#### BOY SCOUT NEWS

Period Ending February 28, 1937

Good meetings of the two branches of the present District Scout Leaders' Training Course, were held on Wednesday and Thursday of the week just ended. And on Saturday a further Patrol of Patrol Leaders went out for the day to Marysville, those helping the Field Commissioner including A.S.M. Lawrence of Nashwaaksis; Rover Scout and A.C.M. Cumming, of 3rd Fredericton; and Norman Peacock, a former member of the St. Paul's (Valley) Troop, Saint John. The weather was perfect for the hike, and the same programme as on a previous occasion was carried through. The following are the full examination results of the Patrol Leaders' Course, which may now be considered complete, after some delay through sickness and conflicts: David Saunders, 138; Arnold Ester, 133; Lloyd Currie 132; Ernest Grant, 128; Fred Murray, Donald Cleghorne, 124; Gerald Langford, 104; Myles Lochhart, 103; Jack Johnson, 97; Gabriel Dedham, 94; Gordon Hawkins, 93; J. Agnew, 92; John Barry, 91; George Barry, 90; Waldo Evans, 89; Jack Webb, 88; Ernest Paul, 86; Adrian Hale, 85; Lawrence Hughes, Reggie Caldwell, 84; Winslow Gilbert, 81; Vernon Morris, 70; Paul Lawrence, 74; Gerald Pugh, 51; Pat McNeill, 38; and outside of the above, a few took the hikes, without writing to date. Full marks on the paper were 148, and the marks gained are up to the average for such candidates as take this Course.

News reaches us from Perth, that they are building a Troop Headquarters there. And there is now a Scout Troop at Andover, in addition to the Cub Pack which has been running for some time. The Troop is in charge of the Anglican rector of Andover, Mr. McAlden.

Total proceeds of the entertainment given at Devon and Nashwaaksis, as described in our previous news column, amount to about \$24, which sum has been divided between the two Troops concerned. The Douglas Troop contingent, who had unfortunately been prevented from taking part in this programme, through sickness, are now on the way to recovery, and expect to be able to put on a further display, at some future time.

On Monday last, Lord Baden-Powell's birthday, we attended the Saint John District celebration of the day, at the Admiral Beatty Hotel, where a good representation of District Scout and Guide officials, and Leaders, was assembled. The programme included speeches in honour of the Day, by the Chief Justice Hon. J. B. M. Baxter, who is Provincial President; Hon. Mr. Justice Harrison who is Vice-President of the Saint John District Council and a member of the Dominion Council; Asst. Provincial Commissioner Boyaner; Dr. Peat, President of the Saint John District Association; Mrs. G. Wilford Campbell, who in addition to speaking, presented a Shield to St. George's Cub Pack, first in the Saint John District Field Day, held last October. A birthday cake was lit by friction fire; the St. John and St. Stephen (kilted) Troop gave a gymnastic display under Scoutmaster Wetmore; District Commissioner George Scott replied to the Toast to the St. John District, reporting fine progress; a message was read from the Chief

## "OUR CHRISTIAN DUTY" SUBJECT OF SPEAKER'S TALK

Rev. A. A. McLeod Urges Christians to Fight "Rum Demon"

A largely attended meeting of the Wilnot United Church Brotherhood Sunday afternoon heard Rev. A. A. MacLeod of Wolfville, N. S., Maritime Field Secretary of the Sons of Temperance, denounce the beverage us of alcohol.

Taking as his topic "Our Christian Duty," based upon the text: Romans 15, 1, "we who are strong ought to bear the infirmities of the weak, and not to please ourselves." Mr. MacLeod declared that every Christian citizen should be a total abstainer from the use of intoxicating beverages, because of what alcohol is and because of the way in which it affects the individual.

"Alcohol is the product of decay, it comes into existence through the destruction of food. It is the waste products of the digestive processes of millions of minute organisms called the yeast plant. Wine is decayed grape juice; beer is decayed grain juices, and stronger liquors are the distilled products of these and other decayed foods."

#### A Poison

Mr. MacLeod pointed out that a racial narcotic poison, such as alcohol, should not be included by anyone because of its effect upon the human brain, attacking the brain, as it does, in the inverse ratio of its development. Addicts of alcohol are being made in an alarmingly increasing manner under the present system of government sale and "boot-legging."

"We are not fighting governments," declared Mr. MacLeod, "we are fighting drink." Anything which robs little children of their birthright, wives and mothers of their heritage, and makes sots of decent men; anything which is the cause of murder, death upon the highways, maiming for life, and the neglect of little children, should be actively opposed by every Christian citizen."

The speaker pleaded with all present to be total abstainers themselves, to get others to become total abstainers, and to fight the liquor traffic.

#### Outlines Work

Mr. MacLeod outlined the work which the Sons of Temperance is doing in the province. Publishing the only paper wholly devoted to Temperance printed regularly in the Maritimes, employing a full time Field worker who addresses public meetings continually, and organizing Division of the order in the provinces.

Warm expressions of thanks were expressed to Mr. MacLeod for his stirring and informative address.

During the meeting a song service was led by F. T. Pridham. Prayer was offered by Rev. T. D. Bell.

Scout, sent from Simla, India, and at the close of the evening, we showed pictures of several Jamborees, and some local views of Scouting activities near Saint John. With us were Assistant District Commissioner Harold Doherty, Rover Scout Cumming of 3rd Fredericton; and also in the party, Rev. and Mrs. W. J. Bate.

ROBT. PUGH,  
Provincial Field Worker.

## SOCIAL HAPPENINGS

#### Mixed Dinner-Bridge

Mrs. W. J. Lawson was hostess on Saturday evening at a charmingly arranged dinner-bridge. The tables were centred with yellow daffodils in silver holders. Bridge was played at four tables the prizes being won by Mrs. A. F. Belding, E. M. Young and Mrs. H. S. Wright.

#### Entertaining for Brides of Season

Mrs. Joseph G. Lamb entertained at a delightfully arranged tea and shower on Friday afternoon at her home in Ottawa in honor of three of this season's brides, Miss Mary McGibbon, whose marriage takes place today, Mrs. W. T. Troy, who prior to her recent marriage was Miss Helen Fitzsimmons, and Mrs. Robert Moore, formerly Miss Margaret Harry.

Spring flowers in bright tones and yellow tapers were used to adorn the tea table, at which Mrs. H. L. Broadbent, Mrs. Percy Mansell and Miss Margaret Harry presided. Those assisting were Miss Dorothy Merrill, Mrs. Eric Thomas, Mrs. M. J. Macdonnell and Mrs. Kenneth West.

Each of the three guests of honor was presented with a handsome Weland Tree silver platter from those present, little Misses Sally Ann Broadbent and Ruth Smith making the presentations.

Mrs. Lamb was before her marriage Miss Marguerite Gillis, formerly of this city.

#### Regent in Chair at Oratorical Contest

In the oratorical contest which was sponsored by the Victor Hatheway Chapter of the I.O.D.E. in co-operation with the Rotary Club and which took place on Friday evening in the auditorium of the Fredericton High School, the regent of the Chapter, Mrs. Arthur McF. Limerick, was in the chair and introduced the speakers. Whilst the decision by the judges was being made Mrs. Limerick addressed the audience on the aims and objects of the Order.

#### For Debutantes in Ottawa

Mrs. Gerald P. Loggie entertained delightfully at the tea hour on Friday afternoon in honor of a number of this season's debutantes.

## I HEARD A WOMAN

I heard a woman  
Talking of dishrags;  
How they should be made  
And used  
And hung up  
And kept and washed  
And evermore replenished;  
And while she talked  
Her children, forlorn,  
Lay in the sink;  
Her children, forlorn,  
Licked ancient egg  
From off the dirty plates and spoons;  
And while the dishes lay  
The woman went on  
Talking of women  
Who talk of dishrags.

—Helen Hoyt, in The World Today

I heard a woman  
Talking of women  
Who talked of dishrags;  
Her dishrags  
Not kept and washed  
And evermore replenished;  
And while she talked  
Her dirty dishes  
Lay in the sink;  
Her children, forlorn,  
Licked ancient egg  
From off the dirty plates and spoons;  
And while the dishes lay  
The woman went on  
Talking of women  
Who talk of dishrags.

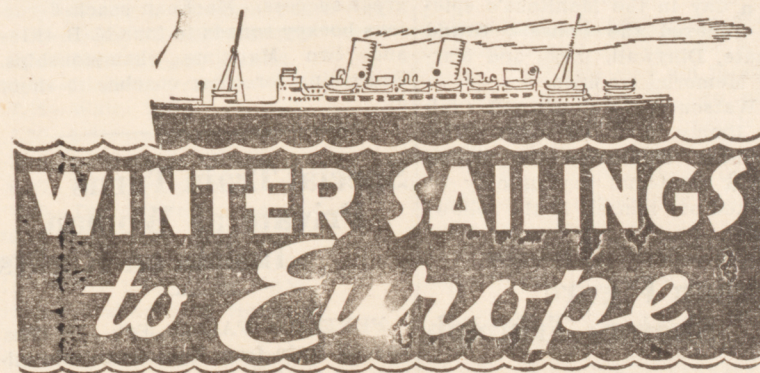

—Hygeia.

"What did you say to the officer?"  
"In any pinch, give me a Sweet Cap!"

# A Happy Average!

"WE'VE entered upon a new era in this country", declared Mr. William Waddell (Real Estate; Farming Properties Our Specialty). — "Watch Canada grow—and Essex centre, too."

"Hear, hear", applauded "Butch" Nolan, cattle buyer and booster for Picobac, the pick of Canada's Burley crop.

"Hear, hear", echoed the company.

"Boys", warned Mr. Picobac, chuckling into his pipe, "don't let your enthusiasm run away with you. Let's go slow with new-fangled ideas. Sure, I know there's a few things in this country that can be improved. But we don't want to try to do it all at once. And by cracky, we don't want to be like that dog we used to read about in the first reader; we don't want to drop a darn good bone for a shadow. I've been through so many ups and downs now that I'm getting wise. So I tell you—a happy average is the best thing for this country in the long run!"

The philosopher of Sunny Southern Ontario's Burley tobacco belt dug out his Picobac seal-tight pouch preparatory to a mild . . . cool . . . sweet smoke.

"Give me a match, somebody", he ordered.

## "THE PRINTING PRESS IS THE TONGUE OF CIVILIZATION"

In the year 1437 Johannes Gutenberg, a German printer, invented the printing press and began printing at Mainz.

The civilized nations are now commemorating the five hundredth anniversary of this invention. We believe that the best way to get information to the public is by the general use of "printers' ink"—"civilization" as a means of therefore we are using "the tongue of conveying some very valuable information to the men of Fredericton and vicinity.
