HISTORICAL SELF-STARTER IS EXHIBITED HERE

NEW YORK, Dec. 2.—Heralding the twenty-fifth anniversary of the development of the self-starter, one of the original electric self-starters invented twenty-five years ago by Charles F. Kettering, president of General Motors Research Corporation, which marked a turning point in automobile history, has just been placed on view in the automobile section of the New York Museum of Science and Industry in Rockefeller Center.

The exhibit consists of a control switch, battery and combined starting motor and generator unit, the battery and control switch being part of the first production order placed by Delco for use on a 1912 model Cadillac as developed by Mr. Kettering.

Magistrate—Did you have an assistant in this robbery?

Prisoner—Yes, I did, but I had to dismiss him—he was dishonest.

BOY SCOUT NEWS

The great world gathering of Boy Scouts to be held next summer in Holland will be divided into eight sub camps, in each of which every country taking part in the Jamboree will be represented.

Boys of every religious creed and caste will attend the great World Jamboree to be held next summer in Holland. Preparations already are in hand for all forms of religious observance.

"This is a moat," said Guide McAdam, who was showing a party about an old castle. "Now would anybody like to ask a question?"

"Yes," replied inquisitive Tourist Falgar. "I want to know how anybody could get one of them things in his eye?"

Do You Know How to Powder, Rouge?

How do you powder? Does your powder seem to slip off as soon as you put it on? Or, what is just as bad, does it cake? If so, the trouble is probably with the kind of powder base. For some women vanishing cream is too heavy, and the cleansing cream which remains on the face after cleansing proves a splendid base for powder. Some women, though their number is very small, can do without any cream foundation for powder. However, some sort of a cream base is an almost necessary protection to the skin from the ravages of sun and wind.

Although some women have no trouble with their powder when used alone, when rouge is applied, the rouge and powder seems to coagulate forming a violent cake-like pink. If your rouge and powder are the right shades but the combined result is unsatisfactory, change your methods of make-up, for there are almost as many different ones as there are types of women.

Some women apply rouge first and powder afterwards. Some even put on

a bit of rouge again after powdering. Others find it more successful to completely, by lightly powder the face, then apply the rouge, and on top of their fluff a thin film of powder over the rouge, blending it softly at the edges.

However, whichever method suits you best, here's a hint for the final stage: Take a clean dab of cotton, and fluff out all the powder which seems at all superfluous, being careful to get the bits of powder off your eyebrows and eyelashes.

FOR STUFFY HEAD

Just a few drops of Vicks Vapo-nol clears clogging mucus, reduces swollen membranes, brings comforting relief.

Our Introductory Announcement some weeks ago may have conveyed the idea that this is just another "Fruit Store," yet the response by the public has convinced us that the establishment of a GREEN GROCERY is appreciated so we are very grateful for the patronage accorded us.

In trade parlance today's consumer-demand creates tomorrow's buying market. However, transportation and climatic conditions here oblige us to anticipate early our probable needs and make available to you at all times a FRESH SUPPLY OF FRUITS AND VEGETABLES.

The nature of our business is essentially hazardous and despite our precautions, you can understand how we are impelled to secure only the "Best Quality" and arrange our prices to induce rapid movement of any or all of our perishable commodities.

Quotations submitted here for your guidance are subject to weekly variations, but we would direct your attention to "SPECIAL ITEMS" which will be featured here during the Christmas Shopping Season. Of course it is our pleasure and duty to maintain an efficient FRUIT SERVICE, and with this aim in view we respectfully solicit your valued co-operation.
