## RELIGIOUS STATUE

MARRED BY VADALS

PARIS, France, May 11—Police last night sought vandals who smeared red and black paint over a "Stations of the Cross" sculpture by Maxime Real del Sarte, president of the banned royalist "King's Frenchmen" group, on exhibit in the religious art show at the Grand Palais.

Car loadings for the week ended May 2 amounted to 47,262 cars as compared with 47,226 in the previous week and 43,196 in the same week of 1935.

## LEFT SIDE OF BRAIN CONTROLS IMPORTANT LANGUAGE ABILITIES

NEW YORK.—The right or left-handedness of a child gives a key to which is the master half of the brain controlling the development of the all-important language abilities, Dr. Samuel T. Orton, of Columbia University, declared in the first of the 1936 Salmon Memorial Lectures at the New York Academy of Medicine here.

Although either side of the brain is capable of assuming charge of the language abilities in an individual, only one side ever actually engages in this task, Dr. Orton said. The other side is either useless or at least unused. And the active side of the brain is always the side opposite to the individual's master hand.

The whole control of speech, reading and writing, and hence practically all communication of an individual with his fellow men is concentrated in this one side of the brain.

The baby at birth starts life with no superiority of either hand or, as far as can be determined, of either side of the brain. He does have an hereditary tendency toward the development of superiority in one or the other side, Dr. Orton indicated.

**Prejudice Against Left**  
"The brain centers which control the language faculty are not open to the influence of training, but the handedness of an individual is," he said. Usually the training is toward use of the right hand because most

adults are right-handed, and also because of a prejudice against left-handedness as revealed in such words as "sinister," and the French word "gauche."

Dr. Orton has found only three cases where right-handed children were trained to use their left hand. "In one, the mother herself became confused in facing the child across the table as to which was the child's right hand, and consistently taught the youngster to use the left, under the impression that she was training the child as a right-hander."

"The other two cases were those of boys trained on the left side by their fathers in an effort to make baseball pitchers of them. Both efforts failed."

Failure of either side of the brain to assume dominance may lead to language difficulties in the children, Dr. Orton indicated. He said: "The existence of a series of intergrades between right and left side preferences in handedness, eyedness and footedness implies that comparable intergrading may exist between the two hemispheres of the brain in those areas which control language, thus giving rise to developmental disorders. The striking concurrence of left-handedness, of motor intergrading and of various types of language disorders in certain family stocks, strongly support this assumption."

## ENGLISH GIRLS TO CARRY ON SUNDAY SCHOOL WORK

(Special to The Daily Mail)  
MONTREAL, May 11—On their way to the Canadian West where annually a group of English girls carry on Sunday school work by means of caravan, 23 British women arrived here yesterday morning in the Canadian Pacific liner Duchess of Richmond. The party, headed as usual by Miss F. H. E. Hazell of Penrith, England, will be joined in the east by ten Canadian workers—three from Montreal, two from Toronto, one from Ottawa and one from New Brunswick. Three British Columbia girls will complete the complement for this year's work.

The caravan mission association, Miss Hazell said to reporters who met the Duchess of Richmond yesterday morning, will have 19 Sunday school caravans in the field this year. This is an addition of three new caravans and makes possible an extension of the work amongst outlying settlements in the west. Two of the former vehicles have been replaced during the winter. With them the party arriving yesterday brought 95 bags of clothing for distribution amongst the needy. Headquarters points will include Winnipeg, Brandon, Regina, Prince Albert, the Peace river, Vernon, Nelson and Vancouver.

## FRENCH RUGBY CLUB BEATEN BY PRINCETON

NEW YORK, May 11—Employing a football player at left wing and another on the forward line, the Princeton Rugby team completely outclassed the French Rugby Club in Central Park yesterday, scoring four tries and making three conversions for an 18-0 victory.

Jim Salsich, a guard from the Tiger football squad, broke away from scrimmage in front of the French goal in the first five minutes of the game and carried the ball over in a dribble rush, after which he converted. Princeton was then stopped temporarily and the remaining time of the first half was spent in fruitless rushes up and down the field.

With the opening of the second period, however, the superior passing and fleet footwork of the collegians began to tell and Bob Groel, second string football quarterback for Nassau, crossed the goal line three times twice on brilliant broken field runs following a series of passes that carried him well into the open. On the third the ball came to him out of a scrimmage and he ran forty yards without a hand being laid upon him. Salsich missed one of these conversions but split the goal posts with the other two.

## HOOF PRINTS

Due to the lack of a Grand Circuit meeting in the week beginning September 13 the twelfth Reading Futurity for three-year-old trotters this year is likely to be more than ever a repetition of the Hambletonian Stake race. Of the twenty-four colts and fillies eligible to start on the half-mile track at Reading, Pa., seventeen are Hambletonians eligible. Volo Arion, 2:08, a Hambletonian starter,

## REMOTE SPOTS LURE PLAYERS

HOLLYWOOD, California, May 7—New York and the European capitals are losing their lure for vacationing film players if trips planned this year are an indication.

A survey shows that the fashion in holiday spots has turned to remote, out of the way places.

Clark Gable, for example, is championing at the bit to be off to China, preferably aboard the trans-Pacific clipper, and Gary Cooper is currently soaking up sunshine in Bermuda.

William Powell is off to the interior of Mexico, and Jean Arthur plans a venture to the South Seas. John Halliday, just returned from a fishing vacation in New Zealand, is busily singing the praises of the land down under, and may convince more than a few movie-makers to follow his path.

Three film yachtsmen, Preston Foster, Warren William and Lewis Stone, plan to spend their holidays at sea. Foster will voyage to the Santa Cruz Islands. William's goal is Cocos Island, and Stone threatens a cruise to Honolulu, or perhaps even further south.

Fred Stone is motor-touring over a 10,000-mile itinerary. He said that he will give the larger towns a wide berth.

Richard Dix will also hide out, but do it more or less at home. He plans to buy a new ranch in Southern California, and will spend his vacation moving in.

## RAILWAY WILL GO INTO MOTOR TRUCK TRANSPORTATION

BALTIMORE, May 11—The Baltimore and Ohio Railroad announced today it had a joint plan for door pick-up and delivery of freight in less than carload lots as "the only effective method of meeting truck competition."

The new service is contemplated by the railroad in conjunction with the Keeshin Trans-Continental Freight Lines, Incorporated, motor truck operators, the announcement said.

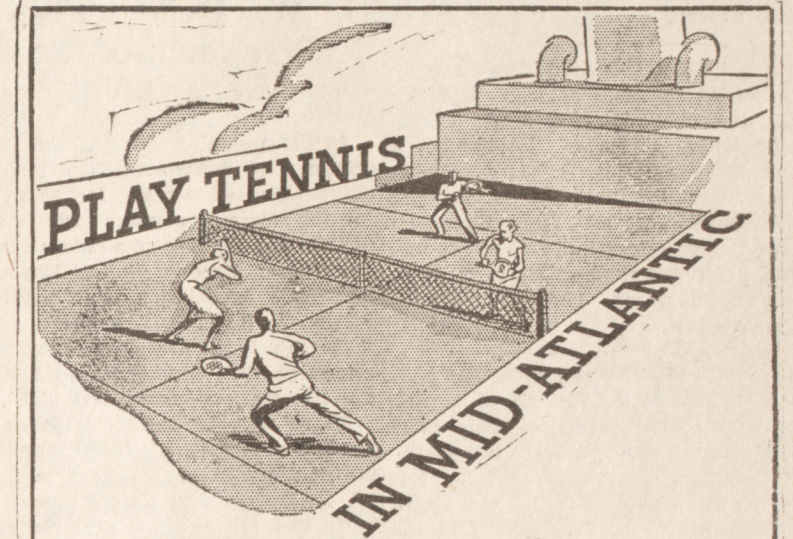

It calls for the picking up of package freight at the shippers door by motor trucks and hauling it to local depots where it is classified for destination points and loaded on trailers. The trailers are hauled to destination cities on flat cars and then picked up by motor units for delivery to consumers.

won it last year in 2.08½, and Princess Peg, 2.00½, a Hambletonian heat winner in 1934, won it in 2.06½ from Miss Willing, 2.01 ½, other Hambletonian starters.

A spring meeting on the fast two-lap track at Reading has been added to the new Pennsylvania-Jersey circuit. The dates now run—Langhorne, May 28-30; Reading, June 4-6; Flemington, June 11-13; Hatfield, June 19-20; Trenton, June 25-27; and Pitman, July 2-4.

Claiming races for trotters and pacers do not mean to be popular among owners and trainers. Seven of them on the list of thirteen early closing events for Cleveland's Grand Circuit meeting, which is scheduled to follow the curtain-raiser at Lexington next month, failed to fill and were reopened to close last Monday without the claiming attachment.

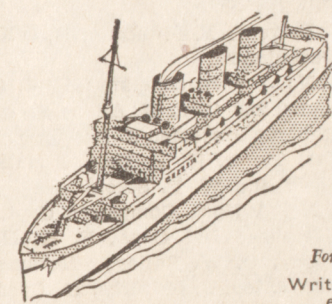

## Any Time is Tea Time "SALADA" TEA

## on the Empress of Britain

For travel's greatest thrill, sail on the liner that offers more space per cabin class passenger... with her full-size tennis court, squash racquets court, swimming pool... and everything on the same lavish scale. Apartments—not merely staterooms—cuisine and service of the best.

The Empress of Britain sails from Quebec and crosses the open Atlantic from land to land in the shortest time known. Also Empress of Australia to Cherbourg and Southampton.

The regal but lower-cost Duchess and comfortable Mont ships provide weekly sailings from Montreal and Quebec to Great Britain and the Continent. Cabin, Tourist and Third Class via the "39% Less Ocean" St. Lawrence Seaway route.
