

F'ton-Devon Scores Decisive Victory Over Minto in County League

Home Troops Turn Back Minto 8-2

Dinny Dinsmore Leads Team To Victory -- Heavy Hitting

"Dinny" Dinsmore hurled the Fredericton-Devon nine to an 8-2 win over the Minto coal miners last night in seven inning tussle. The local sluggers cracked down on Nichols, lanky Minto hurler in the first inning and pounded in seven before he was yanked and replaced by Titus. Watson got one run more on Thompson's two bagger, making a tally of 8 runs for the inning. Minto got their two runs in the third. Kelly singled, slipped around and came in on Arnold's hit. Arnold slipped down to second on an overthrow to first. Burgess hit to shortstop, who made a stab at Arnold as he scurried for third, then snapped the ball down to first in time to lay Burgess away. The baseman tossed the ball into the infield, thinking the inning completed, and Arnold raced home.

Dinsmore hurled a fine game of ball, allowing only three hits to the Minto batters. He got off to a good start, fanning the first man who faced him, then unluckily struck Arnold on the knee, giving one walk. Burgess singled to Malloy, who tossed Arnold out at second, then McLennan lined a low ball to first, allowing Burgess down. In a tight spot, Dinny fanned the next batter, closing the frame.

After the third frame, tight ball was played all the way through. Titus tightened down. He gave them two hits in the fourth but was backed up by good field work and retired the side. Dinsmore had a good inning in the sixth, Nightengale the first batter fled out, and he got the next two with strike-outs. In the second half of the sixth, Watson, Thompson and Staples came up in quick succession and each fled out.

Umpire Jack Hoyt did a good job on the decisions, proved by the fact that the fans were laying off, seemingly satisfied.

"Timmy" Green

Dinsmore has the best smoke-ball in the league. Last night we noticed particularly the speed of that pill, and said a little prayer of thankfulness that it was Arnold that got hit and not yours truly.

Another thing that Dinny has which gains the admiration of this post is that cute little trick of slipping one across before the batter gets set for a slam. We understand that the batter has 17 seconds to get back, and if he doesn't and a strike is hurled down the groove—just tough luck that's all. We don't know how he times that fleeting 17 seconds, but the umpire agrees with his judgment, and calls them as they come. A little more control on that pill and his trick will account for a lot of strikes in future games.

Mako and Budge more or less dampened the hopes of the English Davis Cuppers and fans when they pushed them down yesterday. Austin still has high hopes, and of course has that English determination.

We understand that Joe Louis is singing "Way down upon the grimy canvas, Farr Farr away."

At the same time Farr is reported to be humming "Fly away Kentucky babe, fly away to rest."

ED DON GEORGE IS PERSISTENT

Mat Challenger Wants Plenty of Action In Bout With Robert

MONTREAL, July 26—Ed Don George, ex-world's amateur and professional heavyweight wrestling champion, today went, as he described it, "the very limit" to gain a bout with Yvon Robert for the world title.

George has previously approached Tommy Gorman and Jack Ganson of the Forum in an effort to get them to try to arrange a world title match. He buttonholed the members of the Montreal Athletic Commission, individually and collectively, and after appearing at the City Hall on Thursday and Friday, issuing challenges to Robert, he culminated his campaign by sending a very pointed telegram to Eddie Quinn, the manager of Robert.

This is what Don said: "If Robert has courage of mouse, if he claims to be champion, if he is not afraid of me up to you to accept world title match with me otherwise promise you I will bring about his suspension."

"I got it all into night letter rate of less than fifty words" says the "Java Giant," "and if Robert is not a coward he will not take that without an answer!"

No word of any kind has been received either by Jack Ganson, or the Forum, or the Montreal Athletic Commission as to Robert's attitude in the matter.

The Montreal Athletic Commission is being called upon to rule against a Montrealeur, and a young man who grew up and won the title under the local body. While they do not want to take any harsh action against Robert, George's claims are such that they have little alternative if the champion does not soon reply to the ex-champion's demands!

While George is going into training at a camp on the shores of the Lake of Two Mountains, for he wants to keep in prime condition, he has stipulated with the Commission that if they are able to bring about a bout with Robert it must be a no-time-limit affair.

LANCE ISAACS IS STRICKEN

Lacrosse Player Stricken During Toronto Game

TORONTO, July 24—A blow over the heart caused the death last night of Lance Isaacs, 29-year-old Indian star of the Toronto Marlboros lacrosse team, Chief Coroner Smirle Lawson announced today. An inquest was ordered, date of which was not set.

Isaacs died shortly after half-time intermission in a game with Brampton Excelsiors. Panting from exertion of play in the fast first half of the game, he suddenly gasped: "Hey, hey," and collapsed.

"The post-mortem revealed a bruise above the fifth rib on the left side extending to the heart," Dr. Lawson said. "A coronary vessel at the apex of the heart had been ruptured. There was a pint of fluid blood in the region."

Isaacs was born on the Six Nations reserve near Brantford, Ont., first attracting attention as a lacrosse player when with the Haldimand Rifles, Canadian Intermediate champions. He later played with Burlington Sen-

UNITED STATES PAIR CAPTURES DAVIS CUP FINALS DOUBLES MATCH

WIMBLEDON, July 26—The United States tennis team went into a 2-1 lead over Great Britain in the challenge round of the Davis Cup today as Don Budge and Gene Mako defeated the British doubles pair of C. R. D. Tuckey and F. H. D. Wilde. The score was 6-3, 7-5, 7-9, 12-10.

Deciding singles matches will send Charles Hare against Frank Parker, while H. W. "Bunny" Austin will face Budge.

Hare, who took Budge through 28 games before losing the first set, and later the match, to him Saturday, is favored to turn back Parker. Retention of the famous cup, symbol of amateur tennis supremacy, which Britain has held since 1933, will then depend on Austin's ability to hold the

California ace. Austin defeated Parker in straight sets Saturday.

It was evident in the first set that Wilde was sadly off form with his backhand. Whenever possible Budge and Mako kept the ball away from Tuckey and whacked it low at Wilde's weak side. The strategy worked, for Wilde kept netting the ball and only the splendid play of Tuckey overhead enabled the Britons to keep in the running.

Tuckey and Wilde gained an early advantage by breaking Mako's service in the first set to gain a 2-1 lead. The Americans, however, took the net on Wilde's service and with brilliant smashes tied up the score.

Break Through Wilde

Ten games in a row went with service in the second act, the Americans finally breaking through Wilde in the 11th and running out the set at 7-5 behind Mako's service.

In the third set Tuckey played inspired tennis, leading a ferocious British attack that finally broke Mako's service in the 16th game to take the set at 9-7.

THE FOREST INDUSTRIES

The forest area of Canada on which there is timber of merchantable size is larger than the total area of France and Germany combined, the standing timber on this is estimated at 274 billion cubic feet. An area of even greater extent is covered with young growth.

This vast reservoir of wood is the source from which Canada drew wealth in excess of \$110,000,000 in 1934 (the latest figures available) in the form of primary products such as:

- raw material for saw-mills, pulp mills, wood distillation, charcoal plants;
- logs, pulpwood, bolts, etc., for export;
- firewood, railroad ties, posts, poles, fence rails, spinning timbers;
- maple sugar, balsam gum, resin, cascar, tanbark, moss, etc.

The total value of manufactured products made principally from raw materials of forest origin was \$404,435,948. Forest products in 1936 afforded an excess of exports over imports—\$158,560,000—very important to Canada's international trade.

The Bank of Montreal has co-operated with every activity of the forest industries—assisting in every phase of production and marketing. The Bank has had the privilege of financing a large share of the export business of these industries. Thousands of workers are depositors, sharing in the safety and facilities of the Bank with their employing companies.

Some of the Bank's services most frequently used by employers and employees in the forest trades: Commercial accounts, foreign currency accounts; financing of shipments; commercial loans and discounts; collections; trade and credit information; safekeeping of securities; savings accounts; personal loans; money orders; travellers cheques; banking by mail.
