

CONSULT YOUR LOCAL BUILDERS and CONTRACTORS ABOUT THE HOME IMPROVEMENT PLAN

Sponsored By The National Employment Commission

SPEED THEM UP AND YOU SPEED PROSPERITY

Don't let Winter Stop You!

... many indoor jobs can be done comfortably under the HOME IMPROVEMENT PLAN

Painting and decorating, the building of a breakfast nook, extra cupboards, a game room or a playroom, the installation of new wiring and new lighting fixtures, the laying of hardwood or linoleum floors, the installation of new plumbing—these are typical indoor improvements that can be executed most economically in winter. Men and materials are instantly available. There are none of the hold-ups of the "rush" season.

So, why not choose the improvement you want most and have it now — to brighten the home and make winter's indoor days the more enjoyable, at the same time creating work for men who need it.

SIMPLIFIED FINANCING
Any contractor, supply firm or architect can help you arrange a Home Improvement Plan loan to finance the work or you can apply direct to your banker. No security or endorsement needed: you simply show that you can repay in monthly instalments, the loan is made and work can proceed without delay.

A. H. WETMORE
Provincial Chairman.
INFORMATION BUREAU
