CELEBRATE 50TH ANNIVERSARY OF DEVON PARISH

Pageant, Speeches and Pontifical Benediction Feature Event

HONOR ANCESTORS

Over 500 Parishioners, Visitors, Delegates To Be Present

The Parish of Saint Anthony at Devon celebrated its fiftieth anniversary yesterday afternoon on the lawn in front of the church and vestry, with about 500 worshippers taking part in the various events. It was fifty years ago yesterday that what is now the Parish of Saint Anthony broke away from the Parish of Saint Dunstan's, in this city, and became an independent parish in the Diocese of Saint John.

Events which featured the celebration were a pageant or "Historical Rosary," a procession of parishioners, society members and delegates from neighboring parishes, an address by Rev. Father Harold Coughlan, Kingsclear, and Pontifical Benediction by Rt. Rev. Monseigneur P. A. Bray, C.J.M., Saint John, bishop of the Saint John Diocese.

Pageant Dedicated to Priests

Rev. Walter Donahoe, priest of the parish, welcomed all visitors and parishioners to the golden jubilee celebration. The first part of the program was given over to the pageant, which was divided into five parts each part being dedicated to one of the five priests who have been in the parish during the last fifty years: Rev. John Kiernan, Rev. John J. Ryan, Rev. Michael Murphy, Rev. Edward Conway, and the present incumbent, Rev. Walter Donahoe.

In reading a synopsis of the history of the parish, Donald Duffie, Oromocto, mentioned the good work done for the Indians of the Devon reservation by the several priests. A procession of 50 young ladies, all dressed in white, came forward. Each carried a golden standard, flag or picture of either a religious nature or of someone who had been prominent in the ecclesiastical work of the parish. They were divided into five groups of ten each, representing the five different periods in the history of the parish and the five incumbents.

City Council Street Committee Is Criticized By Citizens

The Cause of Criticism Is Detour At Site of New Subway—Alderman David McCaughey, Chairman of Committee, Places Blame On C. N. R. Bridge Contractors.

Considerable adverse criticism is being expressed in regard to the fact that the street leading from Queen Street to Waterloo Row and running through the new subway area has not yet been made passable for traffic. Speaking to The Daily Mail this morning in regard to the matter, Ald. David McCaughey, chairman of the roads and streets committee of the City Council, explained that while it was the duty of the city to keep this street in condition after the subway had been completed, it is up to the contractors of the railroad bridge to replace the street in the condition in which it was originally when they started the erection of the subway.

Ald. McCaughey stated that the contractors for the subway had promised the city officials that this matter would be attended to at once, but that nothing has been done so far.

This main artery is not only of use to the citizens, but it is also the outlet for tourists and other travellers in and out of the city. At the present time traffic is closed on Waterloo Row and Brunswick Street and as the contractors are also busy on the George Street crossing Charlotte street is the sole avenue for traffic that can be used with any measure of

convenience. Tourists and others are put to considerable inconvenience in finding their way in and out of the city at this point. Some tourists have even gone as far as the University Campus to enquire their way to Saint John. It has been learned. There is no reason why a (temporary road could not be fixed up in less than an hour to provide for this traffic until the pavement has been laid, it was stated.

G. C. Cunningham May Be Sent To South America

It is reported here that G. C. Cunningham, Provincial Government Potato Expert, may go South America to open a fall and winter office in that country. The purpose of Mr. Cunningham's mission would be to endeavor to capture for New Brunswick a share of the potato market of that country. This report comes to The Daily Mail from the potato section of Victoria County. Interviewed today, J. K. King, Deputy Minister of Agriculture, stated that at the present time no definite arrangement has been made as to whether Mr. Cunningham would go to South America this fall or not.

"The date of his going, or whether he will go or not, has not been decided upon," said Mr. King. Mr. Cunningham made practically the same statement. It is understood that the Provincial Government, following out its program of creating greater markets for potatoes, contemplates sending Mr. Cunningham on this mission. The report from up river stated that Mr. Cunningham would leave this week for South America by airplane, but this is practically denied by officials of the department of agriculture.
