Term "Hackman" is Obsolete Says City Council

The days when taxis were "barouches" and taxi drivers were just plain "hackmen" stirred the debate of the city fathers while engaged in studying the city's bylaws with the intention of revising them, at a meeting in the city hall last evening. Because "hackman" is obsolete the word will be eliminated from the by-laws and the modern equivalent substitut-

In the old days-seventy-five years ago - hackmen whisked their passengers around in oldfashioned barouches for which the latter paid stiff prices. The licenses then were high also. Today a taxi driver can afford to take his passengers a longer distance and for considerably less in the way of a fee. Or at any rate he could up until a year or two ago before the competition of the buses. The term "hackman" is one term that will be eliminated from the city by-laws, and will be another step in the direction of modernization, both of terminology and content, of civic law.

Mrs. W. T. Whitehead's Funeral Will Take Place Here Friday

The funeral of Mrs. Frances Crawford Whitehead, wife of W. T.
