Y.M.C.A. Leaders Corps

At a business meeting of the Y.M.C.A. Leaders Corps of Fredericton last week the following officers for 1937 were elected: President, Dallas Laskey; vice-president, Ronald Menzies; secretary-treasurer, Bert Estabrooks. The Leaders Corps at present consists of a small group of athletes who obtained their initial experience in gymnastic exercises last year in the Y.M.C.A. Gym Club and who have undertaken to assist R. J. Albrant in coaching a Fredericton gym class for young men. There were between twenty and twenty-five chaps in the Gym Club last year. The majority of these members were students of the university and Normal School and no longer reside in Fredericton. The resident members of the Y.M.C.A. Leaders Corps of Fredericton. The objective of this corps is to gain proficiency in apparatus work and other forms of physical education in order to give the necessary leadership and training to the new gym class. The leaders will also assist in directing boys' classes and recreation periods.

The members of the Leaders Corps are fortunate in having as instructors in the more advanced exercises they are practising, two experienced gymnasts. These are Cameron Place of Montreal, and Bert Geary president of Moncton Leaders Corps who are attending the University of New Brunswick. Mr. Place and Mr. Geary have the benefit of several years' experience and can teach the local leaders a lot. Any men who are interested in joining the gym class may do so by calling at the Y.M.C.A. rooms in the Chestnut Building, Queen Street or by attending a session of the class at Brunswick Street Baptist gymnasium on Tuesday or Friday evenings at 9.30.

Miss Marcelle Gorham recently entertained at a small but delightful skiing party. The guests after skiing repaired to the home of the hostess where games and music were enjoyed and a hot supper served.

Mrs. W. D. Herridge entertained at the tea hour over the week-end for a number of sessional visitors in town.

Mrs. George Black, M.P., for the Yukon, who is in Ottawa attending the session, is arriving in Sherbrooke on Wednesday night and will be a guest of Mrs. C. B. Howard, "Howardene," until the following Saturday. Mrs. Black will be the guest speaker at the annual meeting of the V.O.N. in the city Auditorium at Sherbrooke.

Emile Michaud, of Montreal, spent the week-end in Ottawa the guest of his brother and sister-in-law, Hon. and Mrs. J. E. Michaud in Ottawa.

St. Paul's Men's Club

At the regular meeting of the Men's Club of St. Paul's United Church, Rev. George Telford gave an interesting address on the "Jews and Palestine." Robert Munro's class acted as hosts. George Chapman presided over the meeting. Several songs were sung and an enjoyable evening spent. Tracy McFarlane played several selections on the accordion.

L. E. Armstrong of Toronto is in the city, a guest at the Queen.

George de Warfaz
Urges Union Dramatic Groups

At the New Brunswick and Prince Edward Island Drama Festival which is now going on in Saint John last evening three plays were submitted. Alfred Sutro's "A Marriage Has Been Arranged," under the auspices of St. Andrew's Church Club; "The House on the Hill," presented by the Saint John Community Drama League and Lewis Beach's "The Clod," staged by the Theatre Guild of Saint John. Three more plays will be presented this evening.

George de Warfaz, regional drama adjudicator, found in the plays much to praise and much to condemn.

Mr. de Warfaz gave his sugar-coating before the pill and spoke of the excellent amateur productions showing serious and artistic effort. He would not criticize the selection of play in the first production as he understood it was a last minute choice because of illness, but as a drama festival entry it was hardly fair to select one with no more than two characters.

The second play was decidedly not a good one, being too cheaply sentimental, too easy in its appeal to sentiment, badly constructed and leaving nothing in the way of surprise for its ending.

The last play he considered the best produced that evening, having "meat and drink" in its make-up, holding the suspense admirably to its surprising and astonishing climax. The sound of horses galloping by off stage had preceded the arrival of the northern soldiers and to G. M. Anderson, who was the off stage horses. Mr. de Warfaz gave much praise, saying the "horse" had had realistic voice and was an excellent actor.

All of the actors, he said, had apparently been afraid to walk naturally. He thought they all had taken lessons in gliding. Then also he had found the actors failed to make themselves heard in the first two plays, and the lighting too dull in all three plays.

Speaking of individual performance, the adjudicator found the lady in the first play wooden in her motions and unfortunate in the choice of her dress and in not having a fan or handkerchief with which to obtain easy movements. The gentleman, he remarked, had only shown easy motion when he blew his nose. There was lack of dance music in the distance to give the scene connection with the supposed location and the two performers had missed many opportunities for intimate grouping.

In the second play, the music was too realistic. He thought the angels must have been harping too hard. Jim's performance was a great professional achievement, his expression of face and emotional reaction being excellent, but he had failed in registering surprise and emotion when meeting his mother and had made the mistake of turning his back on the audience as he looked down on the town. The host, Mr. Richard, had been too young in his impersonation and easily put his hands through the glass as he shut the door. The part of Mary had been outstanding and very well taken.

In the third play it was noted, Mr. de Warfaz said, that no extra light appeared on the stage when candles or lanterns were lit and that was a mistake. The two southern soldiers had good voices and diction, but he fancied they needed to be drilled. Major Simon could make them more soldierly in bearing, he believed. The wounded northern soldier was the best performer in that play, Mr. de Warfaz stated, and the play was much better acted than the other two, attaining a high artistic level.

FISH CAMPAIGN
TO RESUME

The publicity campaign of the Department of Fisheries, Ottawa, is being resumed this week. It will be remembered that the advertising began last October and continued through November. Then there was a suspension of publicity activities through December and the major portion of January. Now the campaign is away again.

It is gratifying to know that as a result of the advertising the Canadian people are more fish conscious than ever before. It is to be hoped that the publicity, which will be given to Canadian fish and shellfish during the next eight weeks will consolidate the good work that has already been done.

The designs used in the advertisements are products of a Maritime Artist, the copy was prepared by a Maritime writer, while the campaign is being conducted in the Maritimes by an advertising agency having its head office in a Maritime town.

Here's the Modern Way to Help
END A COLD Quicker

The 3-Minute VapoRub Massage

Massage VapoRub briskly on the throat, chest and back (between and below the shoulder blades). Then spread it thick over the chest and cover with warm cloth.

Almost before you finish rubbing, VapoRub starts to bring relief two ways at once—two direct ways:

1. Through the Skin. VapoRub acts direct through the skin like a poultice or plaster.

2. Medicated Vapors. At the same time, its medicated vapors, released by body heat, are breathed in for hours—about 18 times a minute—direct to the irritated air-passages of the nose, throat and chest. This combined poultice-and-vapor action loosens phlegm—relieves irritation—helps break congestion.

During the night, VapoRub keeps right on working. Often, by morning the worst of the cold is over.

Avoids Risk of Stomach Upsets
This safe, external treatment cannot possibly upset the stomach, as constant internal "dosing" is so apt to do. It can be used freely, as often as needed, even on the youngest child.

Now White—Stainless

Thanks to a new process, VapoRub now comes to you in white stainless form. Only the color is removed; it is the same VapoRub—the same formula and the same effective double action.
