

Cotton Town Squad Takes One-Game Lead in York-Sun. Baseball Campaign

N. B. Ladies Golf Meet Opens on Links Here

Forty-nine Golfers Are Entered -- Nine Clubs Represented

Although the entry list was not as large as was desired the annual tournament of the New Brunswick Ladies' Golf Association, which swung into action this morning, has brought together this year a smart aggressive, top-notch group of golfers from nine clubs in the province who will challenge the position of Mrs. D. A. Lindsay, New Brunswick's lady golf champion.

Mrs. Lindsay arrived in Fredericton yesterday with other members of the Woodstock Club to prepare to hold her title that will bring out the best in Miss Audrey McLeod of Saint John, last year's runner-up at Perth and several more including Miss Maggie Jean Chestnut of this city, who is at home on the course of the Fredericton Club where she is ladies' champion.

Sixteen-year-old Joyce Irvine, a junior miss of the Fredericton club, is expected to provide some of the seeded players in the first division with considerable opposition as she makes her debut in her first tournament. Constantly playing the nine-hole course in the 40's she is an unknown quantity but has the confidence of her supporters and her coach Fred Hancock, pro of the Fredericton Club, to finish close to the top in the meet.

The course of the Fredericton Club, situated on the sloping valley of the Saint John river in the western limits of the city, has been nursed into its best condition in a number of years after a severe winter that took its toll of the turf and the greens.

49 Golfers Entered
Today and Wednesday's play brings together 49 golfers, of which 13 are entered in second division play who commenced the play at 9 o'clock this morning, competing

against each other in the first round for the provincial championship, and the second division team match 18-hole medal play for the silverware. First division play gets under way at 2 o'clock for the first round of the team match, 18-hole medal play, for the T. Eaton Co. Ltd., cup and the provincial championship.

The finals will be run off on Wednesday, starting again at 9 o'clock, with final round of first division play for the provincial championship as well as the team match. Second division finals start at 9 o'clock and 9:30.

YANKEES TOPPLE BOSTON SQUAD IN DOUBLE-HEADER

NEW YORK, July 5 — New York Yankees blasted out a double victory over Boston Red Sox, 15-0, 8-4, here today before a holiday crowd of 61,146, with Joe Di Maggio's 20th home run, two circuit clouts by Lou Gehrig and one by Bill Dickey featuring the firing.

In Detroit the Tigers took both morning and afternoon games from Chicago White Sox, winning the first 8-4, and the second, in 10 innings, 7-4.

Athletics lost one game and played to an 11-inning tie in a doubleheader with Washington Senators in Philadelphia. The Mackmen lost the first game 5-3 and tied the second game 2-2 in the ninth inning. It was called on account of rain and darkness at the end of the 11th.

Six St. Louis Browns pitchers were unable to stem the Indians and Cleveland took both ends of a doubleheader, 14-4 and 15-4.

HUBBELL, GOMEZ MAY OPEN MAJOR ALL-STAR GAME

WASHINGTON, July 5 — It looks as though a pair of celebrated south-paws, King Carl Hubbell of the Giants and Vernon (Goofy) Gomez of the Yankees, may start the firing in baseball's all-star game Wednesday. Old "Square-Pants" Hubbell will have had five days rest by game-time. He won his last go and should be in rare fettle. Gomez, the not-so-goofy one now, has been hot as a fire-cracker in his last two starts. He shut out Philadelphia and Washington, giving the A's one hit and cooling off the Senators Sunday with five.

Game little Tommy Bridges of Detroit also will have had a week's vacation and Marse Joe may give him the nod.

"Dizzy" Dean shut out the Reds Sunday but Terry's other pitchers took it on the chin. The "Dizzy" one beat Cincinnati's Lee Grissom, while the "Jints" whipped Brooklyn's Van Lingle Mungo, the Cubs beat Pittsburgh's Cy Blanton and the Bees knocked out Philadelphia's Bucky Walters.

While baseball enthusiasts speculated on the strategy of the rival managers, the Washington club announced a complete ticket sell-out, promising a crowd of 32,000. It was said approximately 3,000 standing-room tickets, at \$1.10, would be sold just prior to the game.

TRACK AND FIELD CHAMPIONSHIPS OPEN JULY 9TH

SAINT JOHN, July 6—The Maritime Track and Field Championships for Men and the British Empire Zone Trials for Women will open Friday night, July 9, at 6 p.m., with the six-mile run in which Roy Oliver, of New Glasgow, N. S., holder of the present record for that distance of 32 min. 27 sec., set in 1934, will be competing and will attempt to break his record on the fast K-Club Grounds track.

There are a total of 22 other events including the six-mile, will be finals.

Athletes planning on entering should note this carefully.

It should also be noted that the entries must be in the hands of Secretary J. Harold Chown of the Olympic Club not later than Tuesday morning, July 6th.

Coach Tom Trenholm entertains strong hopes that Bill Bayly, well-known miler, of Saint John, will break or come mighty close to breaking the Maritime record of 4 min. 24 2-5 sec., also that the pole vault and javelin records will take a tumble.

Due to the fact that all track events will be finished in front of the new grandstand which at present is being erected, the spectators will have no trouble in any way of not seeing the events.

Also the new pit for all the jumps is being placed so that the crowd will have an excellent view of these field events.

The events that will be run Friday are listed as follows, subject to a change of order:

1. Senior Men Six-Mile Run.
2. Senior Men Javelin Throw.
3. Junior Girls' Javelin.
4. Senior Men Pole Vault (eliminate to four competitors).
5. Senior Girls 100-yard Dash (heats).
6. Boys 100-yard dash (heats).
7. Junior Girls Baseball Throw.
8. Senior Men 100-yard dash (heats).
9. Junior Girls 60-yard dash (heats).
10. Senior Girls Baseball Throw.
11. Senior Men's Hammer Throw.
12. Senior Girls High Jump (eliminate to four).
13. Senior Girls Shot Put.
14. Junior Boys 440-yard dash.
15. Senior Men's One Mile Run.
16. Senior Men's 220-yard Dash (heats).
17. Senior Girls 60-yard Dash (heats).
18. Senior Men's Shot Put.
19. Junior Girls 40-yard Relay.
20. Senior Men's Broad Jump (to four).
19. Junior Girls 440-yard Relay.
22. Senior Girls Discus.
23. Senior Men's High Jump (to four).

Scores Impressive Win Over Fredericton-Dev.

Victors Retain Edge On Play--Game Ends 7 to 2

Marysville took the lead in the race for York-Sunbury Baseball League honors last evening by decisively trouncing the Fredericton-Devon troupe 7-2 in a regular loop fixture played on the latter's diamond. Out-hitting their opponents in every department of the battle, the victors broke the deadlock for league leadership and now lead the race. Last evening's skirmish leaves Minto in second place with the local brigade holding down the cellar position.

The Fredericton-Devon clan threw three hurlers into the fray in a vain attempt to stem the heavy slugging attacks of the victory-mad invaders who ran up a total of six runs before the fourth inning. Aitkens started on the pitching route for the home squad but had not progressed very far before he was hammered into submission by the enemy sluggers.

Dinsmore, one of the most colorful mound performers in Maritime baseball wars, was thrown in the breach and held the invaders for three innings. He was later replaced by Bailey who finished the game.

A last-inning batting spurge netted the homers their only two runs, saving them from annihilation. The victors opened scoring in the second by registering four runs. They collected two in the following and raised the total to seven in the seventh inning.

The teams will meet again on the Marysville diamond tomorrow night.

On Thursday evening the Marysville troupe will be at home to the Minto squad.

Batteries: Devon—Aitkens, Dinsmore, Bailey and Staples; Marysville—Kain and Paul.

[Score] by Innings

Marysville	042 000 10—7
Devon	000 000 02—2

HOLLAND RICH IN OIL PRODUCTS

Her Dutch East Indies Are Source of Vast Wealth

DATAVIA, Java—A comprehension of Holland's wealth and economic problems may only be had by correctly understanding how vast is the territory of her Dutch East Indies and how great are their natural resources.

Briefly put, Netherland India is about one-quarter of the continental area of the United States and nearly equals the combined areas of Austria, Czechoslovakia, France, Portugal, Germany, Spain and Switzerland. The Dutch East Indies are composed of the islands of Java, Madura, Borneo, the Moluccas, Sumatra, the Celebes and other islands of lesser repute, but which have an area of 81,313 square miles. In all, the population is close to 61,000,000, but with 41,000,000 of these on the one island of Java alone.

The wealth of the Indies is proverbial; just how much it is and how much of it annually finds its way to Holland is not quite known, but it is something tremendously great. It consists of oil, tin, petroleum, sugar, rubber, to mention only a fraction of the raw materials upon which the world depends, and for the control of which wars have been fought, and for which new wars mightier in scope than anything yet conceived will be fought.

Twenty-six per cent. of the exports from the Dutch East Indies last year went to Holland, and while they totalled \$65,000,000, this figure does not tell the whole story, for goods that went to Singapore and to Hongkong and oil that went to Poeloe Samboe, the island off Singapore, went there for storage and for transshipment, and that was considerable.

America, as a rule, takes about 17 per cent. of Dutch East Indies exports, and in 1936 these totalled \$45,000,000. These included mostly rubber, tea and tin. The Straits Settlements and Malaya took \$35,000,000 in products from these Indies, and Japan took \$15,000,000 worth of sugar, corn, palm oil, crude oil, lubricating oil and petroleum products.

On the other side of the sheet, Japan shipped in something like \$30,000,000 of textiles and canned foodstuffs, forming 27 per cent. of the total imports into the Indies. Holland comes second, America sixth with \$2,000,000 worth of cars, \$350,000 worth of old newspapers for wrapping purposes, \$600,000 worth of oil machinery, thirteen heavy bombers for the Dutch army, and another of the same type on order.

During 1936 these superb tropical islands exported 778,000 metric tons of kerosene; 1,653,000 metric tons of gasoline; 676,000 metric tons motor oil, and fuel and Tarakan crude oil amounting to 1,577,000 metric tons.

The Dutch East Indies is one of Japan's chief sources of oil. Of the fuel and Tarakan crude listed above, Japan took 427,000 metric tons besides 3,000 tons of gasoline, and 5,500 tons of kerosene, as well as 37,000 tons of motor oil, all during 1936. (Continued on Page Four)

"Do Your Duty First—Think of Your Rights Later"

—Rt. Hon. Stanley Baldwin.

The accepted rules of the road are guides to regulate traffic. It is not sufficient that the letter of the law be obeyed.

It is our duty and obligation to respect the property and lives of others. Anything less denies the spirit of human relations.

At all costs, let us avoid responsibility for accidents. As Rt. Hon. Mr. Baldwin has properly said—"Do your duty first. Think of your rights later."

"I'm for Peace," said Mr. PICOBAC

A benign expression spread over Mr. Picobac's countenance. Removing his pipe, he leaned against the desk of the Essex Centre Grand Central Hotel, and gazed at his audience of two.

"I'm a peaceful man," repeated he. "I try to be a good neighbour, same as President Roosevelt does . . . and Mr. Baldwin. But . . ."

"You don't like people to walk on you," suggested George Boniface, genial proprietor of the hostelry.

"Peace with self-respect," agreed the Burley tobacco patriot. "Canada is a self-governing, self-respecting Dominion in the British Commonwealth of Nations. She's not looking for trouble. But I'll say she will hold up her end if trouble ever starts."

"Well, don't start anything around here," advised Gus, who drives the bus that meets all the trains.

"Don't worry," rejoined Mr. Picobac, puffing in great content. "I won't. As long as I have enough Picobac tobacco for a mild . . . cool . . . sweet smoke, there'll be no trouble with me. I'll keep the peace and be a friendly neighbour."
