Pretty Nuptial Event Today At Buctouche

CLEMENT-LANDRY

A wedding of deep interest to many friends in New Brunswick and the United States took place this morning at Buctouche, N. B., when Miss Anne-Marie Landry, twin daughter of Madame Landry and the late Hon. Dr. D. V. Landry of Buctouche, N. B., was united in marriage to Albert E. Clement of Waterford, N. Y., and son of Mrs. Clement and the late John B. Clement.

The ceremony was performed at nuptial mass at eight o'clock this morning in St. John the Baptist Church, the officiating clergyman being Rev. A. V. Landry, uncle of the bride, whose only attendant was her twin sister, Miss Rosaline Landry. The bridegroom was supported by Dr. J. E. Leger of Moncton, brother-in-law of the bride. Herve Michaud of Buctouche was usher.

Given in marriage by brother, Dr. R. D. Landry of Buctouche, the bride was charming in a Caribbean blue velvet wedding gown fashioned on long lines. She wore a turban to match with a shoulder veil of tulle.

The bridesmaid was winsome in a crescent green velvet gown made on lines similar to those of the bride.

As Miss Landry entered the church, Mrs. Raymond Leger played Lohengrin's Bridal Chorus and rendered violin solos throughout the mass. During the offertory, Miss Clara LeBlanc rendered a vocal solo and Eric Robichaud sang an Ave Maria.

Following the ceremony a reception and wedding breakfast was held at the home of the bride. A three-tiered wedding cake centred the bride's table which was lighted with ivory tapers. The floral decorations throughout the rooms were autumn flowers.

Mr. and Mrs. Clement later left on a wedding trip through the Maritime provinces following which they will reside at Waterford, N. Y.

For travelling the bride had chosen a travelling costume of cinnamon shade with brown squirrel trimmings, with hat and shoes to match.

The bride, whose father was Provincial secretary and Minister of Agriculture was a popular member of the younger set in Moncton where she was on the teaching staff of the Moncton public schools. Prior to her marriage she was an honored guest at several showers and presentations. The bridegroom is a promising young business man and is interested in a painting and photography business at Albany, N. Y.

The out-of-town guests at the wedding and reception included Mrs. John B. Clement, mother of the bridegroom of Waterford, N. Y., Mrs. A. Vautrin, Waterford, N. Y., Mr. and Mrs. J. Maher of Greenfield, Mass., members of the teaching staff of Moncton, relatives and friends.

Young People's Society

With a round hundred guests, last evening the meeting of the Wilnot Church Young People's Society opened, featuring an illustrated Travelogue, presented by Miss Netta McMillan, based upon her recent tour through Canada and several points in the United States. The devotional period conducted by Thomas Everett was based mainly upon the topic "Why Pray" which proved an interesting and touching subject. Miss McMillan's lecture was illustrated with many pictures and slightly humorous photos flashed upon the screen. She took the audience on an enjoyable travel tour. Starting in New Brunswick and travelling through Ontario and the Western Provinces the party journeyed south in several places. An important item was the vivid and beautiful description of Lake Louise. The western provinces, Niagara Falls, Vancouver, Yellowstone Park and Washington State and other points, were visited. Miss McMillan was thanked by the President for the appreciated lecture. Games were later enjoyed under the leadership of Mrs. Ralph Albright.

Mussolini-Hitler Conference

Two mightiest of Europe's men—Two chieftains of the earth—They hold an epic meeting and They meet for all they're worth; The whole world stretches out its neck

And bends an eager ear:
"I love," the great Benito says
"Your frankfurters and beer."

II.

The multitudes they cheer the pair
In one unending shout,
And wonder what colossal plans
The great ones talk about;
Il Duce leans and whispers low—
Momentous words now drip:
"The one in blue right over there—
That blonde one—what a pip!"

III.

The bands all blare their martial notes,
Long rows of banners fly;
"I wonder," thinks the universe,
"What this is for, and why."
Says Mussolini: "Gotta match?"
Chirps Hitler in the din,
"My damned old headache has come back—
Have you some aspirin?"

IV.

Il Duce and Der Fuehrer ride
Through surging, shouting throngs;
They huddle very solemnly
Amid the cheers and songs;
To catch one word of what they say
All lands and nations try...
"Some do," the great Benito says,
"But I like mine on rye!"

V.

They ride in regal motor cars—
Their manner most severe;
They stand in great reviewing stands
Conversing ear to ear;
What rare epical statement this?
What pearl of wisdom that?
Benito: "Why, the Yanks are in!"
Der Fuehrer: "In your hat!"

VI.

They huddle here and huddle there
And look so very grave
You'd never doubt a moment that
The world was theirs to save;
What is this issue they debate,
Their faces growing red?...
"Potatoes aren't bad," says one,
"It's butter and white bread!"

VII.

Oh, cheek by cheek and jowl by jowl
They march into a room,
As millions speculate upon
Their words in bitter gloom.
"Ha! ha! That's good," Der Fuehrer laughs,
"Where do you get 'em all?"
"Here's one," Benito chuckles, "that
I heard in Rome last fall."

VIII.

In Munich and in Mecklenburg
They seemed to be as twins,
The fates of empires hanging on
Their gestures, words and grins.
The planets crave to catch their words,
Or just to get a clow....
"My dogs are aching," Hitler says;
Benito snaps: "Mine, too!"

Good Lighting Pays Eye Health Dividends

By Jean Prentice

Eye protection need never be sacrificed to the decorative scheme.

The lamp shown here—one of the Better Sight type—provides plenty of well-diffused, glareless light, yet blends perfectly with the room furnishings.

FRINGED shades, bare lamp bulbs, and pools of light are as out of date as plumed hats and projecting petticoats. Modernity demands good taste in lighting, and good taste is always based on sound principles. In home lighting today, these principles involve portable lamps and lighting fixtures designed not only for decorative harmony, but for lighting results and seeing effectiveness as well.

It has been estimated that today we are using our eyes for severe visual tasks 30 per cent more than was common a generation ago. Yet in comparatively few homes does the lighting meet present-day requirements.

Lighting Neglect Harmful
It is sad but true that in many homes where much thought and money has been given to furnishings, there is often the least consideration given to lighting. Light bulbs of wrong type have been put into fixtures incorrectly designed in the first place, then placed where they do little good, if not actual harm.

When the eyes are punished by poor lighting, they pass along their afflictions to the nervous and physical systems. The action of the

Bulbs Should Be Checked

Wouldn't it be a good idea to check the bulbs in the reading lamps you use constantly? In a single socket lamp, use a 100-watt bulb. In a double socket lamp, use two 60-watt bulbs. In a triple socket lamp, three 40-watt bulbs are recommended.

If you will refuse to read very fine print for long periods of time, if you will have your eyes examined regularly, and if you will make certain that there is abundant glareless light whenever you do close eye work, you can in some measure compensate for the burdens imposed upon our eyes by modern civilization.

Way to Ease Headaches, Pain Almost Instantly

METHOD OFTEN RELIEVES NEURALGIA AND RHEUMATIC PAINS IN MINUTES!

Remember the pictures below when you want fast relief from pain. Demand and get the method doctors prescribe—Aspirin.

Millions have found that Aspirin eases even a bad headache, neuritis or rheumatic pain often in a few minutes!

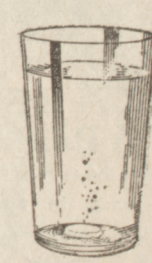

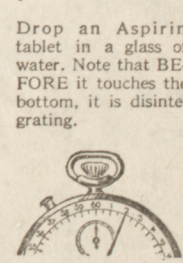

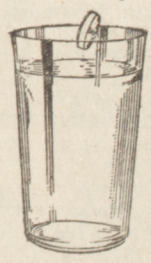

In the stomach as in the glass here, an Aspirin tablet starts to dissolve, or disintegrate, almost the instant it touches moisture. It begins "taking hold" of your pain

practically as soon as you swallow it. Equally important, Aspirin is safe. For scientific tests show this: Aspirin does not harm the heart.

Remember these two points: Aspirin Speed and Aspirin Safety. And, see that you get ASPIRIN. It is made in Canada, and all druggists have it. Look for the name Bayer in the form of a cross on every Aspirin tablet.

Get tin of 12 tablets or economical bottle of 24 or 100 at any drugstore.
