

## News Briefs

### SHOWING IMPROVEMENT

The condition of Howard Young, proprietor of the York Hotel, who is a patient at Victoria Hospital, was reported to be improved today. It is expected that Mr. Young will undergo an operation this afternoon.

### BOARD OF TRADE MEETING

A meeting of the Fredericton Board of Trade will be held on Wednesday evening, August 5 in the new tourist bureau building on the Woodstock road at eight o'clock. Several matters of importance will be dealt with.

### 83-DEGREE TEMPERATURE

The capital city and this part of the province experienced an 83-degree temperature on Sunday, which proved to be the warmest day for several weeks. Many citizens motored to the various lakes in this part of the province for the day.

### FIRE IN BEDROOM

A fire in the bedroom in the house on King street occupied by Mrs. Mary Galloway, called the local firemen out on Sunday evening at six o'clock. The fire, thought to have started from a cigarette, burned the mattress, and some wearing apparel before it was put out.

### GOOD RUN OF SALMON, GRILSE

Hart's Island Pool is the mecca of many fishermen these days, many of them non-resident. At the present time there is an excellent run of salmon and grilse at the Pool. The present is the full-moon run of salmon and many good catches were made over the past weekend.

### DIED AT TRACY

The death occurred at his home in Tracy on Sunday of David William Mowry, at the age of 66 years. He had been ill only a short time. Deceased was well known and had many friends who will learn with keen regret of his death. Surviving is one son, Frank Irvine Mowry, of Tracy; two daughters, Mrs. Roy Spragg and Mrs. Lyman Purze of Saint John; and also one sister, Mrs. Annie Phillips, of Kingsclear.

### TRIP TO NORTHERN CANADA

David Sinclair, retired C.N.R. engineer who has resided in this city for the past several years, left today on a six weeks' vacation trip by rail and steamer to James Bay and the Hudson Bay district. Mr. Sinclair who is an inveterate traveller, visited Alaska and the Yukon last year, and he has been several times on trips to Europe. Mr. Sinclair has been staying with Mr. and Mrs. A. C. Fleming, Charlotte street. Mrs. Fleming is his sister.

### HOT WATER HEATING

Heating by means of hot water is an invention of the ancients, according to D. J. Shea, plumbing and heating contractor of Fredericton. One of the Roman philosophers wrote that Roman baths were warmed by water flowing through pipes which ran through beds of live coals. When the Roman civilization was destroyed by the barbarian invasion, hot water was forgotten.

The next mention of it in history came in the year 1777. In that year M. Bounmain, a French scientist, announced hot water heating as a new, and his own, discovery, when it was used in the heating of the hothouses of the Jardin des Plantes in Paris. Thirty-nine years later, in 1816, the Marquis de Chabonne introduced such a heating system in England. From there it spread to Canada and then to the United States.

## ADULT EDUCATION TO BE INTRODUCED IN NEAR FUTURE

Provincial Government Now Making Study of Problem

Change in U.N.B. Course Co-operative Movement Also Being Studied; Govt. Progressive

Adult education leading to and featuring the Co-Operative Credit Union Movement will likely be introduced into our school system within the very near future. It is receiving the sympathetic study and consideration of several members of the provincial government who have progressive ideas and who have made a study of the situation as it exists in other places. Hon. J. B. McNair, K. C., attorney general, a graduate of the University of New Brunswick, and a Rhodes Scholar of distinction, is in entire sympathy with the movement as is also Hon. A. A. Dysart, J.L.D., premier of New Brunswick, and several other members of the cabinet.

John McKnight, son of Ald. Ivan McKnight and president of the U.N.B. student Christian Movement, returned on Saturday from a two months' visit to Southern New Brunswick and Nova Scotia. While in Nova Scotia Mr. McKnight in company with Rev. John Copp and Mrs. Copp made an exhaustive study of the Co-operative Credit Unions as they exist in that province. Both Rev. Mr. Copp and Mr. McKnight visited Rev. Dr. Cody of St. Francis Xavier College, and also Rev. Father Tompkins, who are leaders in the work. All the leading business men and clergymen of all denominations have taken up the Co-Operative Movement, as recently sponsored by St. Francis Xavier University. This has spread to most all the towns and villages in Nova Scotia and especially those in Cape Breton, and has resulted in a large measure of improvement in the economic conditions in these communities. In Nova Scotia the Co-Operative Movement has been found to be a distinct check on Communism.

It is understood that the provincial government which is making a thorough study of the matter will shortly introduce into the school system of

## Possibility of Special Sitting For Bannister Appeal

Possibility that a special sitting of the New Brunswick Supreme Court to hear the new appeal of Daniel Robert Bannister, convicted of the murder of Philip Lake at Pacific Junction and sentenced to hang on September 23, will be held, was intimated here today by Hon. J. B. McNair, K.C., attorney general of the province.

It was at first reported that the new appeal will be heard when the Appeal Court sits on September 8, and that argument would be presented at that time. The reason for a special sitting of the Supreme Court would be to clear the case up. The matter of whether to hold a special sitting will be decided within a few days it is expected.

The Bannister appeal has been filed with the registrar of the Supreme Court by H. Murray Lambert, of Moncton, counsel for the youth. The defence claims five grounds, which contend the trial judge was in error in charging the jury on three matters and in error also in admitting evidence which detailed the injuries of Bertha Ring, Lake's wife, and Jackie Lake, their son, as well as submitting that the verdict was contrary to the evidence. Bannister was convicted on July 6 of the murder of Lake in Westmorland circuit court before Mr. Justice Fairweather and jury. At the previous trial before Chief Justice J. H. Barry and jury he was convicted but on appeal was granted a new trial. Arthur William Bannister, a brother, convicted of the same murder, is scheduled to be hanged on August 20 in the Westmorland county jail. He appealed his conviction but the appeal was not allowed.

The Bannister cases have already cost the province in the vicinity of \$20,000 or more.

## Tourist's Auto Leaves Highway, Tragedy Averted

When their automobile left the highway yesterday, three Attleboro, Mass., people narrowly escaped death. The car in which they were driving left the highway and crashed through the wire railing of a bridge about 25 miles above this city on the Woodstock road. The three in the car were Sinclair Patterson, the driver, Mrs. Patterson, and Mrs. Emma MacLeod, Patterson's sister. All escaped with only a bad shaking up. R.C.M.P. who investigated found that one of the front wheels of the machine had struck a hole in the road, putting the car out of control. The car was dangerously hanging on the brink of a 15-foot gully, only partially supported by the wire fence, when the police arrived.

## Dust Menace Causes Collision; Another Car Burns

A number of motor accidents occurred over the weekend to holiday makers. The automobile owned by Percy Graham of Devon caught fire near Nashwaaksis last night. The upholstery and fixtures were completely demolished although the engine was not damaged. It is thought that the fire started in the rear of the car, although the gas tank was unharmed. The windows were blown out and the top was completely burned off. The car was towed into the city this morning.

Arthur Morgan of Marysville, an employee of Phillips and Pringle Ltd. collided with a Mr. MacAleese of Clarendon in the Geary woods yesterday and damaged the rear mudguard. MacAleese's car was damaged in the front part. Neither party received any injuries. Arthur Morgan said the cause of the accident was poor visibility due to huge clouds of dust arising from soft earth where there is some road work being done in that section.

An automobile from Massachusetts and one from Minto collided on the Ridge road between Newcastle Bridge and Chipman. The occupants were badly shaken up and it was necessary to take several stitches in the head of one of the party. Frank Gogan of Minto took ten injured ones to a doctor.

### APPLICATION DATE

Applications for Beaverbrook scholarships must be in the hands of the secretary of the committee, S. Dow Simmons, of this city, not later than August 20, it is announced today. Forms of application may be had from the secretary.

## OBJECTION TO SANCTUARY AT WILMOT PARK

Citizens Expected To Oppose Idea of the City Council

Courtesy To Taxpayers Bus Service and C. N. R. Bridge Matters For Discussion

A delegation of citizens will, it is understood, appear before the city council at the monthly committee meeting this evening with the idea of objecting to the placing of beaver, and other animals, in Wilmot Park. It has been proposed to form the nucleus of a zoological garden in the park and to add to it from time to time. This is thought to be a very popular movement but some of the uptown citizens are objecting to it being situated in the west end of the park because they claim that even with the best of care that disagreeable odors are liable to be objectionable to the residents in the vicinity of Rookwood Avenue. At the same time it is thought that there is plenty of room in the park to locate these animals so that there will be no odor from them that would reach residential portions surrounding the park.

In places of any size zoological gardens have been established and have been found to be most educative and popular.

Ald. F. S. Mundle informs The Daily Mail that he will bring up the matter of those serving tax bills, etc., on citizens, using proper courtesy and gentlemanly methods in such service. It has been claimed that citizens are being subjected to discourtesy which is absolutely unnecessary in connection with the service of these tax papers.

It is understood that the matter of the Highway Transport Company dropping passengers in Devon and Marysville and also taking on passengers may come before the council. It is claimed that where the Capital Transit, Ltd., have been prevented from taking on and letting off passengers in Devon and where they have the exclusive franchise in this city, it is only fair that their interests should be protected.

Mayor G. Willard Kitchen is out of the city today and is expected to return this evening, but it is learned from some of the aldermen that the matter of the C.N.R. bridge may be discussed, in view of certain information received recently from Ottawa.

AUSTRALIA—Sir Frank Cavan Duffy, Chief Justice of the Commonwealth of Australia, from 1931 until 1935, died, aged 84. He was a Justice of the High Court of Australia from 1913 until 1931.
