

Nova Scotia Ladies Still Leading in Maritime Golf Tournament

MISS BARBARA TRITES AND MISS BABS CREIGHTON LEAD ENTRANTS

Ten Nova Scotians and Six New Brunswickers Enter Championship Division — Match Play Opens This Morning

SAINT JOHN, Aug. 25.—Ten Nova Scotian golf stars and six New Brunswick players of outstanding merit survived the gruelling qualifying round of the Maritime women's annual tournament yesterday. Bridgewater and Yarmouth shared medal honors for the day when Miss Barbara Trites of the former club and Miss Babs Creighton, Yarmouth, 1936 Maritime winner, paced the field of 63 entrants at Riverside Golf and Country Club. Each scored 90 gross.

Now that the medal round is over, the contestants will settle down this morning to match play in four groups—16 in the championship division, 16 in each of the first and second flights and 15 in the third flights.

Miss Dorothy Holmes, Truro, who is shooting for her third Maritime title, was a good third in the 18 holes over Riverside's sporty and, at present, very fast course. She tallied 93. Still another star who has enjoyed the spotlight as Maritime title-holder, Mrs. S. E. Goodwin, Ashburn, tied with a club-mate, Miss E. Sanderson with 96, to place fourth.

The present Nova Scotia champion, 19 year old Maisie Howard, turned in a card identical with that recorded by Miss Audrey McLeod of Riverside—97's. Each faltered going out, with 52, but steadied down coming home, showing 45.

Miss Barbara Jack, Riverside, who like Miss McLeod is a former Maritime champion, trailed Mrs. A. Guest, Amherst, 100 to 98. Mrs. Hugh S. Gregory's 100 gave Riverside a third paw.

representative in the title division, but the luck of the draw matches Mrs. Gregory and Miss McLeod this morning in the opening round of title play.

Riverside landed a fourth title division player when Miss Marjorie Woodworth placed a 48 and 54 together for 102 and carried off net honors for the day in so doing. Her handicap of 23 reduced her score to 79.

While the figure is one stroke higher than the 78 net opposite Miss Trites' name on the scoresheet at the clubhouse, it was stated by the committee in charge of the 1937 meet that best net had been won by Miss Woodworth on account of best gross going to the young Bridgewater ace, together with Miss Creighton.

Westfield and Fredericton squeezed into the championship circle on the performances of Miss Agnes Puddington, who was 11th with 100, and Miss Louise Sterling, 12th with 102. Truro shows two players in the select group as Mrs. F. W. Young, hailing from the same club as Miss Holmes scored 103 to place 14th. But that will speedily dwindle to a lone competitor, for the two Truro ladies clash this morning.

Alex Taylor, golf pro, escaped from the burning Chesapeake Bay liner, City of Baltimore, which burned to the water's edge, but in so doing injured his spine, and has been forced to sleep and walk with a board strap, tied to his back.

Bill Swift, Pittsburgh pitcher, is a right hander, but his father, a pitcher for Pueblo 20 years ago, was a south-gregory's 100 gave Riverside a third paw.

MINTO VS. ST. CROIX PLAYOFF GAME AT THE BORDER TOWN

The First of Five-Game Series in N. B. Semi-Finals — Barnett and Brownell the Starting Moundsmen.

ST. STEPHEN, Aug. 24.—Tomorrow night at 6 o'clock (Atlantic Daylight time) St. Stephen, St. Croix, Maritime senior baseball champions, and Minto Miners, winners of the York-Sunbury League, square away here in the first of a five-game series in the N. B. senior semi-finals.

The second game is scheduled for Minto on either Friday or Saturday.

Minto will leave the mining town around noon tomorrow and arrive here about an hour before game time. In all likelihood, it was stated at Minto last night, Barnett will start for the Miners with McGovern in reserve. "Scotch" has not seen much service in the box this season and if Barnett goes bad he will be shunted to mound in an endeavor to stop or beat—the Maritime champions.

According to the management of the St. Croix "Lefty" Brownell will get the hurling assignment for the locals.

Both teams are said to be in top shape. Titus of Minto, who was injured in a recent York-Sunbury League final series game will be here with the Miners tomorrow.

PONTIACS-C.C.'S-GIANTS PLAY

SAINT JOHN, Aug. 25.—The New Brunswick senior semi-finals baseball playdowns open here tonight at Shamrock Park. The Saint John Pontiacs and Moncton C.C.'s-Giants open their five-game series leading to a final berth against the winner of the St. Croix-Minto series, which also opens tonight at the border.

Third Hole-in-One, Same Course and Same Hole

Mrs. J. W. B. "Betty" Sisam, Ottawa, chalked up her third hole-in-one here yesterday. And it wasn't only her third hole-in-one but the third she has made on the fourth hole of the Fredericton Golf Club in seven years! All of which should hang up some sort of a record, but we don't just know what to call it.

Mrs. Sisam, daughter of Mr. and Mrs. J. Stewart Neill of this city, was playing on the local course yesterday afternoon with Mrs. Robert McCunn, also of this city, when she did the spectacular trick at the 145 yard fourth or "periscope" hole, so called because the cup flag cannot be seen from the tee.

It was in 1930 that she first pulled the stunt, and in 1934 that she doubled. A handsome young matron whom we judge is in her twenties, by the time she has passed the half century mark she will be, beyond question, the world's champion hole-in-one—that is, unless her style of playing greatly deteriorates.

EYSTON PLANS ASSAULT UPON SPEED MARKS

To Take Eight-Wheeled Car To the Salt Flats of Utah In Near Future.

Besppectated Capt. George Eyston, the English auto racer who looks like a schoolmaster, took time out recently from his plans to attack the world's land speed record to tell about the eight-wheeled, 3,000 horsepower car he believes may shatter the mark.

Eyston will sail on the Aquitania shortly for a new assault on the speed record in Utah, where Sir Malcolm Campbell roared over the Bonneville salt flats at 301 miles per hour in 1935.

"I'm going to Utah merely to experiment with the car," said the 40-year-old captain.

"A lot depends on the course, and it is fantastic to talk about making 400 miles per hour in Utah because a very much longer course than available there is necessary before any attempt for that record is made."

Eyston said his car gives the appearance of an enormous fish and, theoretically, is twice as powerful as Sir Malcolm's Bluebird.

"It will be propelled by two engines side by side, of 12 cylinders each and it will be nearly 50 feet long," he said, stressing the fact he was making this trip merely to test the machine.

"Remember, it took Sir Malcolm 10 years to make 300 and the best I've done is well below that," Eyston said.

In September, 1935, Capt. Eyston raced his Speed of the Winds across the Utah salt flats at an average of 167.09 miles per hour to break the 10-mile record.

Four Moores, Davises, Browns in National League.

When the Giants sent George Davis outfielder, to the Jersey City farm, it temporarily broke up a three-cornered name competition in the National League.

The Moores, Davises and Browns were tied—four of each.

The Moores—Gene, John, Joe and Terry.

The Davises—Peaches, Spud, Curt and George.

The Browns—Mace, Earl, Jimmy and John.

SPORT SHORTS

Babe Dahlgren, former big league first baseman, has been picked as the best third sacker in the International League. He is with Newark.

Johnny Hopp, who jumped from the Nebraska league to Rochester, in Class AA, in one season, is picked to be a regular with the Cardinals next year. He's an outfielder. Branch Rickey said \$100,000 wouldn't buy his release.

The Kansas City baseball park cost \$410,000 when built in 1922. It sold this year to the Yankees for \$200,000 less.

Ill health caused Johnny Kling to sell the Kansas City Club to the New York Yankees.

Mel Ott will be the Giants' regular third baseman for the remainder of the 1937 season.

Tony Malinosky, Brooklyn shortstop, has been released to the Rochester Red Wings.

George (Kiddo) Davis, outfielder, refused to report to the Jersey City club, and the Giants sold him to Cincinnati.

Up to the date of his sale to the Washington Senators, Joe Anderson, giant southpaw pitcher with Sioux Falls, fanned 160 men.

Bill Strickland, a new member of the Browns' pitching staff, is not a stranger on the team. He long had been the batting practice pitcher.

Jesse Landrum, playing third at St. Paul, belongs to the Chicago White Sox.

The world's series will start this year on October 5. The first game, probably will be played at Yankee Stadium.

When Art Manush completes his course at the University of Iowa he will join the Brooklyn Dodgers where his older brother, Hinnie, is an outfielder. Art works with the Dodgers whenever they play in Chicago.

The railroads benefited by this year's amateur golf championships in Portland, Ore. It is estimated 200 golfers will have covered 200,000 miles to and from the tournament.

Pat Malone may wind up the 1937 baseball season with a can't-flower ear. A liner from Arndt Jorgens' bat, in practice, hit Pat flush on the left ear.

Anson Perina, wound up his freshman year at Princeton with a varsity letter. He got the major "P" for winning the broad jump in the Princeton-Cornell meet with Oxford-Cambridge.

TAKE THE HEAT ON HIGH (or Keep In High Gear This Summer)

WHEN the heat comes, some people, like old cars, can't make the grade—they have to slip into "second" or into "low". The heat slows them, saps their "horsepower". Why can I, a youngster of almost 80, who, judged by conventional standards, should be on the scrap heap, drive in high through the hottest summer, defying Mr. Sol, just as in winter I scorn Mr. Zero? The answer is foods. People give no thought at all to the foods they ought to eat, only the foods they like. They follow the herd. Herd intelligence is notably no intelligence at all.

If people would really think, they would realize that bodily health depends upon the blood that feeds the body cells. The blood depends upon the kind of foods which build the blood. Therefore the kind of blood that flows through our bodies can make us shrivel and shiver on cold days and wilt and wither on hot days. The cause of both is viscid, ropy, toxic blood, derived from denatured, dead, demineralized, constipating foods.

Here is how to prove me right or wrong. During the hot spell, make your breakfast of Roman Meal, Bekus-Puddy or Lishus, all you can enjoy with milk or cream, raisins or chopped dates, not body-heating sugar. Make thick enough to chew thoroughly. If hot cereal is not liked, cook any of them the previous night, allow to cool, place in refrigerator and serve for breakfast, with sliced or canned peaches, ripe bananas, fruit jelly, preserve, or honey with cream or milk. Drink Iced Kofy-Sub, sweetened with brown sugar, or preferably honey, added while hot, a very delightful and healthful beverage. For noon meal a salad of fresh fruit or raw vegetables, iced Kofy-Sub. For evening meal, a large fruit or vegetable salad, sprinkled with grated nuts, grated cheese or cottage cheese, or lightly steamed vegetables if salads are not liked, as second choice. Any kind of juicy fruit for dessert. Iced Kofy-Sub or hot Kofy-Sub if hot drink is preferred.

Train the intestines to eliminate after each meal. It is of utmost importance to exercise all groups of muscles briskly, fifteen or twenty minutes daily, to the point of deep breathing, to burn up internal poisonous waste. If you do not know how, send fifty cents for my book "SYSTEMATIZED

The above is from a photograph of Robt. G. Jackson, M.D., taken in his 77th year.

MUSCLE EXERCISES", illustrated.

Rub the body down with rough towel wrung out of hot water in hot weather; cold water in cold weather. Relax muscles, nerves and mind. Do not fret or worry and—well, I stake my reputation on this assertion—follow the program for one month, or at most two, and so remarkable will be your improvement, you will always follow it. Write for University proof that Roman Meal, Bekus-Puddy, Lishus and Kofy-Sub are wonderfully rich in blood-forming minerals, also other important health literature free. Address: Robt. G. Jackson, M.D., Vine Ave., Toronto.

SOMETIMES the memory of an acquaintance who failed to write his Will comes into mind, and often we are reminded of the difficulties which have followed—for his family. These happenings seem distant until we analyze our own circumstances.

Our Estate Officers will be glad to discuss with you the preparing or revising of your Will, in the light of present-day law and practice. We suggest that you consider the possible advantage of such an interview. You incur no obligation and may secure a great deal of helpful information.

How Would You Like...

A SPOON WITH ME?

Of course you'd like to get a useful, serviceable Aluminum Whipping Spoon absolutely free. Any thrifty housewife would. And it is yours as a gift when you buy your next pound tin of Barbour's ACADIA Baking Powder. One reason why Barbour's ACADIA Baking Powder is the choice of so many experienced cooks is its double-leavening action—first, in the mixing bowl and again in the oven, ensuring lighter, fluffier cakes and biscuits. Bake with Barbour's ACADIA to-day. Your grocer has it. And—while they last—you will receive free with every pound tin an attractive Aluminum Whipping Spoon.

Both for 25 CENTS!
