TAKE THE HEAT ON HIGH (or Keep In High Gear This Summer)

WHEN the heat comes, some people, like old cars, can't make the grade—they have to slip into "second" or into "low". The heat slows them, saps their "horsepower". Why can't a youngster of almost 30, who, judged by conventional standards, should be on the scrap heap, drive in high through the hottest summer, defying Mr. Sol, just as in winter I scorn Mr. Zero? The answer is foods. People give no thought at all to the foods they ought to eat, only the foods they like. They follow the herd. Herd intelligence is notably no intelligence at all.

If people would really think, they would realize that bodily health depends upon the blood that feeds the body cells. The blood depends upon the kind of foods which build the blood. Therefore the kind of blood that flows through our bodies can make us shrivel and shiver on cold days and wilt and wither on hot days. The cause of both is viscid,ropy, toxic blood, derived from denatured, dead, demineralized, constipating foods.

Here is how to prove me right or wrong. During the hot spell, make your breakfast of Roman Meal, Bekus-Puddy or Lishus, all you can enjoy with milk or cream, raisins or chopped dates, not body-heating sugar. Make thick enough to chew thoroughly. If hot cereal is not liked, cook any of them the previous night, allow to cool, place in refrigerator and serve for breakfast, with sliced or canned peaches, ripe bananas, fruit jelly, preserve, or honey with cream or milk. Drink iced Kofy-Sub, sweetened with brown sugar, or preferably honey, added while hot, a very delightful and healthful beverage. For noon meal a salad of fresh fruit or raw vegetables, iced Kofy-Sub. For evening meal, a large fruit or vegetable salad, sprinkled with grated nuts, graded cheese or cottage cheese, or lightly steamed vegetables if salads are not liked, as second choice. Any kind of juicy fruit for dessert. Iced Kofy-Sub or hot Kofy-Sub if hot drink is preferred.

Train the intestines to eliminate after each meal. It is of utmost importance to exercise all groups of muscles briskly, fifteen or twenty minutes daily, to the point of deep breathing, to burn up internal poisonous waste. If you do not know how, send fifty cents for my book "SYSTEMATIZED

MUSCLE EXERCISES, illustrated.

Rub the body down with rough towel wrung out of hot water in hot weather; cold water in cold weather. Relax muscles, nerves and mind. Do not fret or worry and—well, I stake my reputation on this assertion—follow this program for one month, or at most two, and so remarkable will be your improvement, you will always follow it. Write for University proof that Roman Meal, Bekus-Puddy, Lishus and Kofy-Sub are wonderfully rich in blood-forming minerals, also other important health literature free. Address: Robt. G. Four great new Packards... FOUR NEW LOW PRICES!

For 1937, Packard presents the top-quality car in each of four price classes

FOR 1937 Packard offers you the four greatest Packards ever built. Each is the leader of its price class. And each sells for a new low price!

The 1937 Packard Twelve is the finest car money can buy. It steps so far ahead mechanically for 1937 that there simply is no other make of car with which to compare it.

The 1937 Packard Super-Eight succeeds both last year's Eight and Super-Eight, and brings to motorists a combination of mechanical advancements which promise to revolutionize fine-car motoring.

The 1937 Packard 120 is proof that a car can be a sensation three times in a row. This car, whose outstanding performance has been the talk of the motoring world,

is an even better car this year.

And—out of Packard's 36 years of experience in building fine cars, now comes a brand-new Packard—The Packard Six.

The greatest low-priced car America has ever seen

Priced at \$1113 f.o.b. Windsor, the new Packard Six is a car that is destined to completely re-shape the low-priced car picture! It brings to its field a combination of qualities that no car of this price has ever possessed before—long mechanical life combined with long style life.

The Packard Six, and its brother Packards, are now ready for you to see and drive. Come in at your earliest convenience and let us demonstrate the tremendous values these Packards offer this year.

Cool, fragrant and satisfying—yes, sir, Rosebud is the smoke you will stay with. It gives you the flavour you want and keeps on giving it—down to the last puff in a pipeful. It's no wonder Rosebud "rings the bell" with so many Maritime pipe smokers.
