

NORTH COUNTY WILL GET SQUARE DEAL, DYSART

Premier, Taylor, King Spoke Chatham Fair

CHATHAM, N. B., Sept. 28—A ceremony marking the formal opening of the 21st Miramichi fair was held last night in the amusement hall at Chatham's newly erected show building...

Mayor Daniel Desmond, Chatham, in welcoming the assembly on behalf of Chatham, mentioned the need of a pulp mill here to help lift the town from its critical financial situation.

Hon. A. A. Dysart, premier and minister of public works of New Brunswick, spoke of the founding of the Miramichi Exhibition Association, 21 years ago, and of the fire which destroyed the buildings last year.

He paid tribute to the efforts of all who were responsible for making the affair a success and gave assurance that the government had lost no opportunity to implement its promises regarding industry in the county.

J. K. King, deputy minister of agriculture, spoke of the work of the boys' and girls' clubs throughout the province.

Hon. A. C. Taylor, minister of agriculture, spoke of the educational value of an exhibition and stated that the government is making every effort to assist in the agricultural development of the province.

Winter to be Mild Predicts Pastor At Copper Cliff

SUDBURY, Sept. 28—Forecast of a "generally mild" winter, based on observations at the autumnal equinox, is made by Rev. A. J. Bruce, Copper Cliff, who is well known for his weather predictions based on a study of astronomy.

Mr. Bruce added a warning that thirty three years ago a similar winter brought an epidemic of pneumonia. Warm clothing will be more necessary in the approaching season than in a drier colder one.

The sun having centralized her indirect rays over the tropics, the prevailing wind or current will be from the south by southeast and southwest. The snowfall will be heavier than usual with rain and more frequent thaws—in other words, generally mild.

Must Sift Earth In Search of Relics At Niagara

NIAGARA FALLS, Ont., Sept. 28—To preserve any relics of the early life along the frontier the contractor who gets the job of reconstructing old Fort George at Niagara-on-the-Lake must agree to sift at least 60,000 cubic yards of earth which will be excavated in the work to see if anything of historic interest may be found.

BRITISH NEWSPAPERS LINK MUSSOLINI IN FRENCH PLOT

Long-Range Purpose Was Fascist Revolt As Sequel to Franc Slump

LONDON, Sept. 28—British newspapers and weeklies have been uncov-ered by bit the story behind the recent stiffening in the Franco-British attitude toward Italy and Italian intervention in the Spanish war.

It is now fairly clear on the evidence and opinion appearing in such newspapers as the Herald and the News-Chronicle that the Paris bombing outrage and the attempted sabotage of the Spanish Government submarine in a French port was the work of Franco agents.

The current issue of The Week goes further and declares that Mussolini is the real conspirator and that the objective is twofold. The initial goal was to further frighten the French and foreign capi-

Dr. Koo Wants Action

Would Enforce International Law of Covenant

ROME-BERLIN AXIS NOT BE TAKEN AS AGAINST NATIONS

Interests All Countries Best Served Says Hitler

BERLIN, Sept. 28—Italy and Germany will examine and deal with their political tasks side by side, in order thus to counteract every possible attempt to divide the two nations or even to play off one against the other, stated Adolf Hitler at a banquet speech last night given in honor of Premier Mussolini of Italy.

The Reichfuhrer closed his remarks by proposing a toast to Italy's King and "Emperor of Ethiopia" and to the welfare of Mussolini and Fascist Italy.

A brilliant company of more than 200 guests, including cabinet members of the two nations as well as political and industrial leaders, heard the Fascist chiefs re-pledge Italian and German co-operation in the tangle of European affairs.

Turning to his host, Il Duce declared: "Conversations which I have had with Your Excellency in these recent days have strengthened our friendship and immunized it against every attempt to disturb and divide it—from whatever quarter it may come."

Mussolini, fresh from witnessing extensive war manoeuvres in North Germany, praised the spiritual atmosphere of "brown-shirted Germany" and eulogized Hitler as the creator of a new nation.

Italo-German solidarity, he said, is not the result merely of political calculations, but the expression of community of interests. It in no wise constitutes a self-contained bloc which fearfully and suspiciously shuts itself off from the rest of the world.

Hitler showed himself an informal host, standing at the reception room doorway to greet each guest from Mussolini down to those of lowest rank.

Entering on the third day of his visit to the Reich, Mussolini rode with Chancellor Hitler in an open automobile through lanes of cheering flag-waving crowds numbering nearly 300,000 persons.

An estimated 20,000 guards lined the route of the ride from the station to the Presidential Palace with every third man facing the crowd. Berlin police were reinforced by detachment from all parts of Germany.

Cheaper Power

THE ANNOUNCEMENT made today by the Maritime Electric Light Company that the company will make a reduction in rates for electric power will be good news provided the reduction is such as to attract industries to locate in this section.

The advantages of Fredericton as a distributing point and as a manufacturing centre have been pointed out. The advantages in a social and educational way which should induce both manufacturers and industrial workers to locate in Fredericton and to bring up their families in this locality have also been pointed out. The big objection to Fredericton in the past and up to the present as an industrial centre was due to the fact that our electric power was too costly. Industries when they started to make a study of Fredericton as an industrial centre were met at the start by the stumbling block of too high power. The result was that they located elsewhere.

If the lower rate now announced by the Maritime Electric Company will be sufficiently low to encourage industries to locate in Fredericton or in Devon the Company will be doing a service to this district, which should be appreciated by the public generally.

Three Thousand Cases of Infantile Paralysis In Canada

Two Thousand of These are In Ontario — Seventy-four Deaths In the Dominion

Crippling Prevention Action

Dr. Robertson of Moose River Fame Working to Save Children From Becoming Cripples

(Special to The Daily Mail)

TORONTO, Sept. 28—In an effort to prevent crippling among the 500 children who are paralyzed as a result of infantile paralysis, plans for the establishment of a temporary Orthopedic Hospital, the old Grace Hospital, have been announced by the Ontario Department of Health.

Appointment of Dr. D. E. Robertson, Orthopedic Consultant to the Health Department and Surgeon-in-Chief of the Hospital for Sick Children, as Director of the proposed Orthopedic Hospital has also been announced. Cost of the hospital will be borne by the Ontario Health Department, with the assistance of the Ontario Society for Crippled Children.

In order to prevent crippling the Provincial Department is making arrangements to see that Bradford splints and suitable standard splints are available without delay for all cases showing any evidence of paralysis or muscle weakness.

A period of from one to three weeks in hospital following isolation is proposed in order that patients may learn to adapt themselves to the proper use of the Bradford frames and the necessary splints.

There are 3000 casts of Infantile Paralysis now reported in Canada; approximately 2000 of the cases are in Ontario with Manitoba the next heaviest sufferer; there have been 74 deaths in the Dominion as a result of the epidemic, of which 56 have occurred in Ontario.

Letters have gone out to the medical men in Ontario from the Hon. Dr. J. A. Faulker, Minister of Health, announcing the arrangements made by the Department to provide mechanical devices to prevent crippling. "It is of the utmost importance that only the patient, but also the patient family, be impressed with the necessity for prolonged and adequate orthopedic care if unnecessary crippling is to be prevented," the Minister told the Doctors.

AMAZING WEALTH CANADA, SMALLNESS POPULACE

World's Most Valuable Collection of Chinese Treasures

QUEBEC, Sept. 28—The amazing wealth of Canada in comparison to the size of the population was commented upon by Rt. Lord Hewart of Bury, Chief Justice of England, when interviewed today before sailing on the Canadian Pacific liner Empress of Britain. "What struck me particularly on my visit," he said, was the amazing wealth of Canada side by side with the comparative smallness of the population. As I understand it you have only about 10,000,000 spread out over such a great expanse. The generosity of the citizenry of Canada too met with the approval of the Chief Justice. "I have seldom seen such magnificent public buildings. Especially those housing educational and charitable institutions. In Toronto he said he had visited the Museum, which had the world's most valuable collection of Chinese treasures. A collection greater than that of the British Museum. Asked if he had visited any Canadian courts during his stay in the Dominion Lord Hewart replied that he had merely "admired them from without."

He was travelling with Lady Hewart and Sir William Prescott, C.B.E., Chairman of the London metropolitan water board, with whom he visited South Africa last year.

(Special to The Daily Mail) LONDON, Sept. 28—It has again been reported that the Endeavour 1st has been found two hundred and sixty miles off the coast of Ireland. All members of the crew are well.

SHIPS CAUTIONED NOT TO INTERFERE FISHING VESSELS

(Special to The Daily Mail)

SHANGHAI, Sept. 28—Further air raids have been reported from Nanking. Thirty planes bombed Nanking and used as targets the military air dromes and the arsenal. The damage has not yet been ascertained.

In the Chinese refugee camps many cases of cholera have been reported and the disease is spreading rapidly. In regard to the torpedoing of the fisherman's boats, the Japanese authorities claim that their warships have been cautioned not to interfere with any fishing vessels.

52 NATIONS ARE IN ACCORDANCE WITH RESOLUTION

Will Replace Spain At Assembly

(Special to The Daily Mail)

GENEVA, Sept. 28—The discussions over the situation over the conflict between China and Spain took up most of the time today in the League of Nations Assembly Meeting.

The fifty-two nations represented accepted the resolution which was drawn up yesterday by the twenty-three nations in regard to so much loss of life and condemned Japan for her actions.

The British spokesman said that Japan will do well to heed the words of the representatives of nations attending the League.

It was also stated that the Mediterranean situation was much easier. The Non-Intervention situation has assumed a much better phase. All agreed that the nations taking part had been successful in keeping war from spreading. The next move will be the attempt to procure the withdrawal of foreign volunteers from Spain.

The Spanish representative compared the bombing of Nanking to the bombing of Madrid where there was so much loss of lives of women and children.

Mexico and Soviet Russia agreed with Spain. It was also suggested that the League should entreat for peace.

Belgium has been elected to the Council of the Assembly instead of Spain.

NEW ZEALAND BUDGET SHOWS BIG SURPLUS

(Special to The Daily Mail)

ACKLAND, Sept. 28—The budget presented today will show a surplus of fifty million pounds. This has been accomplished without any new taxation. Seventeen million pounds is to be spent on public works and there are to be no public loans.

MORE EXECUTIONS ARE REPORTED IN SOVIET RUSSIA

(Special to The Daily Mail)

MOSCOW, Sept. 28—Nineteen sentences of death have recently been passed it is reported for agricultural sabotage. It is presumed that all condemned have been executed without delay as usual.

(Special to The Daily Mail) LONDON, Sept. 28—London authorities have decided not to interfere with the Fascist march which is scheduled to take place next Sunday. Considerable discussion took place as to the limits of the march which has finally been decided to give the Fascists a larger section to hold their parade and not to interfere with the progress of their march.

INDEBTEDNESS OF GREAT BRITAIN SAID REDUCED

(Special to The Daily Mail)

LONDON, Sept. 28—The government's indebtedness has been decreased by two and a half million pounds. There is no further overseas borrowing.

CANADIANS SIGN MORE CHEQUES EXCEPT IN PRAIRIE PROVINCES

Over 23 Billion Dollars Changes Hands to End of August

OTTAWA, Sept. 28—In the first eight months of 1937 Canadians signed cheques to a total of \$23,520,000,000, the Dominion Bureau of Statistics reported today. This barometer of business exhibited a 3.3 per cent rise from the same period of last year.

Each of the five economic areas except the Prairie Provinces participated in the gains. Most pronounced increase in payments by bank cheque was in the Maritime Provinces where the total of \$489,000,000 was up 21.4 per cent. Quebec had a 12 per cent advance at \$7,727,000,000, Ontario was up nine per cent at \$10,791,000,000, and British Columbia 4.7 per cent at \$1,416,000,000. The Prairies lost 26.3 per cent at \$3,095,000,000.

In August alone the aggregate for Canada was \$2,612,000,000 compared

with \$2,720,000,000 in July and \$2,619,000,000 in August, 1936. After a seasonal adjustment, the Bureau said, the August figure represented a gain of 4 1/2 per cent from July.

In the eight months' comparison, Quebec City was outstanding with a gain of 34.6 per cent at \$547,000,000. Halifax was 25.5 per cent higher at \$273,000,000; Saint John 17 per cent at \$143,000,000; Toronto 11 per cent at \$8,431,000,000; Montreal 10.5 per cent at \$7,125,000,000; Calgary 8.6 per cent at \$425,000,000; Edmonton 7.8 per cent at \$266,000,000; Victoria 5.1 per cent at \$221,000,000 and Vancouver 4.5 per cent at \$1,147,000,000.

Winnipeg's total of \$1,912,000,000 represented a loss of 37.9 per cent, and Regina was 1.1 per cent lower at \$283,000,000.
