## Unwanted Baby Buggy Back After Murder Scare

PROVIDENCE, R.I., July 9—It took a great deal of pumping, but police and firemen finally got the truth—and the Russos' unwanted baby carriage.

Thus, Mr. and Mrs. Eugenio Russo were put today again to the task of figuring how best to rid themselves of the persistent perambulator.

Eleven-year-old Charles Gallagher precipitated the fuss when he reported seeing a man throw a carriage, baby and all, into a pond.

What to do but pump the water out of the pond?

Firemen swung into the task with zeal and Monday night had removed thousands of gallons of water, bringing the pond level down to three feet.

Wary, they found the baby carriage all right—but no sign of a baby.

Mr. Russo heard about all the excitement, went to the police station and reported he had thrown the carriage into the pond, but most emphatically there was no baby in it.

He said neighbors had been remarking on the age and condition of the carriage. He and Mrs. Russo decided it must go.

"Don't throw it on the dump," Mrs. Russo counselled, or "somebody will bring it back here."

He chose the pond but it might as well have been the dump.

## Annual Output Of Gold Is Seen at 200 Millions

SAULT STE. MARIE, Ont., July 8—Hope that in another five years Canada's annual gold production would reach \$200,000,000 was expressed here tonight by Hon. T. A. Crerar, Dominion Minister of Mines, who, with Hon. C. D. Howe, Minister of Railways and Canals, addressed the Sault Board of Trade on the eve of a trip to the mining areas at Michipicoten and Gaudreau.

Gold production in Canada last year amounted to \$116,000,000, said Mr. Crerar, while total value of the nation's mineral production, including both base and precious metals, was \$222,000,000.

Mining development in Ontario is helping to bridge the gap between Eastern and Western Canada, he said, after being introduced by T. E. Simpson, formerly Chief Whip of the Conservative party in the House of Commons.

While he ranked agriculture first among Canadian industries, in another ten or fifteen years, or perhaps sooner, mineral production might surpass it, Mr. Crerar said.

The United States-Canada trade pact was doing more than anything else to increase traffic on Canada's railways, said Mr. Howe, who predicted a good year for transportation agencies.

Freight and traffic had increased, he said, while prospects of a good wheat crop in the West were encouraging.

Next to the trade pact, he placed the mining industry as a factor in increasing railway business.

## Tourists Ask Queer Questions

TORONTO, July 8—American tourists in Canada for the first time sometimes ask queer questions. Two of the queerest were asked yesterday at the Tourists' Information Bureau on the Lake Shore road, near the Humber.

On being offered some Canadian stamps with which to mail the postcards he had just bought, a portly and bumptious gentleman wanted to know why he could not mail them with United States stamps—"since that's where they're going."

Another tourist, timid and suspicious, wanted some advice about letters. Should he seal the envelopes? Would the censors at the border tear them open to examine their contents? he seemed very anxious.

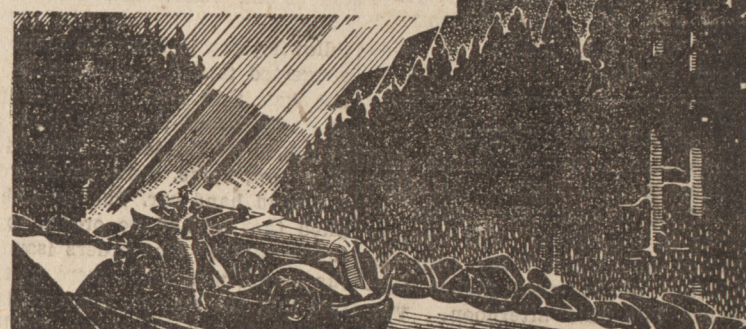

There were also several who, having got as far as Sunnyside, thought that seeing the Dionne quintuplets was merely a matter of walking a few blocks.
