

HON. A. A. DYSART
Premier, who responded to the
Toast of the Province of New
Brunswick at the Board of Trade
Dinner

WORK TOGETHER

(Continued from Page Four)

He expressed the hope that the boards of trade of the two cities will pull together to make N. B. "a grander and better place."

Dodge Responsibility

In proposing the toast to the province of New Brunswick C. L. Dougherty, this city, stated that there is a tendency throughout the province toward passing the buck. The cities are passing their responsibilities to the province, and the province to the Dominion. There is a trend toward federalism, he claimed. The reason for this, the speaker said, is the financial positions occupied by the smaller units. On the other hand there is the school that demands greater autonomy. There must be a happy medium, he said.

The speaker noted briefly the accord existing between the Anglo-Saxon and Acadian races in N. B., and said that with this being so, fascism, communism and all other isms cannot get a foothold here.

He pointed out to the Premier that a modern government must govern fairly, for the benefit of all people.

We have in N. B. a very serious situation," he said, referring to the Minto strike. Mr. Dougherty expressed the hope that it will be amicably settled in the near future.

The Premier

Hon. A. A. Dysart, Premier and Minister of Public Works, repeated the words of W. W. Hubbard in which the latter said that what is needed is a greater degree of initiative. The Premier deplored the passing of the buck noted by Mr. Dougherty.

Congratulates Fredericton

Governments merely spend what they collect in revenue, he said. If we want worthwhile public services, we must not spend money merely to provide employment. He congratulated the Mayors of Fredericton and Saint John on the responsibility for relief taken by those two cities. He

mentioned the great efforts of the government as regards relief, and putting the province back on its feet. He deplored the Ottawa custom of spending vast amounts on relief, just as the provinces had succeeded in getting the minds of the citizens off the dole idea.

N. B.'s Good Roads

In referring to the convention last September of the Canadian Good Roads Association, the Premier noted the good effect the present hard surfacing roads policy had on that body.

We must get a share of the \$140,000,000 annual Canadian tourist business in N. B., he said, pointing out that greater tourist accommodation is an absolute necessity. The Premier explained in considerable detail the road building program, emphasizing the better hard surfaced roads being built at present, as compared with the roads built in the early years of the program.

There are 800 miles of hard surface in N. B. now, he said, which are in very good shape as far as frost action is concerned. No longer, he said, will tourists be turned away from N. B. by reports of the bad condition of the roads due to road construction or otherwise, he added.

Inter-City Co-operation

"I would like to see Fredericton and Saint John co-operate as far as the tourists business is concerned," the speaker said. He noted the great opportunities throughout the province in the expansion of the industry, es-

T. C. MacNABB
General Superintendent of the C. P. R. who was at the Dinner of the Board of Trade last evening

pecially as far as accommodation is concerned.

Touching on the Rowell Commission, the Premier expressed the belief that N. B. will get just as great consideration as any other province, even though there is no N. B. man on that commission.

The Dominion

In proposing the toast to the Dominion, J. T. Jennings, this city, a past president of the Board, expressed the hope that our happy existence in Canada may continue, and that the many isms may be stamped out.

W. G. Clark, M.P., in responding to the toast, stated that since going to Ottawa, he has become more of a Liberal than ever. After noting the recent Remembrance Day ceremonies, Mr. Clark paid tribute to those who fought and suffered for King and Country in the Great War, and mentioned the efforts of the present leaders of the nation in preventing them having suffered in vain. He looked over the tense foreign situation, and expressed the hope that war should never ravage this country.

Mr. Clark who delivered an excellent address expressed the hope that peace would prevail throughout our Empire and our Dominion and that our Province and our Dominion would enjoy prosperity and freedom from international strife. He received loud applause as he took his seat.

Replies to Toast

"A toast to Canada is one which touches our hearts," said W. M. Ryan M.P., in responding to the toast. We should be proud to live in a happy and contented country with freedom, liberty and justice, he said.

Nature also has been kind to us, by endowing us with great natural resources, he pointed out. He corrected the Premier by saying that the tourist business in Canada last year amounted to \$250,000,000.

Supports Valley Route

The speaker expressed the opinion that C.N.R. transcontinental freight should be rerouted to Saint John via Fredericton, and pledged his support to any measures taken by the boards of trade to achieve this end.

We must endeavor to keep our great heritage of Canada secure, he pointed out. This can be done, he said, by seeing that justice is done to each and every part of the Confederation.

Deputy Mayor Forbes

In proposing the toast to the Fredericton and Saint John Boards of Trade, Deputy Mayor Ray T. Forbes of this city touched briefly upon the financial situation and set-up of Fredericton, a complete account of which will be found elsewhere in this paper.

The speaker commented on the co-operation shown between the Board of Trade and the City Council. He complimented Mayor Kitchen very highly on the latter's able performance of the onerous duties of that office. Aid. Forbes quoted figures to show that Fredericton stands well financially amongst the cities of the Dominion. The figures appear elsewhere.

In replying to the toast, Stephen G. Mooney, Andover, past president of the Maritime Board of Trade, paid tribute to "the boys who went overseas, and special tribute to the boys who stayed overseas," remarking that Canadian civilians in uniform made the finest fighting force in the world.

"Keep on Fighting"

Some became re-established after

W. W. HUBBARD
Former President of the Fredericton Board of Trade who was one of the speakers at the Board Dinner last evening

1918, some did not, he said. Our job, begun in 1914, is not yet finished. We must still continue to fight for Canada. We can't all be members of Parliament, but we can still work for our country, he said. We have forgotten our patriotism, he claimed. We have a country we must look after, and we must do our part. The boards of trade must be the clearing house for ideas to benefit the country, to be passed on to the members of Parliament. He suggested that the members would be eager to hear any suggestions from the boards.

In speaking of the Rowell Commission, he suggested that this affords a great opportunity for the Boards

of Trade to help their communities with the presentation of briefs to the Commission.

Stresses Co-operation

We need team work in N. B., he said. We must get away from smallness, and think, not only of our own little towns, but of the province as a whole.

Mr. Atkinson paid special tribute to T. C. MacNabb, C.P.R. general superintendent for his co-operation with the Transportation Committee of the Board of Trade in the matter of improvement of transportation facilities.

S. S. Miller, past president of the Board spoke briefly, proposing three cheers for "Steve" Mooney, which were given with a gusto.

The banquet came to a close with the singing of "God Save the King."

BURDEN

Miss Glenna Cliff spent the weekend at her home in North Devon, returning Sunday night to resume charge of her school.

Oddur McKen of Kingsclear was here on Saturday building a chimney on Roy Tapley's house.

Roy Tapley attended an auction sale at J. Driscoll's in Cork on Friday and purchased a cow, having it brought home by Ernest Parker of Magundy in his truck.

George Burke and Percy Irvine of Lake George, have been hauling hay during the past week from the A. W. Rockwell place to Mr. Irvine's home at the Lake.

Leonard Woodworth of North Devon was calling on friends here this week.

Harold Kitchen made a business trip to the city on Friday.

Fred Cliff and daughter of North Devon were calling on friends here Sunday evening.

Harry Cliff is expected home from Fredericton this week.

"ASPIRIN" and Your Doctor

Each performs a vital function.

"Aspirin" in relieving headache, neuralgia and other muscular pain. Your doctor in locating the cause and correcting it. Intelligent people do not hesitate to call on both.

• This may sound like strange advice for the maker of a headache remedy to give. But, nevertheless, we give it.

If you are subject to frequent headaches, go to your doctor and tell him about it. He may find the cause of your headaches, correct it . . . and make your life far more pleasant.

On the other hand, if you have an occasional headache, step into the nearest drug store, the moment you feel it coming on, and get a box of quick-acting "ASPIRIN". Take one or two tablets with a glass of water, and see for yourself how quickly relief comes.

We refer to "Aspirin" tablets as "quick-acting", for one reason, because they disintegrate or dissolve in the stomach almost instantly you

take them. Hence are ready to start their work of relief very quickly.

Just drop an "Aspirin" tablet in a tumbler of water and you'll get the point at once. You'll see it disintegrating before it reaches the bottom of the glass! And that's the way one acts in your stomach when you take it.

• "Aspirin" tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited, of Windsor, Ontario. Look for the name Bayer in the form of a cross on every tablet.

DON'T LET WINTER CATCH YOU!

Start those needed repairs now!

ARRANGE TODAY FOR THAT NEW

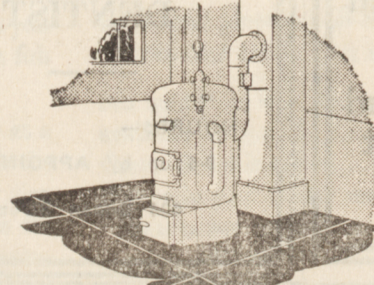

BATHROOM

KITCHEN

ROOF

FURNACE

Don't put in another winter with a faulty heating system, a jittery roof or uninsulated walls that let the heat out and the cold in. Make your home cosier and more livable—as so many others have done—without financial strain. Do it with the magic of the Home Improvement Plan and, at the same time, put men to work.

Select the improvement you need most—inside or outside painting, a modern kitchen, insulation, a new furnace, up-to-the-minute plumbing or the building of an attic playroom or basement game room for indoor days, and get an estimate of its cost. You will be surprised at how readily these and many other desirable improvements will fit into your budget.

LOANS EASILY ARRANGED

Any contractor, supply firm or architect can help you arrange a Home Improvement Plan loan if you need it to finance the work for you, or you can apply direct to your banker. No security or endorsement needed: you simply show that you can repay in monthly instalments and the loan is made, the work proceeds, your home is made brighter and more livable and men get needed jobs.

Full information on the Home Improvement Plan and what it covers may be obtained from your local committee, your Provincial Chairman, your bank or the National Employment Commission, Ottawa.
