SOCIAL HAPPENINGS

CANADIANA

Mrs. C. C. Jones entertained at a
charming drawing-room tea at the
University of New Brunswick yester-
day for Mrs. S. A. MacDonald or
Charlottetown. Mrs. A. C. Porter
presided over the tea-cups. Mrs. Mac-
Donald is spending a few days in the
city following her attendance in Saint
John as delegate at the King's Daugh-
ters Convention.

A meeting of the Sigma Lambda
Beta Rho Society of the University
of New Brunswick took place last
evening in the Beaverbrook building
at which it was decided to hold a
dance some time in March.

On Wednesday evening, Miss Flo-
rence Russell entertained the staff of
the Canadian Stores, Limited and
their friends. The party drove to
the home of Mr. and Mrs. Benjamin
Close on Hanwell Road where skiing,
tobogganing and cards were enjoyed.
The party drove back home in the
early morning hours and all expressed
themselves as having a splendid time.
At twelve o'clock all at down to a
sumptuous supper and the table was
loaded with all manner of good things
to eat. Miss Russell was assisted in
serving by her mother, Mr. Harry Rus-
sell and Mrs. Close.

Y.M.C.A. Gymnasium Club
Last evening an organization meet-
ing was held in the gymnasium of the
Hebrew Synagogue for the purpose of
starting a gymnasium club. Ross Kerr,
who is chairman of the committee in
charge of this phase of the Y.M.C.A.
activities in Fredericton, convened the
meeting. General Secretary Ralph Al-
brant presided over the meeting which
was called for the purpose of electing
officers and making plans. Fifteen
young men attended and elected the
following officers: president, Stewart
MacMillan; vice-president, Ron Men-
zies; secretary-treasurer, Frank Bud-
vitch; press agent, Vernon Box. It was
decided to expand the class and to
start work immediately on gymnasium
activities which will include mat work
and exercises on the horizontal bars
and vaulting horse. The plan deter-
mined upon is to hold at least two
training classes a week and to present
a public exhibition in the spring.

The W.C.T.U. of Marysville met last
evening at the home of Mrs. G. B. Ful-
lerton with the president, Mrs. E. A.
Dunlap, in the chair. The Scripture
reading was given by Mrs. Horace
Pond. Mrs. Frank Gereau offered pray-
er. Mrs. S. J. Hallett gave a Bible
reading from portions of the Scrip-
ture. The meaning of sin and its cure
was found in the observance of God's
law. Mrs. W. Stetdman Smith arrang-
ed an informal debate on the obser-
vance of the statute laws. The laws
discussed were especially the anti-to-
bacco law, the anti-gambling law and
the liquor law in relation to the motor
traffic. Afterwards the hostess served
delicious luncheon of tea and cake.

Damage \$6,000 in Three More Fire Outbreaks

(Continued from Page Eight)
originated. Ernest Wadlow, janitor
of the building, had looked at the
furnace about 8:30 and had found every-
thing to be in good order. At about
9:30 A. M., Miss Hepsey Willis, who
is employed in the DeLong store,
thought she smelled smoke, but when
the cellar was investigated by Mr.
DeLong he found nothing there in
the way of a fire, he said.

A little over an hour later when
Mr. Dougherty was going into his
office he was faced with a thick wall of
smoke and hastily ran to the box
and rang in the alarm. The firemen
arrived at 10:40 o'clock and had the
fire under control shortly after run-
ning three lines of hose into the build-
ing and cellar. All merchandise that
was within reach of the salvage corps
was moved to the street, and all office
equipment that could be moved from
the upstairs offices was taken to the
street also.

Mr. Dougherty thought that the
damage to the building and offices
would exceed \$1,000 while Mr. Boyd
thought his damage would reach \$1-
000.

Firemen Overcome

Douglas Scammel and Glenwood
Kitchen, were overcome by the heavy
smoke when they first entered the
building, and for a time their condi-
tion was thought serious. They were
both carried out of the smoking build-
ing unconscious. Clem Toner, another
fireman, received a bad cut over one
of his eyes when he was struck by a
flying board. About an hour after the
alarm had been rung the alarm again
sounded signalling the "all out". The
firemen were commended highly by
the occupants of the building for their
prompt work in getting the fire under
control.

Hon. Dr. Hanson, the owner of the
building, who is wintering in St.
Petersburg, Florida, was notified by
wire shortly after the fire was out.
This is the second time that the same
law firm has been forced out by fire,
having moved into this building in
1923 after they had been forced out of
the Chestnut building by fire.

The following is a contribution from
Vivian Hawkins, eight-year-old daugh-
ter of Mrs. C. R. Hawkins:

KING GEORGE THE FIFTH
Our gracious king has passed away.
The new king was appointed today.
His reign of 25 years.

Has sent the Empire a pool of tears.
It was the middle of the night,
When the beloved king lost his life.
The soldiers of the palace fled,
To tell that the king was dead.
Every message was sent,
To each house and tent.

The only thing that I can say,
Is, every house did weep and pray.

VIVIAN HAWKINS.

Annual Meeting

The annual meeting of St. Mar-
garet's Chapel of Ease took place last
evening. Reports were read from the
president, vice-president and treasur-
er and showed the finances to be in
good condition. Reports were also
read as follows: Choir Association,
Mrs. Alice Cogswell; Sunday School,
Mr. J. D. Logan; Sewing Circle, Mrs.
Fred Gamble; A.Y.P.A., Viola Mills
and Elvin Blizzard; St. Margaret's
Players, Mrs. Alice Cogswell; Chapel
Warden showed the building in good
condition. The election resulted as
follows: Geo. S. Hara, president; Fred
Gamble, vice-president; Fred Rankine,
secretary; treasurer and rector, Ven-
erable Archdeacon A. F. Bate. Rev.
W. J. Bate was present and pro-
nounced the blessing.

Children's Concert

A large and enthusiastic audience
greeted the children at St. Andrew's
church hall last evening at a variety
concert. The programme consisted of
action songs, recitations, clapping
songs, special mention being made of the
Japanese Love Song in which the
children in costume drew much ap-
plause. During the intermission candy
was sold, the proceeds of the evening
amounting to over forty dollars. Rev.
Dr. Geo. E. Ross, minister of St.
Andrew's church, was chairman of the
evening. Those in charge of the con-
cert were Miss Nellie Winters, Miss
Mary MacAdam, Miss Margaret El-
liott and Miss Mary MacVey.

Those taking part included: Doris
McNaughton, Dorothy McConaghy,
Helen Pulsifer, Mabel McConaghy,
Gloria Draper, Eva Mittle, Florence
Sussey, Dolores Lyons, Nancy Mc-
Nair, John Dunn, John Covey,
Donald Moore, Kenneth Burgess, Wal-
ter MacAdam, Gerald Nason, Harry
Boone, Bobbie Howie, Billy Stuart,
George Hamill, Alfred Hamill, Helen
Shaw, Aileen Sussey, Shirley
Shaw, Patty Shannon, Mae Mc-
Conaghy, Frances Pulsifer, Joyce
Lyons, Annie Lyons, Kathleen Cris-
low, Florrie Hamill, Dorothy Moore,
and Eleanor Shaw.

No Settlements Along New Road, Says Mr. Pirie

(Continued from Page Eight)
probably during the coming session
of the Legislature.

It is stated by those in a position to
know that the opening of new settle-
ments along the new highway opened
between St. Leonard's and Campbell-
ton resulted in much valuable lumber
being destroyed by the new settlers,
and as a result the province lost mil-
lions of dollars. Hon. Mr. Pirie did
not refer to this but others in a po-
sition to do so have pointed this out.
This may be one evil which the pre-
sent Minister of Lands and Mines
wishes to avoid although he does not
so state.

There is another report that a
Dominion National Park may be es-
tablished along this route but there is
nothing definite yet announced any-
where regarding this matter.

'Grape' Cottage, owned by the Misses
Beverly, and one of the most beau-
tiful private residences in the city, came
near to be razed by fire early this
morning, when fire started in the
shed of the building. The fire origi-
nated in an ash barrel and the flames
and smoke soon mounted to the top
of the shed, burning through and mak-
ing the blaze seem more dangerous
than it was. The firemen were able
to keep the flames from reaching the
cottage, and the damage is not very
much. The fire blazed out at seven
o'clock and was rung in from box 25.

The firemen fought the blaze for
three quarters of an hour before it
was finally extinguished.

Fire which broke out at the re-
sidence of Gordon Rossborough on
Woodstock road last evening also or-
iginated in the shed of the building.
The main building was only slightly
damaged.

The spread of the flames to the ad-
jacent buildings of the Rossborough
home was averted by firemen by
prompt work. The entire double wood-
shed was burned however. The Ross-
borough home is a double tenement
and occupied by two families.

The Rossborough fire broke out at
six o'clock last evening and was rung
in from Box 8.

ANNUAL MEETING S.P.C.A. WITH GOOD REPORTS

Miss Beverly's Devo-
tion to Cause to Be Re-
cognized in Some Tan-
gible Way in Near Fut-
ure — Reports for the
Year.

The annual meeting of the Society
for the Prevention of Cruelty to
Animals took place yesterday after-
noon at the city hall with the pres-
ident, George H. Clark, in the chair.
All officers were re-elected, and one
change was made in the board of
directors, Mrs. Harriet Curtis being
named in place of Mrs. Harry W.
Woods, who has moved from the city.

Miss Jeannette Beverly gave a
comprehensive report of contribu-
tions to the work and of activities of
various kinds which have needed her
attention throughout the year. Miss
Jean Hodge was named assistant sec-
retary and a committee was appoint-
ed to consider plans for some tangible
form of appreciation of Miss Bev-
erly's devotion to the cause, possibly
a fund which shall enable at least
some part of the work to be carried
on year after year in time to come.

Dr. G. C. McCoy, the Society's agent
and veterinarian, gave a very
complete report, showing vigilance and
also pointing out the advantages of
combating certain evils not by force
but rather by appealing to people's
reason and sense of fairness. Resolu-
tions of appreciation of his work, as
well as that of Miss Beverly's, were
passed and are to be entered on the
minutes. The Society's endeavors are
by no means confined to the city but
to sections of the surrounding country
many miles away, and more good work
is accomplished in an unobtrusive
way than the average citizen realizes.
Co-operation from city firemen,
city police, R.C.M.P., and from C. N.
McCarthy also is appreciated.

Old Times Recalled

The Calithumpians

Many old timers of forty and fifty
years ago, especially those who lived
"across the river" will be interested
in reading of the conditions which ex-
isted in the present town of Devon in
those old days. Mrs. Susan Squires
has written a very interesting paper
dealing with these conditions. This
paper The Daily Mail will publish
from day to day, at the request of
several members of the York and
Sunbury Historical Society.

REMINISCENCES OF EARLY ST. MARYS

(Continued)

The boys did catch smelt in the
spring when the water was high and
they sometimes chopped holes in the
ice and caught cusk. Shad and salmon
were plentiful and occasionally some-
one would catch a big bass. Three
men, who worked for Walter Mc-
Farlane half a lifetime in his black-
smith shop and hames factory, used
to go shad fishing almost every night
during the season, when they were
young men. They were Albert Boone,
Jerry Fleming and Jack Hall. They
had two boats and there would be a
forth man along. The nets had big
wooden corks or floaters along one
side and sinkers on the other. One
man would play out the net and let
it float down stream with the cur-
rent and the shad would get caught
in the meshes as they swam up
stream. In the daytime the nets were
hung up to dry on big wooden
horses in Tommy Staples' lane and
Mrs. Margaret Boone mended the
tears in them. This lane (McKeen
Street) was a long green stretch
where cows grazed, boys played two-
base baseball and big flocks of geese
wandered to and from the river, but
nobody interfered with the nets.
Sometimes the men fished nearly all
night and we could get a shad in the
morning and have it for breakfast
and it was worth eating. It wasn't
like the fish the old Scotchman said
"had seen a deal of the world after
it left the water." The boys also
caught eels and when they caught a
particularly large one they took it
around to Grandpa Haines and he
would give them ten cents for it, for
he liked eels.

Johns-Manville Asbestos Roofing

can be put right over your old shingles. Are you satisfied that your
roof is adequately protecting your home and your investment in it,
from the ravages of time, weather and fire? If not, let us explain
how you may have greater protection from roof fires and more in-
surance against roof repair expense.

Johns-Manville Rook Wool Home Insulation

A special grade of Banroc (rook wool) for retarding heat flow
through walls, ceilings and floors of homes. Type B insulation is
easy to install, reduces fuel costs and prevent heat from escaping
to the roof, thereby forming ice.
