At Institute Meeting

Model School in This City

Miss Mabel Logan, a former resident of Marysville, and one-time a teacher in the Model School in this city, is among those who are attending the present biennial sessions of the York-Sumbury Teachers' Institute which commenced this morning.

Miss Logan is at present engaged in teaching children in connection with the French embassy at Washington. D.C. During the past summer, Miss Logan had the opportunity, in the course of her work, to The Synod yesterday discussed take a number of children on a visit to France in the interests of child

> This morning Miss Logan discussed details of her work with a reporter of The Daily Mail and amusingly referred to the children at the various embassies at Washington, who are learning various languages and where there is a natural confusion of tongues in the early stages of teaching the children. The situation often times is very amusing since a child learning Spanish might often tete a tete with a French taught boy or gir with disastrously funny results. Miss Logan expressed herself as greatly pleased with the progress of the Teachers' Institute in this city.

Hon. Dr. W. F. Roberts, is a guest at the Queen Hotel today
