which they had given their lives might ever be worthy of that sacrifice.

The American Legion delegation from Maine arrived at 11.45 a.m., headed by a band, and marched to the clubhouse, the band playing appropriate airs. The delegates assembled outside the clubhouse to receive the Maine visitors. At 1.30 p.m., the business session was resumed, and reports of committees were received. C. M. Belyea, of the Carleton branch, gave an address on the Vimy Ridge pilgrimage and was extended a vote of thanks.

Officers were elected as follows: Honorary president, Brigadier-General F. W. Hill, Fredericton; president, E. B. McLatchey, Campbellton; vice president, J. B. Dever, Saint John; chaplain, Rev. R. E. J. Britton, Welsford; Tubercular Veterans' Society representative, M. T. Blacklock, River Glade; Dominion representative to the provincial command, C. B. Burden, Fredericton; executive council, G. D. Winslow, Woodstock; A. T. McLean, Moncton; T. H. O'Brien, Moncton; and Dr. H. L. Logan, Salisbury; auditors, A. T. Weatherhead and T. D. Cameron.

It was voted that the next annual meeting be held at Campbellton.

Hon. Mr. McNair in discussing the problems of the Empire and of our Dominion, referred to Canada's duty to the Empire in case of war. He also referred to Canada's place and its rights under Confederation. Mr. McNair dealt with the present economic situation and stated that without seeking to analyze in detail the present situation he believed that the trends of our immediate days are fast developing into a class struggle. Has not this strife its origin in the failure to distribute among men on a just basis the blessings and advantages which science and invention have made possible. Both these addresses contain much food for thought.

When your Committee on Arrangements kindly invited me to speak at this meeting, I asked for suggestions for a topic. The answer was "Why not speak on war?" Having in mind the part played by you in the Titanic struggle of twenty years ago, and viewing the conditions that now exist across the Seas, where crisis follows crisis with ever increasing speed, it seemed to me there was much point in this suggestion.

During the summer now closing, a great delegation drawn from the Canadian army of yesterday, which won for our Dominion imperishable fame in the Great War, stood again upon the soil of our old ally, France, and witnessed the dedication of a memorial to their comrades who paid the supreme price of victory. Even as they, their mission ended, disembarked upon our shores a fortnight or so ago, it seemed that another war might be imminent. Even yet, no one knows from day to day what may develop from the unfortunate strife that now prevails in Spain.

gees from Germany and Austria, and 4. Demonstrations throughout Britain to protest the government's 'betrayal' of Ethiopia.

The 'underground' campaign against Nazi and Fascist influences in other parts of Europe is supervised, according to the Congress report, by a joint committee of the International Federation of Trade Unions and International Secretariat representatives who "at intervals examine and consider the work that is being secretly carried on."

One proposed resolution calls on all trade ministers to refuse to assist the government either in the armed forces or in the industrial field if attempts are made to enforce conscription.

Facing down shouts of 'airplanes for Spain!' and the calling of a one-hour strike of 230,000 Paris district metal workers, Premier Leon Blum has flatly refused to yield to Communist pressure for an end to non-intervention in Spain.

Before a Socialist mass meeting at Luna Park, the Socialist premier made it plain he was determined that France maintain an attitude of strict neutrality.

Militant socialists, even before the close of his speech, filled the hall with the roar: "Long live Blum!" The premier had been greeted earlier with cries of "Airplanes for Spain!"

Blum also warned the metal workers that their strike, if prolonged, would imperil France's own defence. The strike was called for tomorrow in protest against the neutrality policy.

being no stated maturity date. They are common in other money markets particularly London. The bonds will be callable any time after Sept. 15 1936, on 60 days' notice.

The finance minister also announced it was the government's intention "as soon as the state of the national finances will permit" to establish a general sinking fund "in order to provide for the gradual amortization of the national debt on a scientific basis."

In making his announcement, the finance minister issued the following statement:

New Step in Conversion

The issue of this type of bond marks a new step in our conversion programme and in carrying out the plans which we have in mind for consolidating and simplifying the national debt structure. While new to our domestic market, obligations without stated maturity dates are well known in other markets, particularly in London. A fairly large number of railway issues, including obligations of the Canadian National Railway system, have been issued in London as perpetual obligations. As is well known, the British government has also made extensive and successful use of perpetual securities which have always been a popular and attractive form of security with the British investor."

In order that the small investor may be able to participate in what is expected to prove a popular and convenient issue with a broad market provision has been made for denominations as low as \$100.

Fire Originated in Boys' Camp; Damage \$300

A fire which originated in the boys' camp in the rear of the premises of Edgar McDonald, George St., on Saturday night, burned the ell of the main building and caused damage roughly estimated at \$300. The fire broke out early in the evening and firemen fought the blaze for about twenty minutes. The fire was rung in from Box 16.

Another fire occurred at the store premises of C. H. Burt on Queen street on Sunday evening at about 5.30 o'clock. No damage was done it being mostly smoke.

MAKE NEGOTIATIONS

Negotiations are being made with Mrs. Jennie Calder for the purchase of the two wooden buildings on Queen street adjoining the new Ryan brick block.

"Why are those fellows speeding so?" Asked Miles-upon-the-street.
"Trying to get the new model home Before it is obsolete."

Fifty Years Married

Mr. and Mrs. George Bradley of Nashwaak Village are today celebrating their fiftieth anniversary. They were married at Nashwaak Village on September 8, 1886 by Rev. A. Lucas. The bride of that day was Miss Edith M. McNeill, daughter of the late Mr. and Mrs. Charles McNeill of Nashwaak Village. Mr. Bradley, who is a graduate of the old Collegiate School in this city, has many friends both in the city and county.

St. Anthony's Church, Devon, was the scene of a very pretty wedding on Monday morning, Sept. 7, at 9.30 when Rev. Father W. Donahoe united in marriage, with Nuptial Mass, Mary Lenora, eldest daughter of Mr. and Mrs. Harry Bowlen, and Delbert Charles Nicholls, son of Mr. and Mrs. Alfred Nicholls, of Taymouth.

The ceremony was witnessed by a large number of relatives and friends. Pink gladioli and white asters and ferns were used for altar decorations at the church. To the strains of Lohengrin's Wedding March the bride entered the church on the arm of her father, and looked charming in a beautiful gown of white chiffon velvet made on princess lines, forming a small train. Her veil was held in place by a coronet of orange bolsons. She carried a bouquet of yellow sunbeam roses. She had as her attendant her sister, Miss Eileen Bowlen, who wore tea-rose velvet with turban hat and accessories to match, and carried a bouquet of ostrich plume asters and maiden hair fern.

At the Offertory of the Mass Mr. John LaPointe sang "O Salutaris." During the signing of the register the choir sang "Panis Angelicus." Michael McDonald acted as best man and Joseph Bowlen, brother of the bride, Thomas Dinsmore, Hugh McElligotte and George Deep were ushers.

Summer flowers and sweet peas were used for the decorations at the reception which followed at the home of the bride's parents. The bride's table was decorated with vases of flowers, reflector and silver candle sticks with tall white candles. A three-tier wedding cake, trimmed with silver ornaments and surmounted by a miniature bride and groom, adorned the table. A delightful buffet lunch was served.

Mrs. Bowlen, mother of the bride, wore navy blue triple-sheer, satin-trimmed and wore a corsage of pink asters.

Through illness, Mrs. Alfred Nicholls, mother of the groom, was unable to attend. The groom's gift to the bride was a sterling silver bracelet. His gift to the best man was a silver cigarette case and to the ushers eversharp pencils. The bride's gift from the groom was a cheque.

The happy young couple left on a motor tour of the Maritime Provinces and upon their return will reside at Taymouth. Going away the bride wore a swaggar suit of brown-flecked tweed with beaver trimmings and accessories to match. Out-of-town guests at the wedding included: Rev. Father Williams, Boiestown; Alfred Nicholls and Burla Nicholls; Mr. and Mrs. Hilton Fullerton and Alfred Nicholls, Jr., Taymouth.

The bride has been organist in the church for 10 years. She is a graduate of Fredericton High School and Provincial Normal School.

The bride's bouquet was caught by Miss Frances McElligott.

Pelletier-Cremin

A wedding of interest to many friends in New Brunswick took place at St. Patrick's Church, Montreal, on Saturday morning, Sept. 5th, when Miss Marjorie Nora Cremin, daughter of the late Charles Cremin and Mrs. Cremin of this city, was united in marriage to Joseph Alfred Rosaire Pelletier, son of Mr. and Mrs. Alfred Pelletier of Amqui, Quebec. The ceremony was performed by Rev. Father Sullivan.

The bride was attended by her sister, Miss Esther Cremin, while the groom was supported by Paul Bernier of Quebec City. The bride is a graduate of the Provincial Normal School and holds the degree of B.H.S. from McGill University. She has been on the staff of the Consolidated School at Minto for the past two years. The bridegroom was educated at Laval University, with a Master's degree in Science from McGill. He is on the staff of the Dominion Experimental Station at Ste. Anne de la Pocatiere, Quebec.

After the wedding breakfast at the Windsor Hotel, Mr. and Mrs. Pelletier left for Quebec City and on October 2nd will sail on the Cunard liner "Alaunia" for Europe, where Mr. Pelletier will study at Versailles University and Wales College, Aberystwyth. They expect to return about the first of April.

Mrs. Charles Cremin and daughters Miss Esther and Miss Eleanor Cremin and Mrs. A. Harold Portor, have returned home from Montreal where they attended the wedding of Mrs. Cremin's daughter Miss Marjorie Cremin to J. Rosaire Pelletier on Saturday last. They went by way of the White Mountains and returned by way of Quebec and River du Loup.

James W. Stewart, of Brockton, Mass., and his sister Mrs. Lucetira Bamford, of Newburyport, Mass., are visiting their brother, Leslie Stewart. Mr. Stewart left here for the United States in 1907. He was a former member of The Daily Herald mechanical staff. They are receiving a hearty welcome from their many friends.

Miss Edith MacRae, this morning resumed her duties on the staff of the Fredericton High School, after a year's absence in Toronto, where she took up studies at the Toronto University.

Mr. and Mrs. E. B. Burham and daughter Rachel, who have been the guests of Mrs. Burham's mother Mrs. G. N. C. Hawkins, left yesterday on their return to their home in Windsor, Ontario.

An interesting wedding took place at the home of Mr. and Mrs. John Call, Ford's Mills, Kent county, when their daughter Annie Johnston, was united in marriage to John Alanson, son of Mr. and Mrs. A. C. McNally, McNally's Ferry, York county. Rev. A. I. Higgins, pastor of the Wesley Memorial Church, Moncton officiated. Guests included Mr. and Mrs. Horace Webb, Halifax; Mr. and Mrs. Leland Webb, Campbellton; Mr. and Mrs. Kenneth Brown, Fredericton.

School Days

ince of New Brunswick in 1935 including academic and vocational departments was \$4,527.

There are several changes in the teaching staffs of the schools. Mrs. J. L. Simpson of Grade Five, York street school, has been given leave of absence until January 1, because of ill health, and Miss Mary E. MacVey will succeed her. Miss Helen Young is teaching Grade One, Charlotte street, Miss Gertrude Davis is teaching Grade One of York Street School, Miss Marjorie McCreadie is teaching Grade Two at York street school, and Miss Ruth Hanson is teaching at Morrison's Mills school, primary departments.

P.N.S. Opening

The Provincial Normal School opened today for the fall term, with about 250 student teachers registered. More are expected during the present week. Dr. H. H. Hagerman, principal, said today that the enrollment is less than expected. There are no drastic changes in courses this year. Several members of the teaching staff, who have been out of the city during the holidays, several of them on special educational work, have returned and commenced their new duties today. Major F. A. Good has been on the Vimy Pilgrimage; F. E. McDiarmid has been taking a special course at the Teachers' College at New York, and Major I. B. Rouse has been attending the Canadian Teachers' Association. Prof. Smith has made a social study of folk songs during the summer months. The French class which has been going on for some time under the direction of F. J. Poirier, is continuing with the regular term. There are four students in this department.

The University of New Brunswick will have its opening for the new college year on September 21. "Supps" will commence on September 15.

Man on the Street

(Continued from Page Eight)

it is often possible to wound a deer it is almost impossible to bring one down. The maimed animal wanders through the woods to die or to recover according to the nature of its wound. The short range of the shotgun, however, is a protection to human life.

To pass such laws in this Province would be most deplorable but with the woods being turned into no-mans land during the hunting season some precaution should be enforced.
