DELICINA ROBICHAUD

AUTUMN

The squirrels gloats on his accomplished hoard,
The ants have brimmed their garner with ripe grain,
And honey bees have stored the sweets of summer in their luscious cells;
The swallows all have winged across the main;
And here the autumn melancholy dwells
And sighs her tearful spells
Among the sunless shadows of the plain,
Alone, alone
Upon a mossy stone
She sits, and reckons up the dead and gone
With the last leaves for a love-rosary,
Whilst all the withered world looks drearily.
Like a dim picture of the drowned past
In the hushed mind's mysterious far away,
Doubtful what ghostly thing will steal the last
Into the distance, grey upon grey.
—THOMAS HOOD.

Autumn Was Silver

(From The Commenweal)
Autumn was silver once, and in my sleep
I see that silver now again in dreams,
And once again the brooding starlight seems
To sink through pools of shadow,
glassy-deep.
The trees drop birch leaves for the wind to sweep,
And silver are the moon's transparent beams,
The crystal edges of the sleepy streams
Point down like needles, silver-edged and steep.
Autumn was silver; gold is autumn now,
Hot gold that burns like humans in desire,
Red-gold that holds the twilight in the trees.
Where that autumn, crown to winter's brow,
Like one clear note struck on a silver lyre,
Like one smile in dark winter's reveries?
ROSEMARY BENET.

SOCIAL HAPPENINGS

Returned from Trip to United States

His Worship Mayor G. Willard Kitchen and Mrs. Kitchen and Mr. and Mrs. E. M. Young recently returned from an enjoyable trip to Boston and New York. In the latter city the New Brunswick visitors took in the first two games of the World Series.

The Cathedral Men's Club

The second regular meeting of the Cathedral Men's Club this autumn was held in the church hall Tuesday evening. Rev. Dean Moorhead opened the meeting with prayer after which the music committee, Oscar Harris and Robt. Hazlett led the period of singing. A duet was followed by chorus singing of harvest hymns appropriate to the thanksgiving season. The educational talk of the evening was given by H. B. Durost who took as his subject "The Romance of Plant Life." In developing this theme related to the harvest season, Mr. Durost outlined the wonderful development made within the space of a few months from the small seeds planted in May or June to the harvest in October. This, one of the most commonplace things about us and upon which all human life is dependent, has long been one of the great wonders of the world. The speaker then gave an historical sketch of the way in which man learned to understand a little about this wonder and to apply what he learned to further the efforts of nature. Five hundred years ago experimental work was begun with the object of finding whence came the material which made up the structure of plants. These experiments had only negative results, showing some of the things which did not form parts of the plants. The work went on in the study of the age old wonder of the world but it was not until analytical chemistry was developed with in the past century that man learned how and whence came the material in plants which formed his daily food.

The thanks of the club members were tendered to Mr. Durost for another of the thoughtful talks on the common things about us for which he is noted.

In relation to the wonder of plant growth, Robt. Hazlett told the members about one of the "big trees" of York County which he had seen that day. Growing in the western part of the county it has a trunk seventeen feet in circumference at the base and sixty feet from the ground to the lowest branch, a single stick which is estimated by lumbermen to contain seven thousand feet of lumber. Club members expressed the hope it would not too soon be lumber but might remain for men to admire as one of nature's monuments to the wonders of plant growth, and a survival of what was in this province in Loyalist days.

Games, refreshments and the singing of the National Anthem brought to a close another happy evening in the history of the club.

The Right Hon. Sir Lyman Duff and the Hon. Mr. Justice T. Rinfret spent Thanksgiving week-end in Washington, the guests of the Canadian Minister to Washington, Sir Herbert Marler and Lady Marler.

Returns from Trip to Europe

Miss Mary Richardson daughter of His Grace Archbishop and Mrs. J. Richardson recently returned from an extended trip to Europe where she spent the summer. While away Miss Richardson visited England, Scotland, Norway and Denmark. In England she was the guest at the home of the Bishop of London, where she spent the month of June. In Norway Miss Richardson visited the parents of her fiancé Mr. and Mrs. Theo Sorensen at Kristiansand, South Norway. She returned home on the Empress of British which docked in Quebec over the weekend.

Stanley C.W.L. Meeting

The monthly meeting of the Stanley Sub-division of C.W.L. was held Friday evening, October 8, with the President in the chair. The meeting opened with League prayer. Nine members answered roll call. One visitor, Miss Glenna Foreman, was present. After reading of the minutes the general routine of business was taken up. It was decided to continue the Wednesday afternoon sewing club. The mystery box was won by Mrs. Fred Hickey. The meeting closed with prayer.

Ella Thorne Circle

The October meeting of the Ella Thorne Circle of the King's Daughters was held Tuesday evening at the home of the President, Miss Marjorie Macredie, with the president in the chair. The meeting opened with the Prayer of the Order, followed by a devotional service conducted by Miss Jean Smith, after which Miss Gertrude Davis read a chapter from Mrs. Eley's Bible Studies, the subject being Jerusalem. Routine business was then dealt with and money voted toward carrying on the work of the Circle, after which the meeting closed with the Mizpah Benediction. An enjoyable social hour followed during which the hostess served delicious refreshments.

The newly organized circle of the King's Daughters, Fideles Filiae Regis, met at the home of the Misses Miriam and Esther Estabrooks last evening. The meeting opened with a short devotional period followed by a business meeting with the election of officers as follows: President, Miss Miriam Estabrooks; vice-president, Miss Isabel Patterson; secretary, Miss Betty Burgess; treasurer, Miss Ethel Gorman; representative to the Central Council, Miss Esther Estabrooks. Plans were made for the winter's project and the meeting closed with the Mizpah Benediction after which a social hour was spent.

Mr. and Mrs. Merrithew Honored
The employees of Creighton and Smith met at the home of Mr. and Mrs. O. W. Merrithew and tendered them a surprise party on the occasion of their departure from the city. Bridge was enjoyed, refreshments served and Mr. and Mrs. Merrithew were each presented with a suitable gift. Mr. Merrithew who has been in the employ of Creighton and Smith for the past several years will with his family leave this week for Moncton where they will reside.

ENUMERATORS

(Continued from Page One)
Gordon and Frank Gaffney, Conservative and Liberal scrutineers, respectively, and Pilot Frank Brown and Air Engineer Walter Davidson, who lived on "hard tack" and slept in log cabins during the two nights and three days of the trip.

A bit of bacon they had was described as "old enough to vote when Sir John A. MacDonald was Prime Minister."

At Sandy Lake they found Father J. Dapau, Roman Catholic missionary, who when he had no funds to build a mission house, went out to prospect. He is 65 and his parishioners are destitute Indians. He found gold near the site he had chosen for the mission and, last winter, sold his claims to a mining company for \$500 in cash and 50,000 shares. The cash was used to pay for a small sawmill, and the mining shares were turned over to the church.

RECUPERATING AT HOME

Wilfred Richardson, son of Archbishop J. A. Richardson, has arrived home to recuperate after an operation which he recently underwent in Montreal. Mr. Richardson will spend a few weeks in the city.

Boston physician advises all who have trouble finding theatre seats in dark movie houses to partake of more vitamin A. Huh, there aren't enough eggs and livers in the world to fill that prescription!

Popular Railway Official Died at Woodstock

Many friends in this district as well as many other parts of the province will learn with regret of the death of Harry Ernest Fowler, which occurred this morning at his home in Woodstock.

Mr. Fowler who was in the service of the Canadian Pacific Railway, was stationed in this city for about 15 years, and had formed a great circle of friends here in that time. He was transferred to Woodstock about four years ago where he resided until the time of his death. Before coming to Fredericton he had resided at Hampton.

Mr. Fowler was widely known about the province through his travels in the service of the railway and his passing will be felt as a great loss by all his acquaintances.

He was formerly in the service of the New Brunswick Coal and Railroad Co. and secretary of the Minto and Grand Lake Railway. He belonged to several organizations in the city including the Fredericton Cudling Club, of which he was an ardent member.

The remains will arrive from Woodstock this evening and will rest at the J. A. McAdam Funeral Home, 651 King Street, until Friday afternoon when the funeral service will take place. Rev. George Telford assisted by Rev. Dr. J. W. Bartlett will conduct the service at the funeral home at 2 o'clock. Interment will be made at the Rural Cemetery.

Besides his wife he is survived by one daughter Miss Claire Fowler and one son Kenneth. Several brothers and one sister also survive.
