## SOCIAL HAPPENINGS

### Ella Thorne Circle

The November meeting of the Ella Thorne Circle of the King's Daughters was held Tuesday evening, at the home of Misses Sadie Blair and Isabel Ferguson, with the president Miss Marjorie Macredie in the chair. The meeting opened with the Prayer of the Order, followed by a devotional reading by Miss Greta Brewer and a chapter on Antioch from Mrs. Fley's Bible Studies, read by Miss Marion Edney. Routine business was dealt with, reports being received from the various committees, and money voted toward carrying on the work of the Circle, and to the Children's Aid Society. The meeting closed with the Mizpah benediction, after which the annual auction of fancy work and novelties was held, from which the sum of \$33.75 was realized. Delicious refreshments were then served by the hostesses and a very social hour enjoyed.

### V.O.N. Receives Hope Chest from Women's Institute

The regular meeting of the Victorian Order Board was held on Tuesday afternoon with a good attendance of members. Alderman Ivan McKnight, the president in the chair, Miss McArthur read the Nurses Report for September. Mrs. D. M. Liles, V.O.N. relief nurse from Ottawa was also present. These two members had looked after 82 cases involving 377 nursing visits. Five operations had been attended and six confinements. 223 school children had been supervised, all of whom were referred to own physician and fourteen had been excluded.

The Well Baby Conferences had not been held during October, but were reopening now. A feature of the meeting was the gift of a "Hope Chest" from the Women's Institute for the use of the nursing service on emergency maternity cases. This was received with great appreciation and gratitude was expressed to the Women's Institute for this practical and timely gift. The chest had been made by Mrs. H. Harvey and the contents by Mrs. Harvey and Mrs. L. Donovan. The contents consisted of layettes, quilts, etc. A promise to replenish the chest from time to time was an added reason for gratitude. Miss Pond was able to be present at the meeting and expected to take up her work next week.

Mr. Armstrong reported the progress on the Seal Sale Campaign letters. After routine business was carried out, the meeting adjourned.

### Address of Miss McElheran

At a well attended meeting of the lady members of the Board of the Y.M.C.A. work yesterday held at the residence of Mrs. Geo. W. Brown, Miss Isabel McElheran, financial and extension secretary for the Y.W.C.A. from Toronto gave an interesting address on the work of the association throughout different points in Canada. The speaker told of different set ups in northern mining towns where much welfare work was being done especially among young girls who happened to find themselves in isolated towns and were often faced with unemployment. In one area about nine hundred girls have passed through the hands of the agents of the Y.W.C.A. some had been provided with jobs and others given help in other ways. She told of the origin of the Association which had been founded eighty-one years ago by a band of women who met for prayer. The work has since then taken on many channels of social work. The headquarters in Toronto were humbly situated but were doing outstanding work.

Forty-two branches of the association were in operation in Canada with an ownership of over three million dollars worth of property. The budget for the past year of social work among young women was in the vicinity of one million dollars. The Y.W. provided a training centre for young

the Commission "has the interest of the public at heart as much as the interest of the industry."

The new order invalidates those made concerning this district on June 25, 1935, July 10, 1936 and Oct. 23, 1936. It is dated Moncton, Nov. 5, and signed by Dr. Donovan, Commissioners W. H. Huggard and B. J. Mitton, and Secretary H. N. Flewelling.

### Brigadier Gen. Hill

### Speaker Men's Club

Ideals of Empire was the subject of the address given at the regular Tuesday evening meeting of the Cathedral Men's Club. The speaker was Brigadier General Hill who in a thought inspiring talk fitting for Remembrance Day week recalled for the members, many of whom had seen service in France and Flanders, the ideals of empire which prevailed in the time of trial nearly a fifth of a century ago. Ideals held by the men whose names appeared on the wall of the memorial hall in which the club gathered and of those who were their comrades in arms. Continuing the speaker mentioned some of the isolationists he had met with in recent years whose ideals were self, self gain and self isolation from any responsibility very different indeed from those held by men who by experience, learned on the battle fields that in isolation there was deadly danger and in mutual support, strength to withstand danger. All hoped for a continuation of empire peace but if in the troubled times ahead there should be war then the age old ideals of empire, unity, and mutual support for the safety of all were still the same as they have always been.

Two veterans were the movers and seconders of the motion of the speaker and expressed their adherence to the ideals they stood for in the trenches as unchanged by time. Rev. Dean Moorhead spoke also and said that from a personal standpoint he was ready to answer the call of empire if it should come as he had been in days past.

An invitation from the recently organized Men's Club of St. Pauls church in Sackville for members to meet with them when opportunity afforded was received. The usual games and refreshments formed part of the evening meeting.

### Guest Speaker at Y's Supper Meeting

At the weekly supper meeting of the Y's Men Club which was held last evening in the Y. Community room the guest speakers were Miss Constance Hayward, Maritime League of Nations Society Secretary and Miss Isabel McElheran, Financial and Extension Secretary of the Y.W.C.A. of Toronto who were both in the city in connection with their work. Miss Hayward stressed the importance of study clubs and of the acquiring of an intelligent public opinion. She also brought to mind the fact that the right and wrong concerning all countries is not all one side. There was no denying the fact that Japan had a real economic problem although we do not approve of her methods of solving her problem. Miss McElheran told of the activities of the Y.M.C.A. and the Y.W.C.A. throughout Canada stressing the fact that this type of work was the right approach to all classes of people. She also told of the potent influence of these two organizations in the interest of peace throughout many countries in the world.

girls and had filled a long felt want. Miss Mulheran's program since arriving in the province has been a busy one she having spent some time in Saint John, Moncton, and after leaving the city will travel to Sherbrooke, Quebec City and Montreal. At Cornwall, Ontario, a group of women are at present organizing a branch of the organization.

Miss Brigham, physical director of the Community Y work in the city also told of the work that was being done and the various clubs and classes which are carrying on under her supervision in the city.

Following the address the guests enjoyed a cup of tea. Mrs. D. J. Shea presided over the tea cups assisted by Mrs. I. B. Rouse, Mrs. J. E. MacKay and Miss Betty Brigham.

LONDON, Nov. 10—Queen Mary gave a dinner party at Marlborough House last evening. The guests included King George and Queen Elizabeth, King George of Greece, the King and Queen of Bulgaria and many other royal visitors.

### DEATH OF

(Continued from Page One)

He fought to power with his party from practical obscurity in the pre-war years. He bitterly opposed the war and resigned leadership of the Labor party in the House of Commons to the late Arthur Henderson when the group decided to support it.

Mr. Macdonald was born Oct. 12, 1866, in a two-room thatched-room house in the little Scottish fishing village of Lossiemouth. At the age of 12 he had quit school to earn his living in the fields.

He made his first race for Parliament in 1895 in Southampton but received only 597 votes. His second stand was in 1900 after his active opposition to the South African War. He was beaten badly again. It took him 11 years to get into Parliament, the constituency of Leicester finally electing him in 1906.

In 1911 he was made leader of the two score men who made up the Labor party in the House of Commons and became chairman of the Independent Labor party, the more advanced Socialists.

Tragedy failed to dishearten him. Within a few months death deprived him of his son David, his mother and his wife, and he was left with the care of two sons and three daughters.

**WHY "ASPIRIN"  
ACTS SO FAST ON**

## "Nervous Headaches"

Two way action needed to ease pain and quiet nervousness for relief of this most common type of headache. Speed essential for best results.

1. Pain is eased by one action well-known to scientists.
2. Nerves are quieted by soothing effect of medicine on sensation of pain.

**Insist on "Aspirin"—accept no substitute**

The inexpensive way to ease headaches—if you want fast results—is with "Aspirin".

The instant the pain starts, simply take 2 "Aspirin" tablets with a half glass of water. Usually in a few minutes relief arrives.

"Aspirin" tablets are quick-acting because they disintegrate in a few seconds—ready to start their work almost immediately after taking.

"Aspirin" tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited, of Windsor, Ontario. Look for the name Bayer in the form of a cross on every tablet.

**THE REASON "ASPIRIN" WORKS SO FAST**

Dropan "Aspirin" tablet into a tumbler of water.

By the time it hits the bottom of the glass it is disintegrating.

This speed of disintegration enables "Aspirin" tablets to start "taking hold" of headache and similar pain a few minutes after taking.
