

News Briefs

MEETING TO BE HELD

A meeting of students of the University of New Brunswick interested in singing will be held tomorrow evening for the purpose of electing officers and otherwise organizing a Choral Society. Herbert Belding, this city, will act as chairman.

SOLD AT AUCTION

The Dexter Construction Company, Ltd., purchased a gasoline shovel at a public auction held in front of the County Court House this morning by Sheriff C. N. Goodspeed at a price of \$3100. Bidding was light on the shovel, which was sold under a chattel mortgage held by the Provincial Bank. The shovel has lately been rented by the Currier Construction Company, Ltd., and is located at Southam Creek. It will be moved out shortly, it is understood.

PASSED AT DEVON

Many friends will regret to learn of the death of Mrs. Julia Taylor, 82, one of the elder residents of North Devon, which occurred yesterday at the home of her daughter, Mrs. Frank Griffiths. Mrs. Taylor, the widow of the late James Taylor, is survived by three sons by a former marriage, Frank Jewett, Toronto; William A. Jewett, North Devon; and Robert C. Jewett of Chipman; and one daughter, Mrs. Frank Griffiths. The funeral will take place tomorrow afternoon, with service at the home at 4.15, conducted by Rev. H. E. Dysart. Interment will be made at Sunny Bank cemetery, South Devon.

CABINET CONCLUDES MEETING

The matter of the Dominion government buying New Brunswick potatoes and fish for distribution among the drought sufferers in the western provinces was the main subject of consideration at the meeting of the provincial cabinet held yesterday, it was announced this morning by Hon. A. A. Dysart, K. C., Premier and Minister of Public Works. All business before the cabinet was finished up last night. Hon. F. W. Pirie, Minister of Lands and Mines, flew to his home at Edmundston yesterday, while Hon. Clovis T. Richard, provincial Secretary-Treasurer, Hon. W. S. Anderson, Chairman of the Hydro Commission, Hon. A. C. Taylor, Minister of Agriculture, and Hon. Mr. Dysart will leave for their respective homes sometime today, it is reported.

PASSED AT BOSTON

Many friends and acquaintances in and about the city will experience a sincere feeling of great loss, to learn of the passing of Roy Buchanan last evening at Boston, where he had spent the past week in the hospital. Mr. Buchanan until a few months ago operated a fruit store on Queen St. Deceased was born in this city and resided here for several years before removing to the United States. He enlisted in the United States Army and served in France where he was gassed. Early this summer he married Miss Rosalie E. Tracey, chief dietitian at the Victoria Public Hospital, and took up residence at Keswick. Besides his widow, he is survived by his mother Mrs. Robert Buchanan, and two sons by a former marriage, of Lowell, Mass. The funeral arrangements have not been announced.

TODAY'S MARKET

Several products took a jump in the market in Phoenix Square this morning, eggs being the most notable, selling today at prices ranging up to 40 cents per dozen. Chickens were also a little scarce, but sold for the same prices generally as last week. Butter, which was selling for 32 cents last Wednesday, was demanding 35 cents this morning. Ripe tomatoes are getting scarce, and jumped from 25 cents per basket, up to 40 cents. Other products sold at approximately the same prices as last week.

Parsnips, 10c per bunch
Celery, 10c per head.
Eating apples, 25c. per peck.
Cooking apples, 20c per peck.
Crabapples, 25c. per peck.
Tomatoes, 40c. per basket.
Green tomatoes, 20c per pk.
Cucumbers, 10c. per dozen.
Pickling cucumbers, 50c. per peck.
Dill, 10c. bunch.
Peas, 35c. per qt.
Peppers, 2 for 5c.
Squash, 2c. per lb.
Pumpkin, 2c per lb.
Potatoes, 20c. per pk.
Cabbage, 5c per head.
Turnips, 5c. each.
Onions, 5c per bunch.
Carrots, 5c per bunch.
Beets, 5c per bunch.
Butter, 35c. per pound.
Eggs, 38c. and 40c. per dozen.
Chicken, 35c per pound.
Pork, 12c and 15c. per pound.
Lamb, 15c and 20c per lb.
Veal, 8c. and 11c. per pound.
Wood, \$7.00 and \$8.00 per cord.

DOMINION TO BUY N. B. FISH, POTATOES

To Relieve Stricken West

May Lead to Permanent Market in Prairie Provinces

As a result of negotiations between Hon. A. C. Taylor, Minister of Agriculture in the Provincial Government, and the Department of Agriculture, Ottawa, the latter is in the market to buy in New Brunswick substantial quantities of potatoes and dried, pickled, smoked and canned fish for the purpose of supplying districts in the Prairie Provinces impoverished by the drought.

After careful study of the situation, it was decided that potatoes and fish were commodities which New Brunswick could best supply out of surplus to meet the situation in the west and at the same time provide the hope of establishing permanent market outlets there.

Ottawa has been advised by Hon. Mr. Taylor as to the apparent quantities of fish and potatoes available without disturbing present market connections and at the same time, his Department is communicating with all potato growers registered in 1936 to insure that they shall have an equal opportunity to compete in the business offering. Similarly, in connection with surplus of fish, communication has been established with dealers, apprising them of the situation.

Equal Chance to All

"It is desirable," said Hon. Mr. Taylor in making the announcement, "that every producer in the Province should be given a fair opportunity, and to insure that such will be the case, any producer interested is requested to communicate with R. L. Wheeler, Fruit Commissioner, Department of Agriculture, Ottawa.

"I am very hopeful," said the Minister, "that the efforts of our growers and producers will serve to alleviate the distressed situation in the west, and I also hope that the opportunity will be seized to establish outlets for these commodities in the Prairie Provinces with the expectation and prospect of securing a permanent outlet in the years ahead."

TO FINISH WORK CONCRETE OF NEW BRIDGE END 1937

Subway to be Opened to All Traffic Early Next Week

Time Extension

Objectionable Features of Subway Cannot be Helped, Say Engin'rs

The contract for the concrete substructure of the new C.N.R. bridge expires on the tenth instant. As a considerable amount of work yet remains to be done, however, the R. A. Richardson Company, Ltd., contractors for the work have been awarded an extension of time in order to complete the job. It was stated to The Daily Mail this morning by the railway authorities that it is not now expected that the job will be completed before the last of the year.

In the meantime the Hamilton Bridge Company, Ltd., Hamilton, Ont., is going ahead with the superstructure. It is understood that the steel work has been completed by that company in readiness to carry out its end of the contract as soon as the substructure is ready. The steel will be shipped here when the substructure is completed.

HIGH SCHOOL TEACHERS OUTLINE WORK TO BE DONE BY STUDENTS AT HOME DURING THE CLOSED SCHOOL PERIOD

Plan Introduced to Minimize Loss of Time; Two or Three Hours' Work Per Day Asked of Each Student; Action in Line With That Taken By Educationalists Elsewhere

In order to reduce to a minimum the loss of school time brought about by the Provincial Department of Health in ordering the public schools of the province to be kept closed because of the prevalent outbreak of infantile paralysis in New Brunswick the faculty of the Fredericton High School presents, through the columns of The Daily Mail, an outline of work recommended to be done by the students in their homes while the ban of the Health Department is still in force.

The action of the faculty of the local high school is in line with that which has been taken in other parts of Canada and the United States in alleviating the loss of time due to the outbreak of the dread disease, and with that which is at present being undertaken at Saint John.

If every student will spend from two to three hours per day during the remainder of the enforced vacation doing the following work, or any other review work that he or she has not fully prepared during the past year, it will be possible to attack the new work of the present year much earlier, and the amount of daily assignments will not have to be increased above what they have been in previous years, it was stated.

Emphasizing that the fundamental principle of education is that the review of relevant material is necessary to the introduction of new work, the faculty asks the high school students to consider carefully the following outline of suggested work, and to bring to school on the opening day the text books which are mentioned for the various grades.

Academic Department

Latin—Grade XI: Review declensions of nouns and tenses of verbs. Read as much as possible of 'Caesar's Gallic War' Book I. Grade X: Review Nouns, Adjectives and Verbs studied in Grade IX. Grade IX: Review Vocabularies, declensions of nouns and tenses of verbs studied in Grade VIII. The same text will be used in Grade IX.

French—Grade XI: "Eight French Stories", Manly. Read the first story. Grade X: Review the tenses of verbs and study carefully lessons 19 and 20. History—Myer's General History for all Grades. Grade XI: Read Chapters 1, 2, 3 and 4. Grade X: Read Chapters 35 and 36. Grade IX: Read Chapters 60 and 61.

Algebra—Crawford's High School Algebra for all grades. Grade XI: Review Factoring and problems in Simultaneous Equations. Grade X: Review Factoring. Grade IX: Review Equations in Grade VIII work.

Arithmetic—Dominion High School Arithmetic. Grade IX work: page 67, questions 1 to 20; page 73, questions 1 to 4; page 77 questions 1 to 10. General Science—Grade IX: General Science, Snyder.

Grammar and Composition—High School English Grammar, Cowperthwaite & Marshall. A New Composition for Secondary Schools, R. K. Gordon. Grades Ten and Eleven review the notes of the previous year.

Geometry—Grade X and XI review carefully the Theorems and Problems studied last year; also review definitions.

Physics and Chemistry—Elementary Physics for High Schools, Merchant and Chant; High School Chemistry, Evans. Grade XI: Review rules, laws and definitions studied during the past year; practise the writing of equations.

English Literature—Grade XI: 'Maria Chapdelaine', Louis Hemon; 'Golden Treasury', Book II, Palgrave; Julius Caesar, Wm. Shakespeare. The students are requested to read 'Maria Chapdelaine' and to be able to discuss the book under the following headings: 1. Character interest; 2. Maria's problems, the solution, and influence which led to her choice; 3. influences dominating French-Canadian peasant life; 4. Louis Hemon's style. For extra-curricular work, read a good biography by either a classic or modern writer.

Grade X—Quentin Durward, Scott; 'Golden Treasury', Book IV, Palgrave; 'Essay on Clive', Macaulay. Read 'Quentin Durward' and be able to discuss it under the following headings: 1. Social customs during feudal times; 2. Historical setting; 3. characterization of Oliver le Dain, Le Balafre, Louis, Charles of Burgundy, Hayraddin; 4. the clever interweaving of plots; 5. Scott's style. For extra-curricular work, read a long poem such as 'Evangeline', Longfellow; 'The Princess', Tennyson; 'Hiawatha', Longfellow.

Grade IX: 'Tom Brown's School Days', Thomas Hughes; 'Gray's', (Continued on Page Five)

Infantile Total Is Raised to 123

The provincial total for cases of infantile paralysis since the beginning of the outbreak was increased to 123 at noon today by the report of three new cases, two at Saint John and one in the Parish of Moncton.

Dr. William Warwick, chief medical health officer for New Brunswick, will speak over a four station hookup tomorrow evening at 6:30 o'clock. His address, which will be of 15 minutes' duration, will deal with the infantile paralysis situation in this province.

DUCKS PLENTIFUL, HUNTERS FEWER THAN LAST YEAR

R. C. M. P. Patrolling Marshes to Enforce Migratory Game Bird Act

Game birds, especially ducks, seem very plentiful this year according to Corporal L. P. Ryder, head of the Fredericton Detachment, R. C. M. P., who returned yesterday from a three day patrol of the marshes in the southern section of the province.

The patrol was part of the regular program being conducted by Corporal Ryder and his men in the enforcement of the Migratory Game Bird Act, which falls under the duties of the R.C.M.P.

Two convictions have been secured so far, before Magistrate Kimball of Oromocto, with the guns of the hunters being confiscated and fines imposed.

Corporal Ryder stated that although on the morning the season opened a great many hunters were on the marshes, the number is less than last year. Usually, he stated, the night before the season opens the ardent hunters go to the marshes and wait until daylight, and when the hour arrives, they aim a virtual bombardment of shot at the birds.

Although this was the practice again this year, his observations were that there were fewer hunters on the marshes on the opening morning.

FIREMEN COMING

About 50 members of the fire departments on the St. Croix are expected in the city tomorrow to take part in the church parade being staged by the local department. Harry Hieatt, chairman of the St. Stephen fire committee of the town council, is expected to accompany the firemen.
