

SPECIAL MUSIC MARKS EASTER SERVICES IN CITY

Worship in Churches Largely Attended -- Decorations

Easter services in the city churches attracted large congregations, and impressively commemorated the triumphant festival of the Resurrection. The choirs rendered special music at all services which greatly contributed to the impressiveness of the worship programs. Beautiful flowers and palms were used for decoration of the churches and Easter lilies were given prominence among the flowers. Special sermons were given and offertories were contributed to many different appeals.

New members were received in a number of the Protestant churches, and in a number of Anglican churches newly confirmed members received their first Communion. Sunday school sessions were also in keeping with the day.

There were large congregations present at both services, and the messages delivered by the pastor, Rev. George Telford were heard with keen attention.

How to Ease a Cold Quickly

Get Quick-Acting, Quick-Dissolving "Aspirin." Take 2 Tablets

The modern way to ease a cold is this: Two "Aspirin" tablets the moment you feel a cold coming on. Then repeat, if necessary, according to instructions in the box.

At the same time, if you have a sore throat, crush and dissolve three "Aspirin" tablets in one-third glass of water. And gargle with this mixture twice.

The "Aspirin" you take internally will act to combat fever, cold pains and the cold itself. The gargle will provide almost instant relief from rawness and pain, acting like a local anesthetic on the irritated membrane of your throat.

Try this way. Your doctor, we know, will endorse it. For it

is quick, effective and ends the taking of strong medicines for a cold.

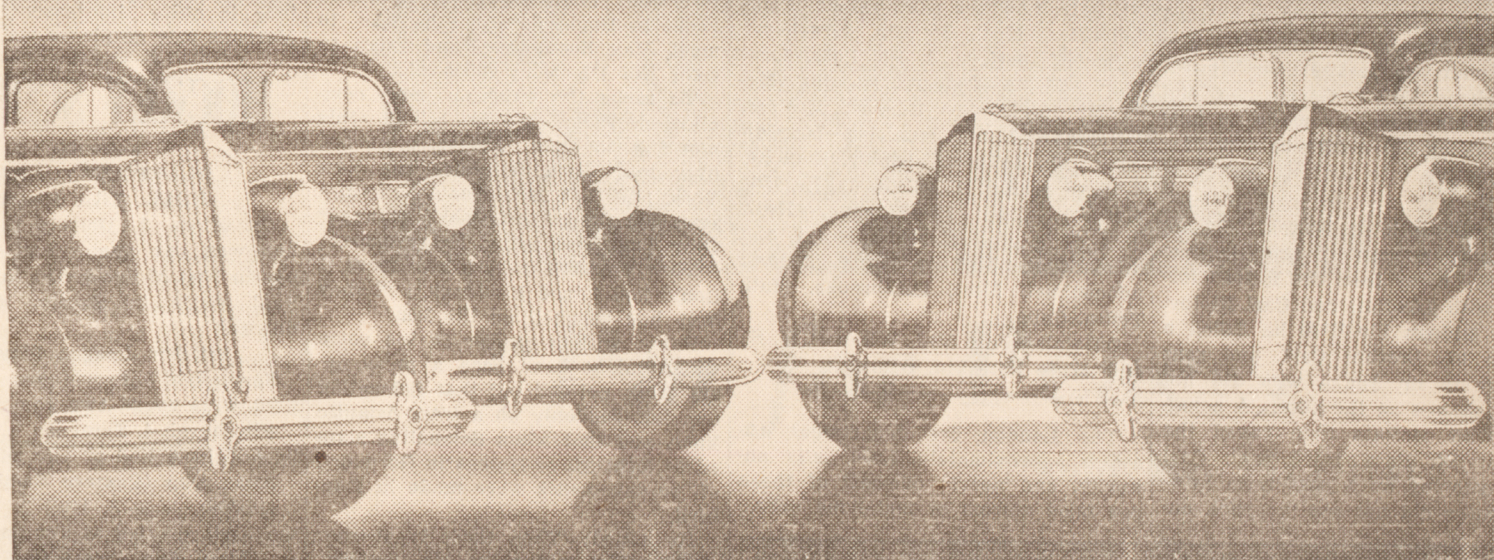

"Aspirin" tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited, of Windsor, Ontario. Look for the name Bayer in the form of a cross on every tablet.
