## What Fans Should Know About the Hockey Rules

Below is another of a daily summary of the rules of ice hockey, as drawn up by the Canadian Amateur Hockey Association, and which apply to all amateur hockey in the Maritimes, including intercollegiate and high school hockey. The Daily Mail is presenting these rules in order that the ordinary fan may be well informed on plays as they happen and the regulations now in practice. The rules follow:

(Continued)  
Penalty Shot

27. When a player is tripped or otherwise fouled and thus prevented from having a clear shot on goal, having no other player to pass than the offending player, a penalty shot shall be awarded to the non-offending side.

Then penalty shot shall be taken from a spot 36 feet from and at a right angle to the centre of the goal-line, set in the centre of a circle ten feet in diameter marked on the ice. The penalty shot may be taken by any player of the non-offending side who is not, at that moment, serving a penalty. While the shot is being taken the players of both teams shall withdraw to the sides of the rink. The player taking the shot may do so from a stationary position or may be in motion but may not make any contact with the puck once it has left the circle. The goalkeeper of the defending side must take a stationary position immediately in front of his goal and must not advance more than a foot in front of his goal-line while the shot is being made. Should he fail to do so the referee shall order another penalty shot. Should the player taking the shot have any contact with the puck after it has left the circle, and the puck enter the net, the goal shall be disallowed and a second attempt shall not be permitted. Should a goal be scored from a penalty shot the puck shall be faced at mid-ice. Should a goal not be scored from a penalty shot the puck shall be faced off on the goal-line fifteen feet from the nearest goal-post.

Notwithstanding the award of the penalty shot, the penalty, prescribed elsewhere in these rules for the offence leading up to the penalty shot, shall also be imposed.

### Major Penalties

28. A major penalty shall be imposed on a player who jumps at or charges an opponent from behind.

29. A major penalty shall be imposed on a player who "cross-checks" or charges or checks a goalkeeper, while defending his goal, with his body.

30. A major penalty shall be imposed on any player who throws his stick in any zone, except when such act has been penalized by the award of a goal. (See Rule 15.)

31. A minor or major penalty, at the discretion of the referee, shall be imposed on a player who body-checks in a manner that causes an opponent to be thrown violently into the fence.

32. A major penalty shall be imposed on any player who injures an opponent by cross-checking or "hooking."

33. A major penalty shall be imposed on any player who starts fist-fights. A minor penalty shall be given the adversary if he has responded with a blow, or attempted blow, but he shall be permitted to hold his opponent without penalty.

(For the first major penalty in any one match the offender shall be ruled off for five minutes; for a second major penalty in the same match he shall be ruled off for ten minutes, and for a third major penalty in the same match he shall be ruled off for the balance of the playing time.)

34. Players incurring two major penalties in the same season shall be cautioned by the Secretary of the Branch.

Major penalties shall also be imposed for violation of Rules 14 and 15. (To Be Continued)

## ICE SKATING

MINNEAPOLIS, Min., Jan. 12—As the Ten Thousand Lakes speed skating championships neared its close at Powderhorn Park here, Frank Stack and Ab Hardy, of Sudbury, Ont., were well up in front with the leaders.

Stack was in third place in the senior men's individual standing led by Leo Freisinger of Chicago with 50 points. Stack's second in the 220-yard dash and third in the mile race gave him 30 points, 10 less than Marvin Swanson of Minneapolis, who won the mile event.

Hardy's third in the 220-yard event gave him 10 points and sixth place in the standing. The event was won by Delbert Lamb of Milwaukee.

## Olympic Club Decides on Dates --- Other Meets Pending

SAINT JOHN, Jan. 13—The Maritime track and field championships for men and women, awarded to the Saint John Olympic Club for 1937, will be staged here on Friday night and Saturday afternoon, July 9 and 10.

This was decided at a meeting of the Olympic Club last evening in the office of A. W. Covey, club president, Germain Street, Saint John.

No definite dates were set for the British Empire trials for the Maritime zone but it was considered they be held on or about September 1. The club executive will decide the dates later.

No definite decision was made for accepting the proposal if U. N. B. that the Olympic Club stage the Maritime intercollegiate track and field championships, to be held under the auspices of U. N. B. this year. It was announced that further correspondence will definitely settle the issue and a statement made whether the Saint John club will accept.

Plans for raising money for the funds were discussed.

A full attendance of the executive was at the meeting including new members A. W. Thorne, Andrew (Beef) Malcolm and Fred Morris. H. H. Marcus, another new member, was not present, being out of the city.

## Vines in Hospital, Suffers From "Flu"

CHICAGO, Jan. 12 — Ellsworth Vines, forced by illness to suspend temporarily his net tour with Fred Perry of England, rested comfortably today in St. Luke's hospital.

The California star, world's professional tennis champion, entered the institution suffering from a mild case of influenza and tonsillitis after playing a listless, losing straight set against Perry Saturday night.

Vines plainly showed the effects of his illness in his Chicago match. He was slow afoot and frequently rested against the backdrops. Perry won easily, 6-0, 6-2, 6-3, for his third consecutive triumph.

Bill Tilden, former champion and Vines' opponent on a recent tour of the Orient, may substitute for Vines against Perry at Detroit tomorrow night. Detroit promoters said yesterday the match might be postponed to Saturday night in the hope Vines would be in shape by then.

## VALENCIA BOMBARDED

VALENCIA, Spain, Jan. 12—Valencia, seat of the Spanish Socialist government, was bombarded tonight as an insurgent ship or ships attacked the port. The bombardment continued for more than an hour, starting shortly before 9 p.m. (5 p.m. A.S.T.).

MONCTON, Jan. 12—During 1936, 22 small dwellings, 17 garages and two small stores were erected in Moncton. Together with the costs of 189 repair jobs the total value of building permits issued during the year was \$100,292, according to the annual report submitted by Building Inspector W. O'Brien to the regular meeting of the city council here last night. Building operations during the past year were far below 1935 when they totalled \$240,000. The report was adopted.

## EX-MARITIMERS SHOW WELL IN N.H.L. BATTLES

MONTREAL, Jan. 12—Smothering Detroit's offensive with relentless back-checking, Montreal Canadiens defeated the Red Wings 4-1 tonight to widen their Canadian Section lead in the National Hockey League once more to six points.

Canadiens won easily after over-taking an early Detroit lead, shot by Eddie Goodfellow, with the help of Marty Barry and Johnny Sorrell, after 13 minutes of the first period. They evened the game when George Martha scored a "break" goal four minutes later and never were threatened after that.

Despite the defeat, Detroit held to their two-point lead over the idle New York Rangers in the United States section.

Rookie George Brown scored what proved to be the winning goal midway through the second period, deflecting Babe Siebert's long shot past the pudgy Norm Smith. A few minutes after that, Johnny Gagnon fired a snap shot from 35 feet and Smith never saw it until it was in the net.

Joffre Desjais, former Saint John Beaver, finished off the night's entertainment for 6,500 fans with a solo goal in the last minute. He broke from a five-man Red Wing rush and moved the puck around Smith easily after forcing the net men to the first move.

## BAREFOOT FOOTBALL IN FIJIS

The world has heard of the Fijian firewalker, but it is not so familiar with a new development of Fijian life Rugby football. The thing that distinguishes Fijian football from that of any other country is that it is played without boots. The Fiji Islanders have tough feet—as might be assumed from the fact that some of the natives of the island of Bega still practice firewalking.

Two things characterize the play of the Fijians, speed and kicking. Experienced football players from New Zealand who have visited the island have been astonished at the natural ability of the natives, especially their ability to handle a ball and their tremendous pace.

Kicking has been developed into such an art that there is scarcely a good player in the country who cannot manage a field goal from near half-way. Some are able to get phenomenal range, reminiscent of George

Nepia, the Maori fullback of the All Blacks of 1924.

A local style in kicking has been developed, the barefoot player not using toes or instep, but the side of the foot, which is turned out so far that one would imagine great strain to be felt and power lost. By this method Samu, who is the champion 'kick' in Fiji today, was able to kick a left-foot field goal from 40 yards in recent test matches.

The game has received impetus from young Fijians who go to New Zealand for their education and there absorb some of the enthusiasm for Rugby football which causes the country to live in perpetual readiness to conquer the world on the football field. In New Zealand the Fiji students wear football boots, but when they return home they go barefoot again.

At present play is mostly confined to Suva, but it is spreading rapidly to

## CAPITALS BEAT ST. CROIX 2-1; BACK IN FIGHT

The Fredericton Capitals broke into the win column again last night, after suffering a number of reverses in recent weeks. Their victims were the St. Stephen-St. Croix club, and the Caps came back with a bank to net a 2-1 triumph. "Bus" and "Bun" McLenahan were the local stars, while Billy McIntyre scored the visitors' only score in the dying minutes of the contest. The victory places the Capitals back in the fight in the Southern N. B. Hockey League.

other provinces. Visitors find it an exciting thing to watch the opposing teams of fifteen lithe, brown, shock-headed natives charging about a field with fine disregard for personal safety, sending the ball soaring in long curves half the length of the playing ground.

## "DADDY" BUBAR IN SAINT JOHN

SAINT JOHN, Jan. 13—"Daddy" Bubbar, Saint John goalie, arrived back in the city last night from his home in New Glasgow.

Although not entirely cured of an injury suffered at work here "Daddy" is in fine spirits and said it wouldn't be long before he would be back in Seagulls' goal kicking 'em out. Cy Taylor, coach of the 'Gulls', contacted "Daddy" last night and after talking to the veteran, said that Bubbar would probably be in the nets within two weeks.

## BRITISH SIX MAY BE HERE

LONDON, Jan. 12—Hockey leaders in England are reported working on a plan to send an all-star team to the United States for an exhibition tour. The trip would be made in February when National League hockey in England is suspended while the world tournament is played. If plans for the trip are worked out the team would meet clubs in the Eastern Amateur League.
