

THE DOMINION GOVERNMENT TO ENCOURAGE CANADIAN PEOPLE TO CONSUME MORE FISH

Fishermen's Sons Benefit by Federal Lecture Course

Hon. J. E. Michaud, Minister of Fisheries, Will Take Advantage of St. F. X. Extension Course

Maritime Fishing Conditions Improved

An Extensive Advertising Campaign to Promote Consumption of Sea Foods Starts This Month

Forty young men from the different fishing communities in New Brunswick will attend extension courses for fishermen at St. Francis Xavier University during the coming winter. This will be carried out under the Federal scheme recently inaugurated for the benefit of fishermen. Hon. J. E. Michaud, who was in Saint John yesterday, said:

"The extension course for fishermen at St. Francis Xavier University, Antigonish, N.S., has been conducted by the sister province for several years. This year it was decided to make it available for the sons of New Brunswick fishermen, who have sufficient education to be able to follow the course."

The federal minister described the series of lectures as a "short course," which is given in winter at the university. The training will be "financed by the Dominion, and students will be expected to study at home to follow it up," he said.

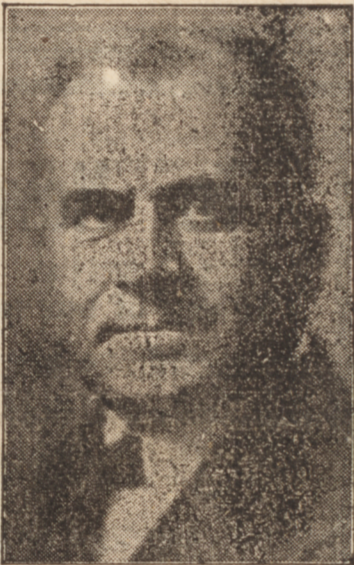

Referring to the \$300,000 loan fund for needy fishermen, created by the federal government some time ago, the minister said: "The fund is administered by the provinces and I understand that the administration of the fund is working well both in New Brunswick and in Nova Scotia."

He pointed out that the allotment was for the Maritime Provinces and Eastern Quebec. "British Columbia did not feel that it could take advantage of the fund," he said. He believed that New Brunswick fishermen were taking advantage of the opportunity to rehabilitate themselves and secure much needed equipment, but he had received no report in figures.

Questioned as to the general situation insofar as Maritime fishermen are concerned at the present time, Mr. Michaud stated that "conditions show some improvement." He contended that the present need was to make Canadians "fish conscious;" to im-

FISHERIES CHIEF

Hon. J. E. MICHAUD,
P.C., K.C., M.P.,
Minister of Fisheries for Canada

MANION'S AUTOBIOGRAPHY IS LISTED

OTTAWA, Sept. 17.—Hon. R. J. Manion, former Minister of Railways, has at last admitted the forthcoming publication of an autobiography. He would not talk about it at all when earlier reports reached Parliamentary circles, but now he can't deny a publisher's catalogue which lists "Life Is An Adventure—Autobiography of R. J. Manion."

This is Dr. Manion's second writing venture. His first, "A Surgeon in Arms," dealt with war experiences.

Federal and Municipal Affairs

According to a news story published in The Daily Mail today, it is aimed to establish a contact between the Dominion Government and the Canadian Union of Municipalities. Plans are under way for the establishment of a central office, preferably at Ottawa. The scheme seems to be a good one and should be particularly interesting to New Brunswick, which province has recently established both a Minister of Federal Affairs and a Minister of Municipal Affairs. It seems in view of the developments mentioned in today's news that the Provincial Government has made a wise move in having one man, Hon. A. P. Paterson, control both departments. If the idea continues to develop it should be a valuable one for the Municipalities, and for all concerned. Although of course the different Provinces should be primarily interested in the affairs of the Municipalities within their respective borders.

THERE IS ONE FEATURE, HOWEVER, WHICH NEW BRUNSWICK AND THE MARITIMES SHOULD WATCH AND INSIST UPON. WE SHOULD HAVE A GOOD REPRESENTATION ON ANY REGIONAL COMMITTEES, AS THERE ALWAYS SEEMS TO BE A TENDENCY TO PUT THE SOFT PEDAL ON THE MARITIMES WHEN IT COMES TO THESE THINGS. All Canada should work together in harmony, but we want our rights at the same time. This matter should be considered by the Union of Municipalities.

INQUEST INTO BOY'S DEATH WED., SEPT. 23

Four-Year-Old Henry Judson Booth Was Killed Instantly

A coroner's inquest will be held on Wednesday night next, September 23rd, at 7:30 o'clock at Millville, York county, in the fatality which took the life of four-year-old Henry Judson Booth, son of Mrs. Fay Jewett Booth of Millville yesterday afternoon. The boy was instantly killed when he stepped behind a truck driven by Willard Flemming of Millville, as the latter was backing down a hill in front of the home of Donald Sansom.

Dr. M. L. Jewett, Ex-M.P.P., coroner, investigated the tragedy with R. C.M.P. officers and empanelled a jury to hear evidence in the case. Death was instantaneous.

The unfortunate lad had been playing in front of Mr. Sanson's home with two other children. He

STUDENTS FROM SOUTH RETURN ON C. N. STEAMSHIPS

Many Maritimers Enjoy Holiday Cruise to the Southern Islands

(Special to The Daily Mail)
SAINT JOHN, Sept. 17.—The cruise liner Lady Nelson, Canadian National Steamships, Captain T. R. Coffin, arrived at this port yesterday with passengers returning from vacation cruises to Bermuda, and the leeward and windward islands, Barbadoes and Trinidad (British West Indies) and British Guiana via Boston. Also on board were several students from Bermuda attending colleges in the Maritimes.

Passengers include Mr. and Mrs. S. Elliott, Montreal; Miss A. Howard, for Toronto; H. Butterfield, Miss D.

SNOWFALL IS REPORTED IN WESTERN CANADA

(Special to The Daily Mail)

WINNIPEG, Sept. 17.—Autumn's tang was in the Prairie air tonight, sending housewives on a search, somewhat earlier than usual, for winter clothing and bed sheets.

Borne by chilly northwesterly breezes, snowflakes fell upon many Western points during the week-end, and today were followed by temperatures that neared the freezing mark.

An hour's snow was reported from Edmonton, and, though it melted as it struck pavements, the Weatherman forecast further flurries were probable in the North Alberta regions.

A heavy frost covered Calgary, in the southern half of the Foothills Province, while cool, wet weather was experienced in Saskatchewan and Manitoba. The forecast for the West was for continued cloudy and cool temperatures, with probable showers.

A week-end snowfall in the Peace River District of Alberta brought late threshing to a standstill in places. The snow blanket varied from three to sixteen inches in depth. Communications were partially disrupted.

Dr. Charles E. Dougan, of Charlottetown is in town today attending the Exhibition.

Contact Between Dominion Govt. And Canadian Municipalities is To Be Established at Ottawa

Central Office to Be Established to Work on Practical Basis With Union of Canadian Municipalities

Finances Are Being Arranged

New Brunswick Does Not Seem to Be Represented So Far—N. B. Meeting At Newcastle

ONTARIO GOVT TO SALVAGE THE FORESTS

TORONTO, Sept. 17.—A plan to salvage 50,000,000 feet of burned-over timber in Northern Ontario was announced at Queen's Park yesterday by Premier Hepburn and Hon. Peter Heenan.

Between 2,500 and 3,000 men will receive employment on the project. Work will begin immediately, and will probably last all winter.

Contracts awarded
It will be the largest salvaging operations in the history of Ontario lumbering, and consummation of the agreement between the Government and two Northern operators will mark the biggest single lumber deal in many years.

The timber area east of Fort Frances, which is said to have suffered the worst in this summer's forest fires, is the area to be cleaned out under the plan.

The Shevlin-Clarke Company and the J. A. Mathieu Company will do the work, and will pay the Government \$2.25 stumpage dues per 1,000 feet.

Short interview
These two companies are the only ones in the district able to do the work, Premier Hepburn said. Clearing of the area will more than double their present mill capacity, it was stated.

The work must be completed before

SAILING TONIGHT FOR TRINIDAD—2 MORE SAILINGS

(Special to The Daily Mail)

MONTREAL, Sept. 16.—The vagabond cruise ship Colborne, Canadian National Steamships, will depart from the local port tonight on a 38-day leisurely voyage to Puerto Rico, the French colonies of Guadeloupe and Martinique, and the British colonies of Barbadoes, Trinidad and British Guiana, carrying a number of early fall vacationists to these resorts in the Caribbean Sea. A south bound call will also be made at St. George's, Bermuda.

There will be three more sailings from Montreal of these passenger-carrying freighter before the close of St. Lawrence River navigation this year, departures taking place on October 1st, October 29th and November 12th, after which departures for the remainder of the year will be made from Halifax on December 12th and December 26th.

Among the passengers on the present sailing will be George F. Antrim, R. A. Aitken, of St. Lambert, Que.; Miss E. M. Buchanan of Montreal; Mr. and Mrs. E. W. Borbridge of Peterboro, Ont.; Mrs. Helen M. Strong and Miss Vale Strong of Toronto, and D. A. MacNeill of Moncton, N.B.

The Colborne is due back at Montreal October 25 and in the meantime her sister ship, the Chomey, will sail October 1st for a similar voyage.

York County will be represented at the convention of the Union of Municipalities which meets at Newcastle on September 28, 29 and 30, instant. Warden Howard Cameron, and Councilors Clair McKnight, Arthur Wetmore and W. J. Gaynor will be the delegates from the York Municipal Council. The city council has not yet named its delegates.

Reorganization on a practical working basis has been started by the Union of Canadian Municipalities, according to bulletins issued to its members by Ald. W. H. Biggar, of Montreal, president.

Plans are under way for the establishment of a central office, preferably at Ottawa, to serve as a statistical bureau and clearing house and to stand as a point of contact between the Dominion Government and the organization. Finances are being arranged on the basis of \$10,000 a year, to be subscribed at a suggested rate of \$1.50 per thousand of population, by the various member-municipalities.

FINANCE HEADS OF CITIES SAID HOPE OF FUTURE

TORONTO, Sept. 17.—The Municipal Administrator was held up last night as the great hope of the future in a chaotic world by L. Clement Hill, C.B.E., M.A., guest speaker at the dinner in the Royal York Hotel, which closed the biggest convention in the history of the Municipal Finance Officers' Association.

Mr. Hill brought greetings from the institute which performed a similar function in the British Isles. He himself is the General Secretary of the National Association of Local Government Officers, London, England.

He made a plea for even greater standardization of municipal finance systems, at the same time paying a tribute to the great work which had been accomplished by the association in the United States and Canada. While saying that the excellence of the British system had its foundation in a close regard for the qualifications of the personnel in municipal offices, he urged the members not to stop there, but to apply their minds to the broad principles underlying the technique of government.

Mr. Hill outlined the British system of pensions for municipal officers, which, he said, was highly developed because it had been undergoing improvement for 100 years. Acknowledging the big problem to be the finding of the money, he also stressed that security was the best incentive.

"It is the insecurity of the great masses of the people which is causing all the trouble in the world today," he said.

George Wilson, Toronto Commissioner of Finance, acted as toastmaster, while the installation of the newly elected officers was conducted by the retiring President, G. A. Lascelles, Mr. Wilson's assistant at the City Hall.

Richard Sloat of Welsford was in the city yesterday.

REITERATES DISPUTE STORY THAT MERRILL AND RICHMAN DON'T SPEAK TO EACH OTHER

It is reported that Harry Richman and Dick Merrill, trans-Atlantic fliers marooned in that northern spot, "Don't speak to each other."

The two are said to have quarrelled because Richman dumped 500 gallons of gasoline during the return trip of their round-trip flight to England.

Chader said the night club entertainer and the professional flier posed for photographers with evident reluctance.

"There's a hell of a battle going on between them," he added.

Other reports to the contrary, Crooner Harry Richman and Flier Dick Merrill did quarrel on their trans-Atlantic flight, and they still show no signs of burying the hatchet.

A reporter claims that Merrill had told him the quarrel almost landed he and Richman in Davey Jones' locker and that, over his protestations, 500 gallons of gasoline had been dumped into the ocean.

Merrill, he added, had said Richman's "master mind" attitude had been responsible for failure of their ship to reach its destination. New York. They made a forced landing at Musgrave Harbor, Newfoundland, nosing into mud.

The motorvessel Lincoln, carrying Eddie Rickenbacker, mechanics, fuel and a new propeller for Richman's damaged monoplane, has not been reported since it left Carbonear.

Noted French Explorer and 59 Companions Were Drowned Yesterday Off Iceland Coast

SUNBURY COUNTY BOY WINS HONORS IN MEDICINE

(Special to The Daily Mail)

Dr. Edwin Alexander Stuart, F. R. C. S. (Edinburgh) of Montreal, is visiting his parents, Mr. and Mrs. H. H. Stuart of Fredericton Junction, and other relatives and friends in New Brunswick, among whom is his uncle, J. Robert Stuart of this city, for a few days before returning to Montreal, where he will be in charge of nose and throat work in the Montreal Homoeopathic Hospital and will also be associated with the Royal Victoria Hospital and the medical faculty of McGill University. Dr. Stuart, who graduated from the U. N. B. in 1928 and McGill Medical College in 1933, has spent the past three years in post-graduate work, two in the Royal Victoria Hospital, Montreal and the last in Edinburgh and London, and was elected F.R.C.S. in July of this year.

Expedition Sponsored By Paris Museum Ethnography

REYKJAVIK, Iceland, Sept. 17.—Captain Jean Charcot, noted French explorer, was drowned today, together with all but one of the crew of 60 aboard the exploration ship Pourquoi Pas which foundered in a gale off Iceland.

(Some reports reaching London said only 40 persons were aboard the vessel.)

The lone survivor reported was Petty Officer Eugene Geonidec, who swam ashore through heavy surf and stumbled, exhausted, into the home of a fisherman.

Geonidec gasped out that the vessel grounded on rocks and was pounded to pieces by heavy seas so quickly that those on board had practically no chance to escape. He said he was certain that none of the 60 members of the crew save himself had survived.

SPINELESS JURIES FOSTER CRIME, CARELESSNESS

ST. CATHARINES, Ont., Sept. 19.—Mr. Justice J. C. Makins told a supreme court jury it was "spineless" last night as he accepted its verdict reducing a charge of murder against William Manchuk, 45-year-old Ukrainian, to one of manslaughter.

The jury acquitted Manchuk's 43-year-old wife, Annie, on the same charge, that of slaying John Seabright in a dispute over a fence line between the homes of Seabright and Manchuk June 8.

Mr. Justice Makins sentenced Manchuk to 20 years in the penitentiary on the charge of manslaughter.

Manchuk still faces a second charge of murder arising out of the death of Amy Seabright, wife of John, allegedly from injuries suffered in the same dispute with the Manchuks. Trial of
