

Dow Settlement

Reverend George M. Wilson, pastor of the Dow Settlement United Baptist Church, preached an inspiring message that was helpful and interesting to all who attended Sunday afternoon at three o'clock.

The Sabbath School was held at the usual hour Sunday morning.

The B.Y.P.U., held their weekly session Tuesday evening and a goodly number was in attendance. The programme consisted of readings and a Bible puzzle led and very successfully carried out by Miss Mae McLellan. Meeting concluded by singing and the Mizpah in unison. The Lord watch between me and thee while we are absent one from the other.

Ronald Sabine was guest of Mr. and Mrs. Peter Cummings for tea on Thursday.

Eden Patterson has, for the past few days, been employed at the home of Freeman Fox Marnes.

Charles Duffield was in Houlton, Maine, Friday afternoon and had an X-ray taken of his hand which he had the misfortune to injure last week.

The Misses Jean and Josie McLellan were guests of their cousin, Basella Patterson on Friday.

Mrs. Sandy Moody was calling at the home of Mr. and Mrs. Alonzo Lutwick, Monday.

Mr. and Mrs. Berton Patterson and youngest son, Elwin, were in the town of Woodstock Thursday afternoon.

100,000 Catholics

dressess were made by Msgr. Georges Gauthier, archbishop co-adjutor of Montreal; Aid. Leo McKenna, promayor; Rev. Papin Archambault, Edouard Montpetit, general secretary of the University of Montreal; Msgr. J. Conrad Chaumont, vicar general; Gerard Thibault, M.L.A., and Philippe Gerard, president of the Central Council of Les Syndicats Catholique de Montreal.

The ceremony was peaceful and orderly but impressive as thousands raised their hands in salute to Archbishop Gauthier, their local leader. The demonstration also included resolutions which received the unanimous support of the throngs assembled in the drill hall and on Champ de Mars.

"Montreal Catholics," the resolutions read, "assembled in a huge manifestation in honor of Christ God, proclaim their fidelity to the Church and to its leaders and assure their respectful confidence and the filial submission."

"They address to His Holiness the Pope the expression of their deep attachment, their gratitude for his enlightening encyclical letters and their determination to have these instructions direct the course of their lives."

"They protest against the persecutions to which religion is subjected in different countries of the world, chiefly in Russia, in Mexico and in Spain, and they forward to their brothers in religion the testimony of their most sincere sympathy."

"They denounce Communistic propaganda more active than ever in Canada, due to scandalous ententes and recall to civil authorities that it is now their duty to forestall these subversive campaigns even if legislation becomes necessary."

"Urge Governments to achieve at the earliest possible moment the disappearance of those abuses of capitalism which constitute incitements to revolt and to apply those reforms indicated in the encyclical Quadragesimo Anno for a better distribution of wealth and the suppression of economic dictatorship."

When Archbishop Gauthier stood on the north platform of the drill hall, deafening cheers were heard for several minutes.

"It is unfair that we leave the entire world under a false impression concerning our attitude relating to Communism. One movement has been seen in this country up to the present time and this movement favored the Popular Front, a group comprised of new barbarians who have covered the lands of Spain with desolation and blood."

"We are intent upon undertaking more than a temporary campaign. Once again, we wish to awaken public opinion of Canadian residents and have them fully realize the difficulties which Communism is gradually preparing. Let us leave Europe to its serious complications. Europe runs the risk of having to pay dearly for letting Soviet Russia establish itself within its walls."

MANY ATTENDED GAME

A number of Fredericton hockey fans took advantage of the Capital Transit, Ltd. special bus service to Saint John yesterday to see the professional hockey game between the Boston Bruins and Montreal Maroons. The bus left here at five o'clock and returned later at night. The fee was only \$1.75 and this will be repeated on Wednesday when the two teams play again. The roads between here and Saint John were reported in fair shape, with pot holes only here and there.

Our Local Jail

(Continued from Page One)

was no better. It was not sanitary and the food was not good. Commissioner Craig stated that he was familiar from study with the condition in Nova Scotia and there was a shocking condition of affairs. The public should be aroused.

J. L. Neville outlined the conditions which were found by the Ministerial Association and others who visited the jail over a year ago. He stated that while he believed that the condition of overcrowding was improved that the condition in regard to the jail menu was still unchanged to any extent. Mr. Neville stated that from interviews and communication with jail authorities in nearly every county in the province, that our jail menu so far as he could learn, was the worst to be found in the province.

The Commissioner stated that what was needed was jailers who were trained for the work. He believed that public opinion would need to be educated and aroused and that the electors, who elected the Municipal council were responsible in that they did not insist upon better conditions in the jail.

Prof. B. S. Kierstead of the U.N.B., stated that it was up to the rural electors to elect councillors who would see that better conditions prevailed. Prof. Kierstead showed that in England the sentences were much lighter than they are in this country, and that no man could be put in jail for debt.

Commissioner Craig stated that one would have to go back to the days of Charles Dickens to find a precedent for putting a man in jail for debt.

In reply to a question, Commissioner Craig stated that he visited our county jail this morning and he believed it would compare favorably with other jails in the province, although he had not, owing to time at his disposal, made a visit to very many of them. He believed that our jail is no better in character than it should be and that there should be a balanced ration.

Other matters taken up included the discussion of the parole system, and the jail farm.

SPOKE TO ROTARIANS

George M. Byron, popular King's Printer, was the speaker at today's Rotary Club luncheon. Mr. Byron talked most interestingly of his intimate acquaintance with Franklin D. Roosevelt, president of the United States, in the days when "hobnobbed" politically on Campobello Island. Mr. Byron's reminiscences were recounted in "Judge" Byron's most inimitable manner and the Rotarians were breezily refreshed with his remarks. Mr. Byron told of the many splendid qualities of President Roosevelt and of those early days when Franklin Roosevelt was storing up information which later led to his being accepted as the leader of the American people. George H. Clark acted as chairman at today's luncheon.

This Safe, External Treatment
Helps END A COLD Quicker

The 3-Minute VapoRub Massage

Massage VapoRub briskly on the throat, chest and back (between and below the shoulder blades). Then spread it thick over the chest and cover with warm cloth.

Almost before you finish rubbing, VapoRub starts to bring relief two ways at once—two direct ways:

1. **Through the Skin.** VapoRub acts directly through the skin like a poultice or plaster.

2. **Medicated Vapors.** At the same time, its medicated vapors, released by body heat, are breathed in for hours—about 18 times a minute—direct to the irritated air-passages. This combined poultice-and-vapor action loosens phlegm—relieves irritation—helps break congestion.

During the night, VapoRub keeps right on working. Often, by morning the worst of the cold is over.

Avoids Risk of Stomach Upsets
This safe, external treatment cannot possibly upset the stomach, as constant internal "dosing" is so apt to do. It can be used freely, as often as needed, even on the youngest child.
