C. W. L. PENNY SALE LARGELY ATTENDED

Substantial Amount Realized for Work in Community

The Penny Sale which was held last evening at St. Dunstan's Hall proved a decided success and was largely attended. The hall was filled to capacity and every article offered for sale found large number of ready buyers.

The interest created by this way and means of securing funds for the work of an association was shown by the fact that a large percentage of those present in the hall were representative of every denomination and organization of the city.

The Convener of the sale was Mrs. Robert Woods, assisted by Mrs. W. C. Lee and members of the Association assisted in various ways, in making the affair a success.

The generosity of the local merchants and friends of the organization was a major factor in the success of the affair there being several articles of considerable value.

TIME

There are no moments quite the same

In all the years that pass;
Some burn as swiftly as a flame,
Some gone as sand through glass—
White days may come that leave no mark—

No mark we would erase;
Moments there are, long as the dark,
That carve lines on a face.

Though men mark Time and measure it
By pendulum and bell,
And sailors count and treasure it
By old sea-tides as well—
Yet this we know—that every heart
In waking, and in sleep,
Beats its own Time—and all apart
Its calendar must keep.

Miss Barker in Society Column

The Society section of this week's issue of the Toronto Star Weekly contains the following interesting item concerning Miss Mary Barker, debutante daughter of Major T. C. Barker, A.D.C. to the Lieutenant Governor of New Brunswick. The article is accompanied with a beautiful photo of Miss Barker. Many friends throughout the province will read with interest the article which contains press notices of several debutantes of the season throughout the Canadian provinces. The item refers to Miss Barker as a native of Cork, Ireland. Miss Barker was born in that city during the war when her father was stationed there with his regiment. After referring to a Montreal debutante the item reads as follows:

"It's a jump from Montreal to Fredericton, N. B., but jumps are nothing to a girl like Miss Mary Barker, an 18 year old colleen from Cork. Miss Barker is not as Irish as she sounds, coming as she does from a United Empire Loyalist family that settled on a Crown grant when their British sentiments sent them pell-mell out of Uncle Sam's country after the Boston tea party.

Her father is Major Theodore C. Barker, aide-de-camp to Lieut. Governor Murray MacLaren of New Brunswick, and her grandfather served eight lieutenants governor in the same capacity. She made her debut several months ago at a state ball held at the provincial government house.

Miss Barker runs the gamut of deb activities. She is famous locally for her chocolate cakes, her self-made knitted suits, her sportsmanship and her cocker spaniel "Yorkie." She is an amateur actress of ability, and her idea of the ideal male is "a good dancer, a fair conversationalist and a well-groomed appearance."

Searching parties visited various parts of the city for clues hidden in the form of verses. This was part of the Annual Ladies' Night Program. The hunt started at the 104th monument above town, led down through the city along the river bank and even extended as far as Marysville and Devon. At the conclusion of the hunt a dinner was served at the Community Y Rooms with R. C. Bayley as Chairman. Amongst the different toasts proposed was one to Dr. J. C. S. and Mrs. MacMullen who have lately returned from their wedding tour. The happy young couple were made a presentation on behalf of the club and a special presentation was made to Dr. McMullen. R. Mothers! Treat Children's Colds This Proved Way

More mothers use VapoRub than any other medication of its kind—they have proved it by use in their own homes. It was further proved in the world's largest colds clinic. No "dosing"—just massage VapoRub on throat, chest, and back at bedtime. Almost at once, its poultice-and-vapor action starts to loosen phlegm, relieve irritation and coughing, help break local congestion. Often, by morning the worst of the cold is over.
