the bottom of the St. John river, and the machinery had to be stopped to permit the scows being swamped when an effort was made to remove some of the iron superstructure.

Local business men are afraid that work getting out old wreckage will take too long and will delay for this year the proceeding with the new bridge.

There was no crane heavy enough to handle the steel of the heavy spans. The present dredge was borrowed from Johnston Potter, Halifax, and was part of the equipment used by Foley Bros. in the work on the Halifax Terminals. On that job cranes were necessary which could handle blocks of reinforced concrete 40x20 inches by four feet thick, and could place them in position in the piers. This equipment is understood to be the most powerful in Canada.

The St. John Dry Dock also has excellent equipment for handling this kind of work.

Business men here feel that this company should have come here fully prepared to carry out the work with

ARTHUR ELLIS' TRIAL OPENS AT BROCKVILLE

BROCKVILLE, Ont., May 14—Arthur Ellis, M.L.A. for Ottawa South, went on trial here today on a criminal negligence charge arising out of the death of Joseph McAlonan, 53 year old cheese factory proprietor, at Seely's Bay last November.

It is alleged he was the driver of the car which struck McAlonan as he crossed the street. The trial has been postponed several times.

New Roman Catholic Archdiocese Is Established at Moncton

Sent Up For Trial

Merlin Culligan, of Penniac, was sent up for trial at the next sitting of the York county court when he appeared before Magistrate Whitman Haines in the Devon police court yesterday, charged with theft. Culligan is charged with stealing parts from the car of Cecil Coveney of this city, which was burned near Stanley a few days ago. R. V. Limerick appeared for the defence and E. Allison MacKay for the prosecution.

Will Mean New Division of Diocese and Three Bishops Instead of Two as Formerly — Names Mentioned.

A new archdiocese of the Roman Catholic Church has been created with the See in Moncton. The official word of the new See was given to the laity yesterday by the Most Rev. Patrick Bray, Bishop of the diocese of Saint John. By virtue of the mandate the diocese of Saint John, previously under the See of Halifax will in future be under the new See of the Archdiocese the Metropolitan See of Moncton.

It is understood that the new Archbishop of Moncton will be a French Acadian. Amongst the names mentioned as the first Archbishop are Bishop Melanson of Gravelbourg, Saskatchewan; Bishop Chaisson, of Chatham; and Rev. Dismas LeBlanc, formerly of Saint Joseph's College, Memramcook.

No further details have yet been announced in regard to the formation of the new See. It will mean however, three Bishops in New Brunswick, the new Metropolitan at Moncton, the bishop of Saint John and the bishop of Chatham. It will also mean a new division of the present diocesan territories. It is understood that maps of the present territory and facts regarding the population, race of the parishioners and the like, are now being studied at Rome, and at the Canadian headquarters at Ottawa.

Now that the new bishop is to take office at Saint John almost immediately, it will not be long before the whole question will be finally settled.

MASS PSYCHOLOGY FORCES GROUP TO LET PURSE ALONE

CHICAGO, May 14—Here's one for the psychology department. It happened at the Thorndale beach. George Carlson and his wife, walking along, saw a purse lying on the sand. No obvious owner was in the immediate vicinity. Rather than pick it up at once, the Carlsons took a seat nearby.

Another couple appeared, glanced from the pocketbook to the Carlsons, grasped the situation and sat down, too.

A half-dozen bathers approached, studied the setting and seated themselves. Came other strollers. In 15 minutes about 30 persons had formed a circle about the purse.

A boy moved to grab it. He sat down again amid glares. Carlson went to the Summerside police station and came back with Sergt. August Pack.

The Sergeant—a forthright man—picked up the pocketbook. He shouted: "Who owns this?"

Mrs. Louis Bowden, playing with a beach ball some 20 yards away walked up, gave a verbal inventory of the contents, took the purse—and the crowd departed.

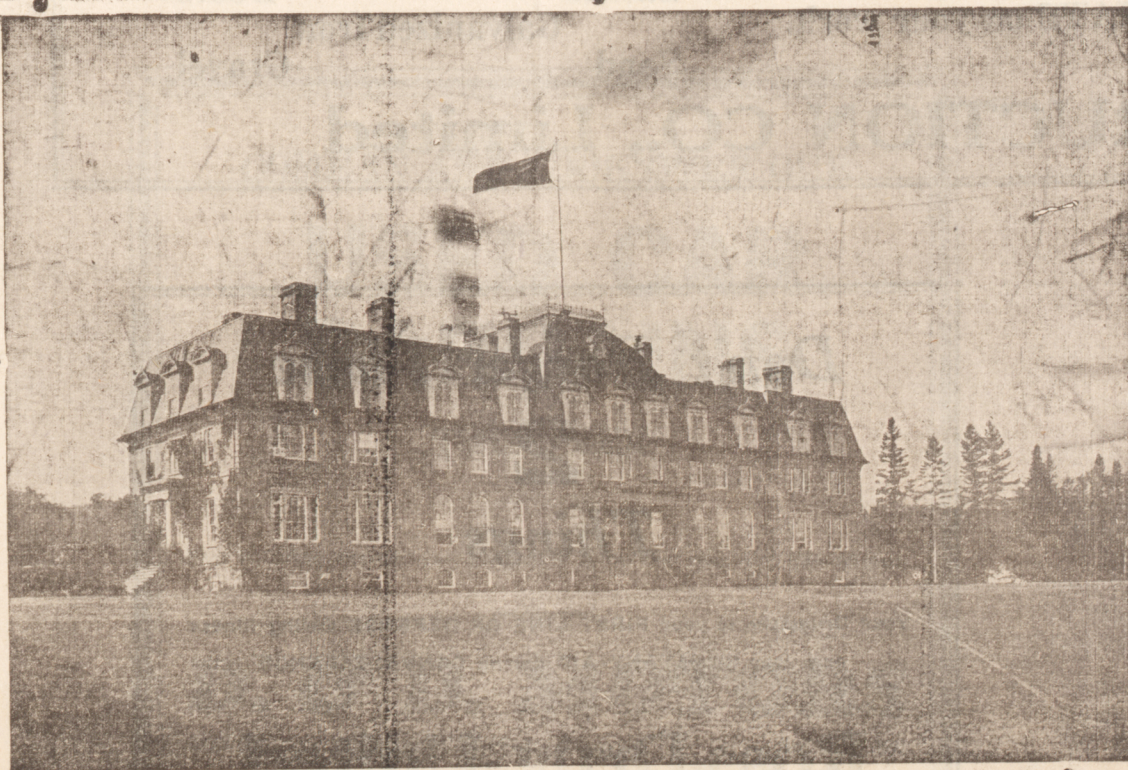

BETHUNE, Sask., May 14—Nineteen pigs were dirtier but apparently none the worse last night after eating a half-ton of coal dust. M. Lash shut his pigs in a coal shed overnight. Next morning all of the coal was gone.

FAILURE N. B. PEOPLE TO AGREE CAUSES DELAY NATIONAL PARK

OTTAWA, May 13—Further surveys will be conducted this summer before a site is picked for a national park in New Brunswick, Interior Minister Crerar told the House of Commons yesterday.

There was no intention of going ahead with the New Brunswick park this year because there were differences of opinion on the site.

In the meantime, parks in Nova Scotia and Prince Edward Island would be of some benefit to New Brunswick because tourists, if they travel by land, must go through that province.
