

News Briefs

TO ATTEND SERVICE

The Lieutenant Governor, Hon. Dr. Murray MacLaren and party will attend the eleven o'clock morning worship service at the Reformed Baptist church tomorrow morning.

UNDERGOES OPERATION

Ray Maxen, son of Mr. and Mrs. Earl Maxen of George Street, underwent an operation this morning for appendicitis at the Victoria Public Hospital. His condition is as good as can be expected.

IMPROVING DAILY

Friends will be glad to learn that the condition of Miss Nellie Grannen of North Devon shows a daily improvement. Miss Grannen sustained a fractured wrist and hip several months ago when she fell at her home at North Devon.

UNDERGOES OPERATION

Many friends will be pleased to hear that Mrs. T. A. MacDonald recently underwent a minor operation in the Royal Victoria Hospital, Montreal, and that her condition is favorable.

TO ADDRESS COMMUNITY Y

Dr. John Stephens, Professor of Mechanical Engineering at the University of New Brunswick will deliver an address on New Brunswick Coal at the regular Sunday meeting of the Community Y Forum, tomorrow afternoon at four o'clock. All are cordially invited to attend.

HAND INJURED

Mrs. D. N. Golding, who had her hand caught in an electric wringer at her home at Tracy and rolled in to the wrist, inflicting a nasty flesh wound, on the wrist and thumb, was taken to the Victoria Public Hospital for X-ray examination and treatment. It was found no bones were broken and Mrs. Golding expects to return home shortly.

CORONATION PLANS

The citizens of this city are invited to attend a public meeting to be held in the Council Chamber at the City Hall on Friday afternoon, April 9th at 3 p.m. Plans will be put forth concerning the Coronation celebration on May 12th. It is anticipated that all organizations in the city will get behind the movement, so that a strong committee will be formed to plan and supervise the activities on that day.

ELKS HOME RENOVATED

The residence on King street recently purchased by the Elks Club from James Jamieson, is being renovated into a new home for the local organization. When completed the building will be a modern one in every respect. The membership of the Elks Club in this city is increasing daily, and at present over 125 members belong to the organization.

WITH THE FIREMEN

The fire department answered a call this morning to box 113, where a false alarm was rung in. At one o'clock, a call was answered to the residence of Mrs. J. J. McCafferty, George Street, where an overheated pipe was causing some anxiety and shortly afterwards a chimney fire was extinguished at the residence of Mr. McGee on Charlotte street. No damage resulted.

A LATE ICE RUN

Today marks the date predicted for the ice run in the Saint John river, but indications now favor late run, possibly within two weeks' time. Indications also point to a freshet below the average, unless spring rains are heavy. The ice here in the river has commenced to honeycomb and traffic has been suspended for automobiles and horse drawn vehicles. A few people are crossing the ice in the mornings when the water along the shores is frozen.

Marysville Woman Laid to Rest

The funeral of Mrs. Jane Collings was held this afternoon, with service at the home in Marysville, conducted by Rev. M. D. Oliver. The large number of persons present at the service and the number of beautiful floral tributes testified to the high esteem in which the deceased was held. The pall bearers were: Marvin Dunphy, Henry Pickard, Chesley Pickard, George Pickard, Wallace Brown, and Howard Dunbar. The chief mourners were: Roy Collings, Fred Foster, Chas. Brown, Wm. Brown, Bert Brown, Fred Collings, Harry Hanson, George Hanson, John Brown, Walter Brown, Harold Morgan, George Venner, Frank Pickard, John Pickard, Irvine Pike, Claude Clayton, Ray Murdoch, James Sullivan. Interment was made at the Bable Cemetery, Marysville.

WANTED, AN ALDERMAN! APPLY TO MARYSVILLE

Three Nomination Days Fail to Secure Ward Three Candidate

To Try Again

Town Will Keep Trying Until Someone Wants to Tackle the Job

For the third time since Jan. 30 an attempt has been made to secure an Alderman to fill the vacancy in Ward Three of the town of Marysville but of one person seems to want to try the job.

At the general elections on Jan. 30 last, seven out of the eight Aldermen were elected but the town failed to secure a candidate for the eighth seat. Three weeks later a by-election was announced and announcement was made that no person wanted to offer for the vacant seat. An election was then called the nomination to be today. Up to two o'clock this afternoon no candidate had been found to offer for the vacant seat. This is an unusual condition to exist in any town of the Province of New Brunswick. It is understood that arrangements will be made to hold another by-election unless some candidate should be found before late this afternoon. Speaking of the situation the town clerk told The Daily Mail that they would keep on holding elections until some candidate was secured.

Canned Skunk At West End This Morning

We have heard of canned chicken, we have heard of canned salmon, but we have never heard of canned skunk before until we heard of one that was captured by Major John S. Scott the popular secretary-treasurer, who had canned skunk this morning.

It all came about this way. Fred H. Peters who is an early riser or a later goer-to-bedder was looking out of his window early this morning, and discovered a small animal with a streaky back trying to move round the yard of the Secretary Treasurer. The small animal was somewhat impeded by the fact that he had a can over one end. The can was not over the business end of the skunk but was over its head so that there was no danger of approaching the skunk from the front, but the danger from making a rear approach still remained. Fred Peters in order to be safe telephoned the Major who has been a fighting man and the Major made the onslaught on the skunk. The Major did this in a very diplomatic way by placing an empty soap box over the skunk who could not see on account of having a can over his head. The Major then ran for the nearest cover and after operations on the part of the skunk, had died down he succeeded in having the animal put in safe confinement where he was later disposed of and his pelt will be used to decorate for fur.

During the past fall there has been an epidemic of skunks in the upper end of Charlotte street and in the vicinity of the rear of the exhibition building. It was a frequent occurrence for people to stand on the sidewalk and watch skunks, by the dozen gamble on the green near the upper end of Aberdeen street they used to peek from under the doorsteps as people approached. They emerged from under woodsheds and one young lady on Aberdeen street found one in her bed when she went home.

TO START SEEDING AT MAUGERVILLE IN A FORTNIGHT

Garden Seeding Will Take Place Week After Next

No Freshet Feared

Gardeners Down River Look Forward to Early Season's Operations

Unless the unforeseen occurs the people of Maugerville do not expect to experience any undue hardship as result of the spring freshets this year. It is thought that the cold nights and the backward weather will have the effect of keeping the ice in place until the water recedes and there is a general break-up and no damage will be done.

It is expected that the farmers of Maugerville will start seeding within the next fortnight. Harry Rumble of Maugerville who carries on extensive gardening operations says that he expects to plant his onion sets and pea seeds within two weeks' time provided the weather remains as warm as it has been during the past week. Mr. Rumble states that this is somewhat earlier than preceding springs but the long cold springs impeded the planting operation.

Snow in the Maugerville section has about all vanished and the frost is beginning to come out of the ground. In view of these conditions Mr. Rumble expects a general planting early.

The ice is still solid at the down-river section although open in the town stretches of the river.

TODAY'S MARKET

Largely Attended Today at Phoenix Square -- Buying Brisk

The regular week-end market held at Phoenix Square this morning was one of the largest to be held at Phoenix Square since the fall months. Buyers were plentiful and prices remained steady, with eggs in large demand. Maple syrup was plentiful, and registered a slight drop in price over Wednesday's quotation. The following prices prevailed:

Apples, Salome, 25c-50c per peck.
Bacon, per pound, 22c.
Beef, per pound, 7c to 10c.
Butter, 28c to 30c per pound.
Buttermilk, 25c per gallon.
Carrots, \$1.50 per barrel.
Chicken, 25c per pound.
Chow chow, 25c per quart.
Hay, \$7 to \$9 per ton.
Ham, home cured 25c per pound.
Headcheese, 15c per bottle.
Honey, bees, 25c per bottle.
Jelly, cranberry, 25c per quart.
Live pigs, \$3.50 each.
Mittens, 50c per pair.
Pork, 11c to 13c per pound.
Potatoes, \$2.00 per barrel.
Syrup, maple, 45c per quart.
Turnips, \$1.00 per barrel.
Veal, 7c to 12c per pound.
Wood, dry, \$6 per load.
Wood, green, \$4 per load.
Wood, turnage, \$6 per load.

EVERYONE WOULD BE EMPLOYED IF MORE LUMBERING

No Need For Idle Men in This Country, Says E. C. Atkinson

Big Lumber Demand

U.S. and European Market Can Handle More Lumber

If the lumbering resources of our province were developed fully there would not be an idle man in the province of New Brunswick today provided he wanted to work was the statement made to The Daily Mail this morning by E. C. Atkinson.

Referring to the demand for lumber Mr. Atkinson said that it was tremendous. Large quantities of lumber were being shipped to the Old Country and the United States could take more lumber from us than we could produce in Eastern Canada. There is not enough people here to produce all the lumber that is required, said Mr. Atkinson.

During the past several months, Mr. Atkinson in conjunction with other Fredericton gentlemen have shipped large quantities of lumber to the European markets and these shipments are steadily increasing. Many more shipments will be sent forward during the coming months.

Is Germany Getting Scrap Iron Here For Munitions?

Is it a fact that scrap iron from this part of the country is being gathered up in this section of the province and shipped to Germany and used for the manufacture of ammunition in that country.

It is stated today that several parties of junk dealers are in town buying junk from the different foundries and other places and will ship the same to Germany to be used in connection with the munition factories.

It is understood that large quantities of scrap iron are being gathered together at different points of the province and shipped from Saint John to the Old Country. It is said that this is used extensively in the manufacture of shell cases.

UNDERGOES OPERATION

Mrs. Eldon Harrison of Marysville underwent a serious operation at the Victoria Public Hospital yesterday. Her condition today is favorable.

COMMISSION ON CHIROPRACTICE TO BE APPOINTED

Said Will Include a Judge, a Doctor and a Chiropractor

Cabinet Held Meeting

May Meet Next Week to Appoint Acting Premier

It is said that in the next day or two that Hon. Premier Dysart will announce the appointment of a Judge Doctor and a Chiropractor as a commission into chiropractics in this province.

A bill for the organization and regulation of the profession in New Brunswick was withdrawn from the Legislature on Thursday after a lengthy discussion. The bill was opposed by the Medical Society.

The Government had a short meeting last evening following the prorogation of the Legislature and only routine business was transacted according to Premier Dysart today. If any action is taken in regard to the appointment referred to at the meeting of the Government which takes place next week. At this meeting it is also probable that an acting Premier will be appointed to remain at the head of affairs until Premier Dysart returns from his trip to the Coronation in England. Premier Dysart accompanied by Mrs. Dysart and Miss Mary Dysart and Mrs. Dysart's niece, Miss McDougall of Montreal will sail for England on April 23 on the Duchess of York.

MOVING TO MARYSVILLE

John McKeen and family who have been occupying the Tothil house on Waterloo Row will shortly move to the Gibson residence at Marysville. Dr. Aitken recently appointed to a position in the public health department will occupy the house vacated by Mr. McKeen.
