## "THE PRINTING PRESS IS THE TONGUE OF CIVILIZATION"

In the year 1437 Johannes Gutenberg, a German printer, invented the printing press and began printing at Mainz.

The civilized nations are now commemorating the five hundredth anniversary of this invention. We believe that the best way to get information to the public is by the general use of "printers' ink"—civilization" as a means of therefore we are using "the tongue of conveying some very valuable information to the men of Fredericton and vicinity.

## SOCIAL HAPPENINGS

### Most Successful Dance of College Year

Probably the most successful dance of the University College year took place last evening at Castle Hall, when the Co-eds of the University were hostesses to the men of the University and a few outside guests. The function was novel and had a touch of humor from the fact that the Co-eds gallantly called at the residences of their men friends and escorted them to the function and provided all the courtesies and attentions in connection with the evening. Sixty-five couples were present, in the receiving line being the chaperones, Dr. and Mrs. G. S. McKenzie, Dr. and Mrs. F. J. Toole of the faculty of the University and Miss Margaret Ann Morrison, president of the Ladies' Society of the University. The committee in charge were Miss Joyce Atkinson, Miss Dorothy Kydd and Miss Mary Neville. A program of dances including two supper dances and one novelty dance was enjoyed and George Oils' orchestra provided the music. The hall was brightened with colored streamers in various shades.

Lord Beaverbrook returned to New York on Friday from Chicago and has been staying at the Waldorf-Astoria.

Mrs. A. B. Copp has issued invitations for a reception to be held in the drawing room of the Chateau Laurier on Thursday, March 11th.—Ottawa Journal.

Miss Jean Hodge entertained at a delightful dinner bridge last evening at her home. Following dinner the guests played bridge at three tables with Miss Margaret Hall and Miss Minnie Crockett the winners of the prizes.

Mrs. G. S. Armstrong left last evening for Toronto, where she will visit relatives.

Mrs. Hedley Bridges is entertaining at the tea-hour this afternoon for the pleasure of Miss Margaret MacLaren and her sister Mrs. Hooper who is a guest at Government House.

Breakfast Parties Following Dance. Following the Co-ed dance last evening a number of breakfast parties were held. Among the hostesses were Miss Mary Barker and Miss Peggy Harmon who entertained at their homes. Another group of Co-eds entertained their friends at local restaurants.

Luncheon Hostesses Today. The Misses Montgomery-Campbell entertained at luncheon today for Miss Margaret MacLaren and Mrs. George Hooper of Ottawa. Covers were laid for nine.

Mrs. W. H. Moorhead and her son John, of Fredericton, are visiting Mrs. Moorhead's cousin, F. Lennox Wilson and Mrs. Wilson, in Sherbrooke.—Montreal Star.

## Modern External Treatment Helps End Colds Sooner

Just Rubbed on at Bedtime Its Double-Action Continues Through Hours of Restful Sleep.

### OFTEN RELIEVES BY MORNING

Before a miserable cold gets you down, go to bed and apply Vicks VapoRub. Two generations have proved VapoRub the surest help to a milder, shorter cold. Just rubbed on throat and chest at bedtime, VapoRub acts two ways at once:

1. By stimulation through the skin, like a poultice or plaster.
2. By inhalation of its penetrating medicated vapors, released by body heat and breathed in direct to inflamed air-passages.

Continuing through the night, this combined vapor-poultice action loosens phlegm—soothes irritated membranes—helps break congestion. Often, by morning the worst of the cold is over.

For Fewer and Shorter Colds  
Note for your family: Vicks has developed, especially for home use, a practical Plan for Better Control of Colds. This commonsense guide to fewer and shorter colds has been clinically tested by practicing physicians and further proved in everyday home use by millions. Full details of Vicks Plan come in each VapoRub package.

**Barbour ACADIA BAKING POWDER**  
DOUBLE ACTING

## "Democracy - that's ME"

"I've been keeping an eye on Europe lately," said Mr. Picobac of Essex Centre, applying a match. "But I find that one eye is not enough. I'm getting cross-eyed."

Mr. Picobac chuckled between puffs, while the incense of prime, fresh-lit Canadian Burley spread like a benediction of peace, comfort and human kindness to all the brotherhood of man.

"They're getting too far away from democracy over there," said he, shaking his head. "I tell you us folks in Canada ought to be glad we're here."

"Look the world over," commanded he, passing his "SEAL-TIGHT" Picobac pouch. "Where do you find the happiest people? Tell me that. Isn't it in the democratic countries—countries patterned after old England? And of all the democratic countries of the British Empire where can you find the beat of Canada? . . . The land where every man is as good as his neighbour."

"And most of 'em a danged sight better," agreed Cy Parker, the postmaster, settling down for a mild . . . cool . . . sweet smoke.

## Here's the Modern Way to Help END A COLD Quicker

## The 3-Minute VapoRub Massage

Massage VapoRub briskly on the throat, chest and back (between and below the shoulder blades). Then spread it thick over the chest and cover with warm cloth.

Almost before you finish rubbing, VapoRub starts to bring relief two ways at once—two direct ways:

1. Through the Skin. VapoRub acts direct through the skin like a poultice or plaster.

2. Medicated Vapors. At the same time, its medicated vapors, released by body heat, are breathed in for hours—about 18 times a minute—direct to the irritated air-passages of the nose, throat and chest. This combined poultice-and-vapor action loosens phlegm—relieves irritation—helps break congestion.

During the night, VapoRub keeps right on working. Often, by morning the worst of the cold is over.

Avoids Risk of Stomach Upsets  
This safe, external treatment cannot possibly upset the stomach, as constant internal "dosing" is so apt to do. It can be used freely, as often as needed, even on the youngest child.

Now White—Stainless  
Thanks to a new process, VapoRub now comes to you in white stainless form. Only the color is removed; it is the same VapoRub—the same formula and the same effective double action.
