Now Science Explains
Why So Many People
Past 40

Feel That They're Slipping
Losing Their "Grip" on Things

Many people "round 40 think they're
"growing old." They feel tired a lot
... "weak." Have headaches, dizziness,
stomach upsets.

Well, scientists say the cause of all
this, in a great many cases, is simply
an acid condition of the stomach.
Nothing more.

All you have to do is to neutralize
the excess stomach acidity.

When you have one of these acid
stomach upsets, take Phillips' Milk
of Magnesia after meals and before
going to bed. That's all!

Try this. Soon you'll feel like
another person! Take either the
familiar liquid "PHILLIPS'" or the
convenient new Phillips' Milk of
Magnesia Tablets. Made in Canada.

ALSO IN TABLET FORM:
Phillips' Milk of Magnesia Tablets
are now on sale at all drug
stores everywhere. Each tiny tablet
is the equivalent of
a teaspoonful of Gen-
uine Phillips' Milk of
Magnesia.

Enjoyable Function at St. Paul's
Manse Yesterday

One of the most enjoyable church
teas of the season took place yesterday
at St. Paul's church manse when the
apron committee of the Ladies
Aid of the church were at home from
four to six o'clock. Over two hundred
guests representing all churches and
organizations in the city and neighborhood
availed themselves of the
opportunity of enjoying a cup of tea
and a social chat with friends. The
manse was attractive with a profusion
of cut flowers, in the dining
room being red tulips, white lilac and
lilies of the valley. In other rooms
the floral decorations were snap-
dragon, tulips and lilies. The guests
were received by the hostess, Mrs.
George Telford and Mrs. W. M. Todd.
Mrs. J. Bacon Dickson was ushering.
Mrs. Roy Graham was in charge of
dining-room. The tea table which had
a beautiful lace centrepiece and a
silver basket of cut flowers on a re-
flector was presided over by Mrs.
Robert Porter and Mrs. McDougall.
for the first hour and for the second
hour by Mrs. E. B. Ungar and Mrs.
Thompson. Assisting were Miss Mary
Vanwart, Miss Millicent Ramsay,
Miss Margaret Ann Morrison, Miss
Audrey Chapman, Miss Mary Jack-
son, Miss Kaye Vaughan, Miss Betty
McDonald, Miss Nancy McCunn and
Miss Jean Telford. Assisting in other
ways were Mrs. O. Brewer, Mrs. Al-
ma Benson and Mrs. J. H. Milligan.
Those who replenished were Mrs.
Bell and Miss Barbara Gough. In
charge of the contributions was Miss
Winnifred Everett. Miss Dorothy
Bremner opened the door. Miss Jean
Smith presided at the piano.

Charivari for Bridal Couple

Last evening a group of friends
met at the home of Mr. and Mrs. Fel-
icien Bourque in Lincoln and held a
charivari in honor of Mr. and Mrs.
Laurent Bourque who were recently
married at Rogersville. After the
usual demonstrations of best wishes
and fun-making the guests were in-
vited into the house where refresh-
ments were served following which
the bridal couple and their friends
dancing was enjoyed. At the conclu-
sion of the evening Miss Florence
Goodine on behalf of those assembled
presented the newly married couple
with a beautiful coffee table. Several
guests from Fredericton were present.

Honored Prior to Departure from City

David Boone, manager of the T.
Eaton Company, Limited, store in
Fredericton, was the guest at a banquet
given in the Homestead Inn last evening
by employees of the establish-
ment. The popular manager, who is
resigning his post here to accept
a position with a Hamilton man-
ufacturing concern, was made the
recipient of a handsome travelling
bag. Gordon McKnight made the
presentation on behalf of the gathering.
Mr. Boone, who also received the
best wishes of those present for his
future success, made a fitting
reply. The function was attended by
about twenty persons. Following re-
freshments bridge and dancing were
enjoyed. Mr. Boone will leave the
city in a few days to assume his
new duties in the Ontario city.

Receives Master of
Arts Degree Today

Harold A. Cox, who has lately taken
up residence on Charlotte street
in this city, today receives his de-
gree of Master of Science from Mc-
Gill University.

Mr. Cox, the younger son of Mr.
and Mrs. W. H. S. Cox of Sussex, re-
ceived his bachelors degree in 1931,
majoring in plant pathology. He
studied at MacDonald College, where
he was an active member of the
students' council.

Ill health forced him to leave
school at the completion of the
eighth grade, but he studied extra-
murally, and his perseverance and
ambition were rewarded when he
successfully passed his university
matriculation exams.

During his university career Mr.
Cox was prominent in the athletic
life at MacDonald College, as evidenced
by the fact that he was in his
senior year president of the Mac-
donald College Athletic Association,
captain of the college hockey team,
and manager of the football squad,
and he took an active part in bad-
minton and tennis. He was also a
member of the basketball team. On
various occasions Mr. Cox competed
in the N. B. tennis tournaments. He
is employed at present by the Dom-
inion department of agriculture as
plant disease investigator.

Flewelling Makes
a Forced Landing
In Africa

(Special to The Daily Mail)
SOUTH AFRICA, May 27.—Flying
Officer David Flewelling who was at-
tempting to break the record from
London to Capetown made a forced
landing 21 miles from Fort Elizabeth
in South Africa today. He was a
long way off his course due to com-
pass trouble. He will fly to Capetown
tomorrow and make an attempt at a
recent record established from Cape-
town to London.

MRS. IDA MAY HAGERMAN
The funeral of Mrs. Ida May Hager-
man took place this afternoon. A
large number of friends and relatives
were in attendance. Service was
conducted in the Baptist Church.
Mouth of Keswick, with Rev. Mr.
Young officiating. The pall-bearers
were Tillison Yerxa, Woodford Yerxa,
Frazier Jewett and Miles Hawkins.

OFFICIALLY OPENED
ROYAL TOURNAMENTS
(Special to The Daily Mail)
LONDON, May 27.—The King and
Queen officially opened the Royal
tournaments at Olympia today. They
were accompanied by a triple guard
of honor. The King wore the uni-
form of Field Marshall of the Royal
Air Force when he inspected the
tournament.

LONDON, May 27.—There is a pro-
posal to increase the salaries of the
British M. P.'s from four hundred
pounds to six hundred pounds a year.

ACCLAIM LECTURE
AS ONE OF BEST
EVER GIVEN HERE"Ancient Civilization" is
Theme of Illustrated
Talk

The illustrated lecture, given un-
der the joint auspices of the Home
and School Association and the York-
Sunbury Historical Society, last ev-
ening, was acclaimed by F. A. Good
and other educationalists as being
one of the finest educational lectures
ever given in this city. Morris Per-
kins and V. Gardener of Idaho, pre-
sented the lecture. It was doubly in-
teresting by the addition of about 50
coloured slides, giving authentic
proofs of the high state of civiliza-
tion developed by the Mayans, ap-
proximately 600 years before Colum-
bus discovered America.

Pictures were shown of an im-
mense pyramid in Mexico yet cloak-
ed in vegetation, with its secrets yet
untold, which is larger at the base
than any of the pyramids in Egypt,
and only exceeded in height by a few
feet. Works of art and other evidences
of far advanced civilization are in
evidence in that vicinity. Skeletons
of a type of horse have been un-
covered, definitely proving the fact
that they were used as domesticated
animals.

The wheel, claimed by many as
the greatest invention which hum-
ans have ever conceived, was used by
this ancient civilization in many
forms, while in Europe, few
uses had been devised, except for
use on the cart.

Concrete Used

Most astonishing of all, was the
fact that structures of concrete were
in use by these so-called primitive
people, centuries before it had come
into use by these, the so-called mod-
ern generations. The art of making
steel was also known and was held
in practical use.

The cause of the downfall of this
race of people, why their descend-
ants, the Mexican Indians had fallen
into such a state relapse, is not
known. This is a chapter of the book
which has not yet been written, and
such is the motive which will make
men of science and history continue
searching for further knowledge, yet
shrouded in the mists of antiquity.

Export Seed

that this phase of the trade has
great possibilities. However, the suc-
cessful development of such com-
merce depends on the establishment
of a preferential tariff. South Af-
rica at the present time imports its
seed from Germany, he said.

The matter is worthy of investiga-
tion, continued Mr. Mayer, express-
ing the opinion that the two coun-
tries should 'get-together' with the
view of removing obstacles which
would hinder the progress of com-
mercial intercourse between the two
colonies.

South Africa is selling large quan-
tities of sugar, corn, wool, dry fruits,
wine and brandies to Canada, and,
in return buys an even larger quan-
tity of goods, he said.

Purchases from New Brunswick
consist largely of fish products,
chiefly sardines, from Connors Brothers,
Black's Harbor.

From Canada as a whole, South
Africa takes just short of \$15,000,000
worth of goods. Conversely, Africa
exports just short of \$2,500,000, that
makes trade balance greatly in favor
of Canada, Mr. Meyer pointed out.

Because there was a corn crop
failure in that country last year, the
shipment of corn to this country was
scarce, but the expectation is that a
huge quantity will be sent to Canada
this year from South Africa.

Touching on boom conditions in
South Africa the visitor to Saint John
said that it has been necessary to
tighten up the immigration laws, as
people seeking prosperity were be-
ginning to 'flood' the Union.

"There is no such thing as unem-
ployment in South Africa," he stated.
Seventy-five per cent. of the
country's exports are gold. For the
past three years she has had a bud-
get surplus. Last year the surplus
was \$25,000,000 out of a total re-
venue of \$200,000,000, which meant
that 12 per cent. of the revenue was
surplus.

"And that," said Mr. Meyer, "is
what gold does for a country." The
South African railroads have shown
splendid profits also in the last three
years. A contributory reason is that
the country went off the gold stan-
dard in 1932, and since then prosper-
ity has come back strongly.

The recent report that America
might reduce the price they would
pay for gold caused some little an-
xiety in Africa. If this should happen
it would adversely affect the coun-
try's prosperity era, Mr. Meyer said.
He will leave for Halifax this after-
noon.

Dominion of Canada Conversion Loan

The Bank of Canada is authorized by the Acting Minister of Finance to receive
applications to convert Dominion of Canada 5 1/2% Victory Loan Bonds
maturing December 1, 1937, into:

Twelve-Year 3 1/4 per cent. Bonds, due June 1, 1949
(Callable on or after June 1, 1946)

Issue Price: 99.00%
yielding approximately 3.35% to maturity.

Victory Loan Bonds accepted for conversion into the 3 1/4% Bonds of the new loan
must have attached the final coupons due December 1, 1937, and will be valued at a
price of 102.25% (the coupons due June 1, 1937, detached).

Bonds accepted for conversion will be exchanged for interim certificates of the new
loan on June 1, 1937, when the resultant cash adjustments in favour of the appli-
cants will be made.

3 1/4% Bonds will be dated June 1, 1937. Principal and interest will be payable in
lawful money of Canada. Interest will be payable, without charge, semi-annually
June 1 and December 1, at any branch in Canada of any chartered bank.

Denominations: 3 1/4% Bonds, \$100, \$500 and \$1,000
No part of this loan will be offered for cash subscription.

Applications may be made to the Head Office of the Bank of Canada through any
branch in Canada of any chartered bank or through any recognized dealer, from
whom copies of the official prospectus containing complete details of the loan may
be obtained.

The application lists were opened on May 5, 1937, and will close, with or without
notice, at the discretion of the Acting Minister of Finance. The Acting Minister of
Finance reserves the right to limit the amount to be converted.

OTTAWA, May 10, 1937.
