WEDDINGS AND THEIR ETIQUETTE

The Wedding Ring

When the groom buys the wedding ring, the bride-to-be may go with him. She may choose the ring if she desires. If it is to be a double-ring ceremony, the bride buys the ring for the groom. Whether or not the groom is to wear a ring is a matter to be settled between him and the bride. The groom usually gives the bride a gift of jewelry.

Displaying the Gifts

Some families show the wedding gifts only to those friends and relatives a few days before the wedding. More often, however, all guests view the presents during the reception. Generally, a special room is set aside for displaying the gifts.

The Receiving Line

At the reception, when receiving the guests, a bride stands at the right of the groom, with her maid of honor or matron of honor on her right; the bridesmaids, next. The ushers and best man do not stand in the receiving line. They make themselves useful by presenting the guests to the bride and groom.

Congratulations

Never congratulate the bride. You may congratulate the groom; but simply extend to the bride, your best wishes. You need not pause to talk with the bride. Make some cordial remark and then leave them; then go to the dining room for refreshments. You may leave the reception at any time after you have spoken to the bride and groom.

The bride and groom may leave the reception at any time they wish. They should say their "goodbyes" to members of their families and closest friends before they leave. When rushing through the groups of guests there is not time to say farewell to any one.

While it is to be expected that rice and confetti will be showered on the bride and groom as they leave for their honeymoon, it is not considered good form to decorate their "honeymoon" automobile with signs like "Just Married" or other phrases that might cause them embarrassment. Any rough play, such as trying to separate the bride and groom, should never be attempted.

HOW CAN I?

Q. How can I repair a leaky ice-box temporarily?

A. Dry the ice box thoroughly and then coat the leaky place with melted paraffin. While this may be called a temporary repair, it has been known to last for more than a full season.

Q. How can I remove scratches from table silver?

A. Buy a small quantity of putty powder at the drugstore. Put this in a saucer with enough olive oil to make a paste. Rub this on the silver

with a soft cloth, then polish with a chamois.

What shall I do when storing a rug?

A. Sprinkle the rug with cayenne pepper, then roll it securely in newspapers. This will keep out the moths.

Q. How can I hasten cooking when using the double boiler?

A. By putting salt water in the outer part of the double boiler. This will create a greater heat than if water only is used.

Q. How can I efface ink stains from wood?

A. Apply equal parts of linseed oil and vinegar. Use a soft cloth.

Q. How can I remove grease stains from marble?

A. Make a paste of fuller's earth and water, cover the stains with this paste and allow it to remain for a few days.

Q. How can I cut rich cheese into even thin slices, and without its sticking to the knife?

A. By dipping the knife into boiling water before cutting the cheese.

Q. How can I wash brush wool properly?

A. Any garment of brush wool must be washed carefully. Make a suds of pure flakes and warm water. Squeeze the garment in the suds, changing the water frequently. Rinse thoroughly, adding a few soap flakes to the last rinsing. Spread out flat to dry, turning the garment when one side is dry.

Q. How can I make the windows sparkle when washing them?

A. Dip a cloth in ammonia and whiten, instead of using plain water and soap then polish with a chamois.

Q. How can I prevent biscuits from turning out paler than they should be?

A. Try adding a teaspoonful of sugar to the recipe when making the next biscuits. The sugar will help give them a golden brown appearance.

Q. How can I tint wall paper that has faded?

A. Special tints for this purpose can be purchased at any prominent paint store.

Q. What kind of meat should be used for making mock chicken salad?

A. Use either cold roast veal or cold roast pork.

Q. How can I remove old wall-paper?

A. There are several methods of removing wallpaper, but one good way is to add alum to warm water as long as the water will dissolve it, then apply this solution with a white wash brush. After it has dried the paper will come off easily.

Cheese that has become too dry to use on the table may be grated and used for this purpose. To one cup of grated cheese add one-half cup of chopped English walnut meats, season with salt, a few grains of cayenne and moisten with salad dressing or cream to the right consistency to spread. Use as filling between thinly sliced Boston brown bread.

Brown Bread Sandwiches

Cut Boston Brown bread in one-fourth inch slices. Spread half the slice with cream butter and remaining half with cheese mixture. Put

together in pairs, press edges and cut each sandwich in halves crosswise or in four small triangles.

Lobster Salad

1-3 cup mayonnaise,
1 cup grapefruit sections, cut in pieces.

1 cup lobster, cut in pieces,
1-3 cup cucumber, diced,
3-4 cup celery, diced.

To mayonnaise, add ingredients in order given. Chill in refrigerator.

Serve in crisp lettuce cups. Garnish with small pimiento strips. Serves six. This is a nice "first course" salad.

Toasted Cheese Rolls

Combine one package soft cream cheese with 3-4 teaspoon evaporated horseradish (soaked for 10 minutes in 2 teaspoon cold water) and dash of salt. Spread slices of fresh white bread, sliced thinly, with butter, then with cheese and horseradish filling. Roll up and pack closely together in a pan so the butter will become firm and the sandwiches hold their shape. At serving time toast under broiler or bake in a hot oven (425 degrees F.) until golden brown.

Secret of Picture Rests Upon Frame

Pictures add tone to the house. Every home has pictures, some are effective ornaments, others are out of place.

But no home need be without pictures that have personality and character. They must be dressed as carefully, however, as a woman should be.

Therein lies the secret. It's in the frame.

A picture may be cheap, but it can be made attractive by its frame. It may be costly, but it can be easily made to appear otherwise by its surroundings.

The picture frame should be unobtrusive and designed to accentuate the strongest charms of the picture itself.

When in doubt, gold frames may always be used, but they must not be used unreservedly.

Cabbage and Fruit Salad

1 small head cabbage,
4 or 5 medium-sized apples,
1 cup seedless raisins,
Mayonnaise dressing,
Lettuce.

Shred cabbage very thin and let stand in cold water until crisp. Drain and dry. Arrange nest of cabbage on lettuce leaves on each salad plate. Pare apples and cut in one-half inch cubes. Mix with raisins and mayonnaise. Arrange on cabbage and garnish with cherries.

Q. How can I prevent shine on ribbons?

A. Always press the ribbons on the wrong side and there will be no shine.

Q. How can I clean statuettes, and other plaster articles?

A. Make a thick paste of finely powdered starch that is real white, and hot water, applying a thick layer while still hot with a brush. Allow it to dry slowly. The starch will scale off, taking the shine with it.

Q. How can I lower a baby's fever?

A. It will often prove soothing if baby is given a sponge bath consisting of eight ounces of alcohol to one quart of warm water.

Two burglars had broken into a tailor's shop and were busy sorting out some suits, when one of them saw one marked \$75.

"Bert, look at the price of that one," he said. "Why, it's downright robbery, ain't it?"

There had been a lot of accidents on the line, express trains frequently running into the rear of "locals," with disastrous results. Experts gave their opinion, but the advice of a local porter was taken.

"It's always the rear coach of the local that gets smashed up," he said, "so why not take it off?" The story says they took his advice and gave him a gold medal.

Never put off until tomorrow what you can do today

Never again will you have the opportunity to borrow up to 80% of the cost of that new brick home you have been dreaming about and at only 5% interest. Call or write M. Ryan & Son and they will be pleased to send or show you over 100 pictures and drawings of beautiful homes costing from \$2,500.00 to \$4,500.00 to build. You can have a beautiful brick home for \$3,500 and under the Dominion Housing Act you can borrow \$2,800.00 on your home at 5% interest—and when you build—build for the future by using Ryan's Cherry Red and Red Rustic Brick. Buildings constructed with Ryan's Brick 40-50 years or more ago are just as fine today as the day the mason laid

the brick—so why go on paying rent when you can let the rent money pay for your home, all this can be accomplished if you build with brick, because by building with brick your troubles are over—you have no painting to do every four or five years—your insurance premiums are cut in two and your heating costs are almost 50% less—so why gamble with inferior material, why take chances on sagging walls and cracked plaster when you know the peace of mind that comes from the knowledge that Brick withstands all the elements.
