A Feast of Beautiful GIFTS

The display of gifts in Shute's New Jewellery Store leaves the purchaser at a loss how to choose amidst such an embarrassment of riches.

Those who love china will give more than a passing glance to the display of SPODE, one of the better English makes on view, in several of the more beautiful patterns, as for instance the mauve embossed Billingsley Rose, the Shanghai, a beautiful pattern with a Chinese motif and very artistic coloring. The Rose Briar, another popular line, is an attractive but inexpensive pattern. One of the big features of this line is that any pattern bought can be added to as required.

The Silver display in the most modern style of wall cases, is second to none in the Province. It is composed of the best makes both English and Canadian from the popular prices in plain design to the more elaborate Sheffield reproductions.

The Island Display cases containing china and sterling silver applied to Crystal in Relish Dishes, candlesticks, decanters, etc., is most attractive in popular prices from \$2.50 to \$7.50.

The Clock line is very full. China Clocks, China, Mantel, Desk Alarm Clocks, etc., are all represented.

There is a very full line of Men's Leather Goods.

The Diamond showing has been selected with great pains, for brilliance and perfection of the stones.

All good makes of the best watches are on display at reasonable prices.

THAT WILL BRING DELIGHT TO ALL CHILDREN BETWEEN SIX YEARS OLD AND SIXTY ARE ALREADY ON DISPLAY AT
