

Detroit Wings Trowned Leafs Head for Stanley Cup

Cop Second Game Stanley Cup Series by Score 9-4—Wings Need Only One More Victory—Record Breaking Score Last Night.

OLYMPIA, Detroit, April 7—Detroit Wings, soaring with unerring precision towards heights that would establish them as one of the great hockey teams of all time, conquered Toronto Maple Leafs 9-4 here tonight in the second game of the Stanley Cup series. The aggregate score established a modern playoff record. The Wings can complete a non-tops title fight by winning at Toronto Thursday night.

Superb in this fifth consecutive playoff victory since finishing first in the National League's American Section, the Red Wings reached a stage only one step removed from their objective. They need only another victory to achieve rating with the immortal squadrons of the sport.

Not since Boston defeated Montreal Canadiens for the N.H.L. title in three straight, then downed New York Rangers in two straight in the Stanley Cup classic, has a team flashed through the playoff zone unbeaten.

In 1929, when the Bruins accomplished the feat, the final series was a best-of-three affair.

In full flight, able to score almost when they willed against the Leafs, the Red Wings will be heavily favored to end the series Thursday night. They have convinced even the most skeptical that Jack Adams' champions can scarcely be beaten this season.

Go to Work from Gong
The Red Wings ran in three goals in the first period tonight and it was all over except the unnecessary scoring. They did the same thing in the

Bowlers Tour

LONDON, Ont., April 7—The tour of Wales, Ireland and Scotland by Canadian lawn bowlers this year will go through as scheduled, A. A. Langford, organizer for the Canadian team, announced here.

A cable last week, announcing cancellation of the tour, applied only to England, where because of lack of time and the many clubs in that country, it was deemed impossible to arrange official matches. Friendly games will be welcomed by the English association, however.

Plans of the Canadian council are to send a team of at least five rinks sailing from Quebec May 30 for Southampton.

first game, bagging three without delay. There was no part of the Toronto defence able to halt these early charges.

It wasn't in building up a big goal total that the Wings demonstrated extraordinary power and all-around balance that few teams in years were able to match. It was the way they took on the speed-mad Leafs at the start and raced in for the early and important tallies.

Wally Kilrea, Marty Barry and Herbie Lewis sank these early goals that tumbled the fighting Leaf machine. Each time the Wings flicked the puck from stick to stick while skating at top speed. The shooting past was easy. George Hainsworth, veteran Toronto goalie, was alone and no netman could have blocked the drives from just outside his goal crease.

When Toronto came back with a goal at 12:35 in the first period, indicating they would have further to say about the outcome, the Wings slashed back.

"Bucko" McDonald, broad-shouldered idol of the second balconies and hero of Detroit's first victory over the Leafs, broke away after serving a penalty and scored to put Detroit ahead 4-1.

That was merely a sign that the Wings could rally after each setback. Out there with a club that never conceded defeat, the Wings yielded three goals in the last two periods and they punched in five of their own account. Their own defence wobbled seldom under the barrage from Leaf attackers, and there was hardly a semblance of defence at the other end to protect Hainsworth.

Johnny Sorrell, Gordon Pettinger and McDonald collected two goals each, but they were no more prominent as members of the winning combination than Howe, Wally and Hec Kilrea, Barry, Larry Aurie, Lewis, Doug Young, Modere Bruneteau or Elbie Goodfellow.

The Red Wings were inspired, as they were in sending down Montreal Maroons to three straight defeats in the league title series. They hope to become the first team to complete two best-of-five series without defeat.

Pitted against a strong attacking force, the Detroit defence stood out as prominently as the sniping forwards. Young, McDonald, Goodfellow and Scotty Bowman gave acrobatic Normie Smith fine protection, but the fair-haired netman was forced to perform sensationally even then to keep the Toronto total down.

Buzz Boll and Bill Thoms, one of the best offensive and defensive combinations in the contest, nicked Smith for a goal each, but the goaler turned aside a half-dozen others from these two that might have beaten him. Joe Primeau and Bob Davidson scored the other Leaf counter.

SPORT SPIRIT OF U. S. CALLED INTO QUESTION

Member of Olympic Committee Says U.S. Body Very Faulty

NEW YORK, April 7—Charles L. Ornstein, ousted as a member of the United States Olympic Committee, charged today the committee no longer represents the "sporting spirit of American tradition, but has adopted the color and tactics of Nazi Germany."

Ornstein was voted off the committee after sharp oral exchanges with other members over his insistence that the United States not participate in the Olympic Games in Germany.

Ornstein, who was prominent in the Olympic-boycott movement last winter, said his ousting was illegal in that he was placed on the committee by the American Olympic Association.

BOY SCOUT NEWS

The second get-together of Rover Scouts of the City District took place at St. Dunstan's Hall last Thursday. Bad weather prevented the Douglass Contingent from coming, but there was a good attendance and a full programme, including a good sing-song, occupied two and a half hours. Good interest is being shown.

On Friday of last week, Commissioner Pugh, Cub Commissioner Doherty, Rover Scout John Hill of Third Fredericton, Rover Scouts Ed. Quinn and Lynch of Fourth Fredericton, Scoutmaster Hawkins and nine Scouts of the Douglass Troop, visited the Mouth of the Keswick, where the Scout Troop was revived, after a lapse of many years. The leaders of this troop will be: Eric James Clark, Scoutmaster; Frederick Duplissea, Assistant Scoutmaster. Mr. Duplissea is an old Scout of the Third Fredericton. Members of the Committee are: Rev. Saunders Young, Mr. James Yerxa, Mr. Cornelius Hagerman, Mr. Allan Shepherd and Mrs. Ruby Hawkins. Meetings will be held on Fridays, in the old church building at the Mouth of the Keswick, which has been disused for a long time. At Friday's meeting, a full programme of games and instruction was carried out by the visiting leaders and Rovers, while Mr. Young conducted prayers at the closing.

It might be of interest to readers to insert here a brief description of the Rover Den of the Third Fredericton Rover Crew. The Den is situated in an upper room of the Parish Hall, entered by means of a trap door from underneath. Upon entering one is immediately confronted with a large leopard skin which is fastened to the ceiling directly above the door. This skin was given to the Crew by one of its members, and is generally known by the name "Alfred". Starting from the door and working to the right, one sees first a picture of the Chief Scout, above which are several rook and pigeon feathers which were brought from the Chief Scout's estate in England; next is seen a very fine mink skin, which flanks one side of the Chief's picture, and on the other side of the picture a weasel skin balances off the setting. The next thing of interest is a bookcase which contains all Rover Literature and other miscellaneous equipment. The bookcase is surmounted by a radio and several mounted specimens of wild life including a rabbit, red squirrel, flying squirrel and a common pigeon. This completes one side. On one end is a very nice mantel shelf, draped with a green cloth. In the centre of this shelf is a silver cross, over which is hung a picture of the Virgin. Other things on the shelf include a turtle shell, an owl's claw and a sample of antimony from the Lake George Mines. On the other side a large space is reserved for specimens of many kinds. These specimens com-

Red Sox Are No Prima Donnas Says Cronin

SARASOTA, Fla., April 7—Talk of the million-dollar Red Sox as a bunch of prima donnas is "strictly the bunk," according to their head man, Joe Cronin. In fact, Cronin has become a bit weary of hearing the term applied to the grandest bunch I've ever had. There's not one sight of sound or temperance on the whole layout," he said Monday just before his boys beat the Athletics.

SPORT IN BRIEF

MONTREAL, April 7—During the week of April 19 local athletes representative of practically every sport will gather. The occasion is not one of a sports convention but rather the celebration of the 25th anniversary of the Presentation Brothers.

Perhaps the most outstanding achievement of the Presentation Brothers has been their ability in developing athletes. Such names as Peter Jotkus, Ernie Hempey, Tom Merrigan, Bill and Dave Archer, Frank and Fred Deegan, Wally Whitty, George Pigeon, Jack McBrearty, Norm. Carson, Jimmy Kavanagh, Bobby Leitham, Thos. Madden, Martin E. Conway, and many others are proteges of these teachers.

So, to do them honor, all former pupils will gather in the K. of C. hall on Monday, April 20, for a card party and dance, then on Tuesday, April 28, the big event, the banquet in the Queen's Hotel. Hockey, football, lacrosse, basketball, tennis, boxing and track and field will have their representatives present when some 500 will honor their teachers who arrived in this country 25 years ago.

MINNEAPOLIS, N. Y., April 7—George Standing, 1892 and 1912 open racquet champion, died yesterday at the age of 68. Before coming to the United States he was with the Queen's Club, London.

While in his early days there was no organization qualified to confer an official racquet title, Standing proved his claim by defeating in 1893 Harry Boakes of Quebec by three games to one, and other great players.

ALEXANDRIA, Egypt, April 7—Roderick Menzel, the towering Czech Davis Cup player, announced today his retirement from international lawn tennis competition in order to devote his time to writing.

GOLF INTEREST HITS NEW HIGH IN POPULARITY

Survey Shows There are 5,717 Courses in United States—Many Private Courses.

NEW YORK, April 7—The game of golf, once played only by members of the elite classes, has increased in popularity so rapidly that millions of dollars are spent annually supplying golfers with equipment to play on 5,717 courses.

These facts were revealed today in a survey made by the Domogof Club of the United States, an organization seeking to popularize golf still further by creating an interest in the game among non-golfing members of the younger generation.

The survey revealed that: There are 5,717 golf courses in the United States. New York leads with

prise such things as the spear of a swordfish, the head of a porcupine, deer horns, old fashioned pistols, Indian relics, wood knots and a cow's horn into which is fitted a mouthpiece and used on some occasions to call the crew to order. Also on this wall is a new enlargement of the original "Seven" (the original Third Fredericton Rover Crew). The other end of the den is centred by a very nice picture of His Majesty King Edward VIII, above which are the Union Jack and a Canadian Ensign. This completes the description of the walls of the room. The floor space is quite well taken up by benches which are placed around the outside of the room. In one end opposite the bookcase, is a table upon which may be seen the Log of the Crew, which gives in complete detail all the activities of the Crew, both past and present. This table is also used as a desk by the Rover Leader, Secretary or certain officials of the Movement on different occasions. The models of the District Training Courses also find a place in this room. Many of these are kept in the bookcase as mementos of the past courses held in this district, Edmundston and Plaster Rock.

QUEBEC IS PROMOTING ITS AMATEUR BALL

Upper Provinces' Amateurs Getting Breaks From Good Organization.

QUEBEC, April 7—An athletic organization to promote and further the game of baseball throughout the Province has been formed and granted letters patent under the name La Ligue Provinciale Independente de Baseball, Inc., according to a notice in Quebec official Gazette today. The sponsors of the league, Luien Lachapelle, Sorel; Homer T. Cabana, Granby; L. C. Poirier, Drummondville and Edgar Leduc, Lachine, intend promoting the organization of clubs in different cities and towns of the Province of Quebec for the purpose of forming a baseball league for the development of young players. The headquarters of the organization is in Montreal.

CONNOLLY WAS RESPONSIBLE FOR RAMBLERS WIN

PROVIDENCE, Rhode Island, April 8—Philadelphia Ramblers won their first championship in the Canadian-American Hockey League last night by defeating Rhode Island Reds 1-0 in a thrilling fourth game of a sternly-fought final series.

It was the second consecutive triumph for the Ramblers on Providence ice in the title series, the New York Rangers' Farm team having won another tight battle here Sunday, 2-1. The teams split the first two games in Philadelphia last week.

Bert Connolly, former National Leaguer and Moncton Hawks' star, scored the big goal for the Phillies in the fourth minute on the final period. It grew from a three-man dash while Red Conn cooled his heels in the pen, for tripping.

a total of 461 private and public courses. Illinois is second with 377 and Texas third with 272. Delaware has seven courses, the least of any state.

Strangely enough, California, possessed of a climate which allows practically year-round golfing, has suffered a decrease in its courses since 1931. In that year it had 276 private and public courses compared with 241 now.

A country-wide survey of private and public courses and clubs made prior to 1934 shows that the estimated investment of the U. S. golf plant is \$830,039,298. In the same year it is estimated that \$15,720,000 was spent for golf balls; \$16,000,000 for clubs and \$2,720,000 for golf bags.

BICYCLES

We have just received a full line of bicycle accessories, and we are now prepared to do all kinds of repairs to all makes.

HISTORY OF DOMINION MARKSMEN

This Organization Has Done Much to Encourage Shooting in Country

Dominion Marksmen is an organization that has done much to encourage shooting in this country through the promotion of a series of popular and well arranged competitions. As a result of its efforts many thousands of shooters have enrolled at headquarters and clubs have been formed from coast to coast.

The organization had its beginning in 1916 when a competition was arranged to interest Cadet Corps in developing first class shots. The idea was an instantaneous success and the original competition is still progressing.

During the past twenty-two years over thirty thousand pins have been awarded for expert shooting in the Dominion Marksmen Junior Rating Medal alone. Many Dominion Marksmen have progressed beyond the age limit may be found lined up with the seniors on the ranges with their names well up in the list of winners. These men, among whom are to be found such well known names as Lieut. Desmond Burke, a former King's Prize winner, R. A. Sweet and G. E. Matchett and others who have represented Canada at Bisley, frankly acknowledge the benefits they derived from participating in Dominion Marksmen competitions in their boyhood days.

Dominion Marksmen has also improved the standing of shooting in many of the police forces in the major cities in Canada. In 1926, under the auspices of the Chief Constables Association of Canada, it arranged a series of competitions that are very popular. The competitions have proved of inestimable value in encouraging officers to become more expert with revolvers. They are shot under similar conditions to those that might be

encountered in the performance of their duties. They consist of both rapid and deliberate fire.

In 1935, the Dominion of Canada Open Police Team Championship was won by the K Division of the Royal Canadian Mounted Police at Banff, Alberta, with the record score of 1442 x 1500.

The competitions have developed many crack shots. One outstanding marksman is Lieut. Pickrel of the Canadian National Railways in Winnipeg, who has become one of the best revolver shots in the Dominion. In one competition he established a record score of 296 x 300, which has since been equalled by Constable J. H. B. MacDonald of the Canadian Pacific Railway Investigation Department, Ontario.

Last year, to encourage the development of young marksmen a competition was arranged for all owners of light single shot and repeating rifles. The competition met with an immediate response and since its inception over 640 sporting rifle clubs have been formed and over 5,000 members enrolled.

Bounding Basque is Still in Limelight

PARIS, April 7—Jean Borotra and Jacques Brugnon, mainstays of the French Davis Cup teams during the past few years, were named members of the 1936 team by the French Tennis Federation committee today. Other members of the team are Christian Boususs, Marcel Bernard, B. Destremau, M. Martin-Legeay and Jean Lesur.
