Pleads Guilty To Charges Under N. B. Liquor Act

Ophie Gallant, arrested in Devon last evening by Constable Ackman, Fredericton detachment, R.C.M.P., pleaded guilty to three charges of having liquor not purchased from the N. B. Liquor Control Board, and not bearing the Board's seal, having liquor in his possession illegally imported into Canada, and of obstructing an officer of the law in the discharge of his duties, when he appeared before Magistrate Whitman A. Haines in Devon this morning. He will come up for sentence tomorrow afternoon.

The arrest was an aftermath of an episode some time ago, when Gallant fled in his car from in front of a service station at Devon where he had been getting gas, when Constable Ackman approached to test the car for lights and brakes. The car was later found abandoned on the Royal Road, some miles above Devon, by Constable Ackman, who gave chase to the fleeing car. It was a quantity of contraband liquor.

Parade and Service At Cenotaph Will Feature Observation Remembrance Day

Between 250 and 300 members of the Canadian Legion, B.E.S.L., and other ex-service men will parade to the Cenotaph tomorrow morning to take part in the observation of Remembrance Day in memory of the men and women who served and suffered, and gave their lives for King and Country in the Great War of 1914-1918. It is expected that an immense gathering of citizens will be present at the service, which is scheduled to begin at 10.45.

The graves of 134 ex-service men who have passed on since returning to their homes will be decorated immediately after the service with a

THE CENOTAPH at the lower end of the city, erected in memory of "the boys who didn't come back," where tomorrow's Remembrance Day parade will end to pay annual tribute to those who fought under the Union Jack for King and Country.

Union Jack, symbolic of the Empire and the cause for which they served, and a Poppy, the emblem of remembrance of their unselfish sacrifice. Parties of five or six men will be detailed to the different cemeteries and decorate the graves already marked out by the caretakers. This will replace the system of former years in which the ex-service men marched in a body to the nearby cemeteries.

The parade will leave the Legion grounds at 10.30 a.m. Led by a colour party consisting of Comrade Vernon Olive, standard bearer, and four escorts, the York Carleton Regiment Band under the direction of bandmaster E. M. Beatty, Parade Marshal Herbert Endall, Bugler John Forrester and Trumpeter Fred McMorris. The route will be down Queen Street.

Service at Cenotaph
At the Cenotaph the service will be opened with the singing of "O Canada," and will be followed by an opening address by His Worship Mayor G. Willard Kitchen. The hymn "O God Our Help in Ages Past" will next be sung, followed by the Scripture reading and prayer by Comrade Very Rev. Dean W. H. Moorhead.

At 11.00 a.m. the two minutes' silence in memory of those who gave their lives will be observed, following which Comrade Herbert Endall, parade marshal, will read the City's Roll of Honor.

Major C. A. Kimmins of the Salvation Army, and President of the Fredericton Ministerial Association, will this year address the gathering. This is the first year that the plan of having the president of this association for the year deliver the address has been put into effect. Major Kimmins was a padre with the Canadian Army.

Wreaths Placed
Following the address by Major Kimmins will be the placing of the wreaths on the Cenotaph. W. A. Gibson, president of the local branch, Canadian Legion, will place the first wreath on behalf of the Legionnaires. Many other organizations, societies, and fraternal bodies will also place wreaths, as well as many private citizens. No advance list of those intending to place wreaths has been prepared by the Legion authorities this year, since there are usually some last minute entries which are overlooked. Those intending to place wreaths this year will only have to take them to the service. Following the address announcement will be made concerning the placing of the wreaths, and those desirous of doing so will come forward one at a time and do so. WHOLESALE AND RETAIL PRICE OF MILK RAISED ONE CENT IN FREDERICTON - DEVON DISTRICT

Increase of Two Cents Per Quart Requested By Milk Producers Is Denied By N. B. Dairy Products Commission

Commencing Tuesday, Nov. 16, the retail price of milk in the Fredericton area will be increased from 10 to 11 cents per quart, and the wholesale price from eight to nine cents per quart, according to a decision of the New Brunswick Dairy Products Commission, recorded in today's issue of the Royal Gazette. Pints will retail at six cents and wholesale at five cents, while half-pints will sell for three cents retail and 2½ cents wholesale. No change was made in the price of cream, it continuing to be sold retail at 60 cents per quart, and wholesale at 52 cents per quart.

The minimum basic price of milk purchased by a milk dealer from a producer-supplier was set at \$2.10 per hundred pounds of milk having 3.8 per cent butter-fat content, F.O.B. the plant of the milk dealer. It was also provided that a premium of three cents per hundred pounds shall be added to the basic price for each 1-10 of one per cent over 3.8 per cent butter-fat content of the milk purchased and a deduction of a similar amount be made from the basic price for each 1-10 of one per cent under 3.8 per cent butter-fat content.

Two Exceptions

Two exceptions to the new price ruling were made; any one householder purchasing three quarts or more daily for consumption within his own household is entitled to purchase the milk at the old price of 10 cents per quart; and in the cases of the purchase of milk or sweet cream by public institutions, a ten per cent reduction in the wholesale price is allowed.

The raising of the price of milk in this district came as a result of a meeting held in this city a week ago today between 60 producer-suppliers and four milk dealers and the Commission, in which the former urged the raising of the retail price level to 12 cents per quart, and that the price of milk purchased by milk dealers from producer-suppliers be increased to \$2.40 per hundred pounds of that commodity.

Argue For Increase

At the time a strong argument was put up by local producer-suppliers and milk dealers in favor of the increase. They stressed the increase during the past year in wage and feed costs, the partial failure of root and grain crop this season, and also the fact that while the quantity of hay harvested this year was good, its quality was not nearly as good as that cut last season, due to bad weather conditions.

"With living and producing expenses increasing by leaps and bounds, it was felt an increase in the price of milk was necessary to properly produce that commodity under present conditions."

However, in spite of the arguments put forward by the producer-suppliers and milk dealers, the Commission felt that the proposed increase of two cents per quart was too great, and would not be to the best interests of the dairy trade as a whole in this area. As Dr. L. A. Donovan, Saint John, stated at the meeting last week. (Continued on Page Five)

Proposed Dominion Unemployment Insurance Not Yet Considered

The New Brunswick cabinet has not yet considered the letter from Prime Minister Mackenzie King concerning the proposed Dominion legislation unemployment insurance legislation, and will not do so at its present sitting because it is felt that the matter is not of immediate pressing importance. It was stated this morning by Hon. A. A. Dysart, Premier and Minister of Public Works for New Brunswick.

The letter has been received, the Premier admitted, but he would make no comment on its contents. Since the present session of the provincial cabinet is expected to conclude either this afternoon or tonight, it may be more than a week before the proposed legislation, necessitating an amendment to the British North America Act, will be considered by the cabinet as a whole.

Hon. J. B. McNair, Attorney General and Acting Minister of Health and Labor, also refused to comment on the matter, merely saying that it will receive the most serious consideration.

A delegation from the L'Assomption Society of New Brunswick, headed by Dr. A. M. Sormany, Edmundston, will appear before the cabinet this afternoon. The purpose of the hearing was not disclosed.

Matters concerning the teaching of French in the schools of New Brunswick, and especially the Provincial Normal School, are expected to be touched upon by the delegation.

The only member of the cabinet who was not present at this afternoon's meeting was Hon. A. C. Taylor, Minister of Agriculture, who left Fredericton early this morning for Amherst, N. S., to attend the Maritime Winter Fair.

Gov't. To Encourage Cultivation Of Blueberries

That the provincial government is interested in the promotion of the cultivation of blueberries in this province and is encouraging this work is indicated by the notice in the current issue of The Royal Gazette concerning the sale of the lease of 1,751 acres of this type of land situated northwest of Linton Meadow Brook in the parish of St. George in the County of Charlotte, for a period of 10 years at the price of two cents per acre.

The sale will take place at the Department of Lands and Mines at noon, Thursday, Nov. 25. The lease will be for a period of ten years with the option of renewal at the end of that time. Among other stipulations is that a royalty of ten cents per bushel be paid to the department for every bushel cultivated.

ARMISTICE DAY
Thursday being Armistice Day and a legally proclaimed public holiday, The Daily Mail will not be published on that day.
