WINNERS OF PRIZES AND HONORABLE MENTION IN OUR COOKING CONTEST

The following is the recipe for heart cakes entered by Mrs. Thos. L. Kane in The Daily Mail Cooking Contest and which won honourable mention at the last weekly judging:

Heart Cakes

Sponge cake recipe:
6 eggs
1 cup sugar

1 cup flour
1 tablespoon lemon juice.
Beat white of eggs and yolks separately, then bake in slow oven. Cut sponge cake with heart-shaped cutter and fill with lemon filling, then ice and roll in coconut and decorate any color.—Mrs. Thos. L. Kane, 662 Charlotte Street.

HOW BRIDE SHOULD EQUIP A NEW HOME

Marjorie Mills Supplies a List of All the Things Necessary to Establish a Home Having in Mind the Appointments for Each Room

In answer to many requests from brides-to-be who are going into house-keeping with little or no experience as to just what's what in the line of pots and pans, dishes and gadgets, we are reprinting the list of equipment for a new home. Of course, the list may be enlarged upon, or condensed here and there, depending upon one's budget and upon the sort of household planned—much entertaining or little—a "one-room-and" or a large apartment. We hope, however, you'll find the suggestions helpful—they're practical, at any rate.

Minimum Set of Silver

10 teaspoons, 8 dinner forks (optional), 8 dinner knives, 8 butter knives, 8 breakfast forks, 8 breakfast knives, 8 individual salad forks, 8 cream soup spoons, 8 orange spoons (optional), 1 cold meat fork, 3 serving spoons, 1 butter knife, 1 sugar tongs, 1 gravy ladle, 1 pickle fork.

Dining Room Linens

Both damask tablecloths and linen sets will probably be needed, with napkins to match, so that the quantity of each required will depend upon whether one is used more than another. One dozen napkins or more for each person will be needed as a regular supply, with an additional supply to meet entertaining needs. Be sure and measure your table before selecting tablecloths both as used for the family and extended for guests. A silence cloth or table pad to fit table for everyday use and a larger one for the extended table should be included in linen supply, also asbestos mats for protecting the table. Bridge table cov-

MOTION TO HAVE PARISH ASSESSED FOR 25 P.C. MORE DECLARED INVALID AT COUNCIL

Much Discussion is Caused in County Council By Motion of Coun. W. J. Gaynor to Have Assessment Changed

A motion to have the York county council give authority to the county secretary treasurer to 'assess the parish of Douglas 25 per cent more than it has been assessed for, was laid on the table at yesterday afternoon's session of the York County Council until such time as the county solicitor has discovered whether the motion is valid or not. The motion was made by Councillor W. J. Gaynor of McAdam, in support of his suggestion at a former meeting that parishes assess for the amount of indebtedness rather than for valuation.

Much discussion followed Councillor Gaynor's motion and, although the motion was amended by Coun. James Barry to reduce it to ten per cent and further amended by Councillor John Doherty to strike out both the 25 per cent and the ten per cent, no action could be taken on the matter until it was found whether or not the original motion was valid.

The reports of several committees including the administration of Justice committee, were accepted before the Council adjourned.

Warden Howard Cameron appointed the committee to consider the change in the tax collections as follows: Councillors Dr. B. W. Robertson, Harry Morrison, J. Victor Norrad, Grotis Gould and Fred Young. Coun. C. L. Grant, Southampton, thought there would not be much of a saving in appointing two collectors on a salary. If they were paid \$1,500 a year that would only mean a saving of something like \$100 as the cost last year was \$3,142. The committee will investigate and report at the July session.

Coun. Robertson read the report of the administration of justice committee which showed a total cost of \$7,567.72 with the county paying \$4,702.10 and the city of Fredericton \$2,865.62. The city pays one third of all costs except the maintenance of the jail for which it pays 50 per cent. The report follows:

| | City | County | Total |
|--------------|----------|----------|----------------------------------|
| Constable | | | |
| Fees | \$ 21.00 | \$ 42.00 | \$ 63.00 |
| County Court | | | |
| House | 569.35 | 1,138.70 | 1,708.05 |
| County | | | |
| Jail | 1,029.18 | 1,029.18 | 2,058.36 |
| Misc. City | | | |
| & County | 578.35 | 1,156.72 | 1,735.07 |
| Sheriff | 312.33 | 624.66 | 936.99 |
| Witnesses | 93.18 | 186.37 | 279.55 |
| Juries | 262.23 | 524.47 | 786.70 |
| | | | \$2,865.62 \$4,702.10 \$7,567.72 |

Fred Seymour, Nashwaaksis, former councillor addressed the council briefly. He congratulated the warden on his devotion to the office of warden. He thought that one great problem to the county was the collection of taxes.

Coun. Hiram Manuel, chairman of the public accounts committee read the report of the committee which was adopted.

Coun. Gaynor read a letter of thanks from Mrs. Matthew Briggs, widow of the late Coun. Matthew Briggs, and family expressing their appreciation of a letter of condolence sent to them by the council.

It was moved and seconded to have the new assessments for the parishes presented to the council this morning. Coun. Gaynor moved that the secretary treasurer be empowered to add 25 per cent to the assessment in the parish of Douglas.

On motion by Coun. Norrad and seconded by Coun. Wright it was requested to strike the addition from 25

ers, with napkins to match, the supply depending on the entertaining needs.

One or more buffet scarfs may also be desired for buffet service. Paper napkins, plain or fancy, are a convenience. The correct sizes for dinner and luncheon napkins must be considered. Fancy dinner napkins which match lace or embroidered tablecloths are usually 20 to 22 inches square, whereas the damask napkin for dinner is usually somewhat larger, 22 or 44 inches square. The luncheon napkins should be about 14 inches square although some brides may wish to include a supply of 18-inch napkins for midnight or Sunday night suppers or large informal luncheons. When purchasing your supply of napkins, do not forget the tiny napkins of 7x7 or 5x7 inches for serving before dinner hors d'oeuvres, cocktails, etc.

per cent to 10 per cent. Coun. Doherty moved an amendment to the amendment that both the 25 per cent and the ten per cent be struck out of the original motion. It was requested to have the secretary-treasurer come and explain the idea to the council, but Coun. Doherty thought it was time the councillors did something for themselves and stopped depending on the secretary-treasurer to explain things to them. He said they were paying the solicitor for that.

Coun. Gaynor explained that the addition of assessment was merely meant to create a sinking fund for each parish's indebtedness. Councillors Doherty, Barry and Grant thought that each parish should look after their own assessment.

Coun. Gaynor did not think that the parishes who assess for direct relief and are not in the hole should carry the parishes which under-assess their ratepayers.

Coun. Manuel agreed that parishes should not have the power to set the assessment of the other parishes.

Coun. Estey thought an effort should be made to collect the delinquent taxes rather than add to the tax burden of those who do pay their taxes.

Coun. Robertson believed that if all parishes took the attitude that those receiving relief should earn it, there would be less relief. He thought the

relief system was wrong. He did not think a relief officer should be paid on a commission basis because he would naturally tend to hand out liberally in order to receive more. He did not believe the government should appoint a relief officer, but that the councillors should look after their own relief as they did before the relief officer was appointed.

Coun. Doherty thought that the people were being taxed too much now and that if the council practiced some economies there would be no need for such an addition to be made to the assessment.

The question of the validity of the original motion was laid on the table until today.

EASTPORT, Jan. 10—The suspension of work for hundreds of the 5,000 men employed on the \$36,000,000 Quoddy tidal power project last night threw the towns of Eastport and Lubec into confusion.

Army engineers on the job gave no official figure on the number released from their jobs. It was believed in some quarters that those affected might total 75 per cent of the total

number on the job, but army officials denied this was likely.

At Washington, Lieut.-Col. Phillip Fleming, in charge of the project attributed the reduction to the fact that the project was "getting down to winter status."

1600 homes could have had a month's Refrigeration

Think of it! Enough EXTRA ELECTRICITY at NO EXTRA COST to provide a month's safe, healthful refrigeration for 1600 families was not used during the first 8 months the new electric rates were effective. This EXTRA ELECTRICITY was for use at no cost or obligation. It would have cooked a month's meals for 645 families and done a hundred other big jobs. Don't waste the Extra Electricity you get at No Extra Cost. Put it to work. Bring more comfort and more leisure into your home.
