R. V. Limerick's Rink Winner of Wee Neilly Staged Yesterday

The rink skipped by R. V. Limerick was top scorer in the Wee Neilly held yesterday afternoon and last evening by the Fredericton Curling Club. Mr. Limerick's rink scored 18 points, as compared with the three markers tallied by the opposing rink, skipped by F. W. Barker. The rink, composed of Mr. Limerick as skip, J. F. Harvey, W. M. Todd and F. I. Morrison, will receive a prize at the end of the season of a box of chocolates to each member.

Four games were played yesterday afternoon and four in the evening. The players were entertained at a dinner at the clubhouse at six o'clock.

The skips and the scores of their rinks were:

Afternoon
A. H. Porter 14; J. H. Malcolm 10; R. J. Murray 11; W. Limerick 9; G. H. Clark 4; C. R. Barry 8; H. W. Wilson 8; J. E. Page 5.

Evening
B. W. Flieger 15; R. V. Limerick 18; J. M. Gibson 9; J. H. Ramsay 11; R. B. VanDine 5; F. W. Barker 3; F. P. Hatt 6; J. R. Howie 10.

SOCIAL HAPPENINGS

Honored on Birthday

Miss Hilda Haining entertained on Tuesday evening at a surprise party in honor of Charles Hamilton, the occasion being his birthday. The evening was spent at cards, after which delicious refreshments were served. The guest of honor was the recipient of a token of remembrance from those present.

Entertained Club

The Hospital Aid Bridge Club met yesterday afternoon at the home of Mrs. A. T. McMurray.

Mr. and Mrs. Willfred Wood

Mr. and Mrs. Willfred Wood of Oromocto recently left by excursion to Toronto where they will be guests of Mrs. Woods brother Arthur Armstrong. They will return home the latter part of next week.

Bridge Hostess

Mrs. C. D. Richards entertained at bridge yesterday afternoon.

Ministering Circle Elects Officers

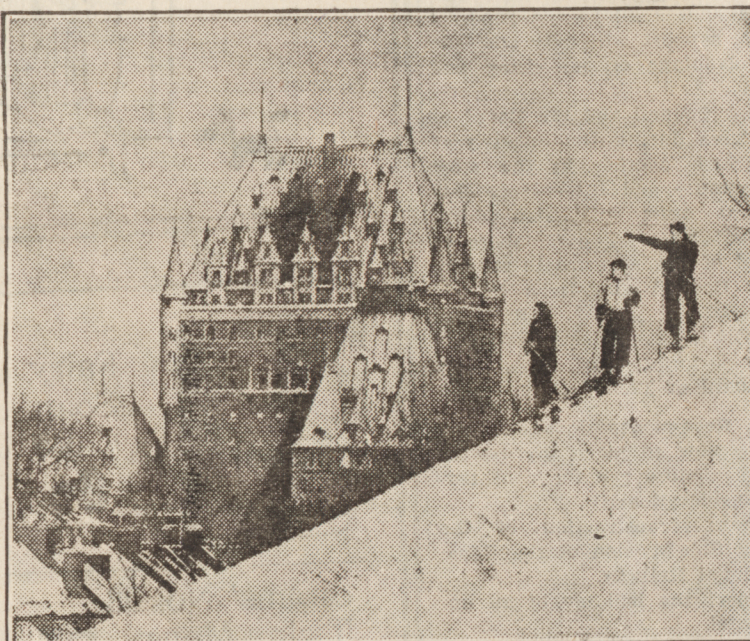

The Ministering Circle of the Kings Daughters met yesterday afternoon at the home of Mrs. W. M. Clark on Charlotte Street. The president Mrs. C. C. Jones was in the chair and Mrs. W. C. Kierstead led the devotional period. The yearly report of the president and the treasurer showed the past year to have been successful. Delegates were appointed to the bi-annual convention which is to be held in January and also to the Social Service Council. The report of the Christmas boxes and Christmas work were also brought in. The report of the nominating committee was received and adopted and officers were elected for the coming year as follows: President, Mrs. C. C. Jones; Vice-President, Mrs. A. P. Crockett; Treasurer, Mrs. W. M. Clark; Secretary, Miss Bessie Rabbitt; Telephone Secretary, Mrs. C. N. Hawkins. Mrs. W. A. Loudon was appointed representative to the Well Baby Clinic.

Hostess to Study Group

The members of the Ladies Study Group of the local branch of the League of Nations Society were entertained last evening at the home of Mr. and Mrs. J. J. F. Winslow, Waterloo Row. A feature of the evening was the presence of some of the delegates who attended the Canadian University Students conference which was recently held in Winnipeg, all giving an account of their impressions of the Conference. The delegates present at last evening's meeting included Miss Norma Linton, Alison Mitchell, John McKnight and Bobby Porter. Mr. Porter who was chairman of the evening introduced the speakers and opened the evening's entertainment with an interesting account of the part taken by himself and a general story of the agenda of the Conference which proved most interesting. Miss Norma Linton stressed the importance of the Conference from the Educational point of view and its broadening effect. Mr. Mitchell and Mr. McKnight contributed not a little to the entertainment of the evening and the information of those present as to what had been accomplished and the resolutions adopted at the Conference. Mr. Mitchell at the conclusion of the evening drew the attention of the members of the group to the coming meeting of the model League of Nations which is to take place in the city under the sponsorship of U. N. B. He stated that it was most desirable that citizens in general should take an interest and co-operate to make this coming event a success. Last year U. N. B. sent two delegates to the model League of Nations Assembly which met at Halifax. Plans were discussed for a future debate at the University in which the study group might be particularly interested.

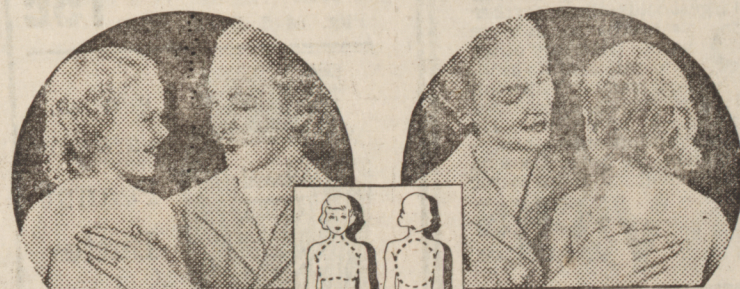

A social hour followed, the hostess being assisted by Mrs. F. C. Toole, Mrs. C. E. Nash and others.

Ski-ing in Historic Quebec

ONE of the outstanding winter playgrounds of the North American Continent, Quebec City, is this year enjoying a most successful season. Visitors from Europe and United States making their headquarters in the famous Chateau Frontenac, are thoroughly enjoying the colorful and varied sport facilities extending from the skiing area at Lac Beauport to the rinks and the toboggan slide on Dufferin Terrace. The illustration shows three ski enthusiasts looking out over the ancient city, with the old world towers of the Chateau Frontenac in the background.

Helps END A COLD Quicker

The 3-Minute VapoRub Massage

Massage VapoRub briskly on the throat, chest and back (between and below the shoulder blades). Then spread it thick over the chest and cover with warm cloth.

Almost before you finish rubbing, VapoRub starts to bring relief two ways at once—two direct ways:

1. Through the Skin. VapoRub acts direct through the skin like a poultice or plaster.
2. Medicated Vapors. At the same time, its medicated vapors, released by body heat, are breathed in for hours—about 18 times a minute—direct to the irritated air-passages of the nose, throat and chest.

This combined poultice-and-vapor action loosens phlegm—relieves irritation—helps break congestion. While the little patient relaxes into comfortable sleep, VapoRub keeps right on working. Often, by morning the worst of the cold is over.

Avoids Risk of Stomach Upsets
This safe, external treatment cannot possibly upset the stomach, as constant internal "dosing" is so apt to do. It can be used freely, as often as needed, even on the youngest child.

Now White—Stainless

Thanks to a new process, VapoRub now comes to you in white stainless form. Only the color is removed; it is the same VapoRub—the same formula and the same effective double action.

VICKS VAPORUB

Mothers! Look in your VapoRub package for full details of Vicks Plan—a practical home guide to greater freedom from colds. In clinic tests among 17,353 people, this Plan cut sickness from colds more than half! Follow Vicks Plan for Better Control of Colds

MOSES MITCHELL
Ex-Mayor of F'ctn, who last evening was elected vice-president of the Fredericton Exhibition Ltd.

PRODUCTS

(Continued from Page Eight)
Moncton, was chosen president, with about 60 members present.

The tomato juice which started the banquet, was canned by F. J. McDonald and Son, McDonald's Point, N. B. The oysters came from Buctouche; New Brunswick-grown celery was served, while the Waldorf salad was composed of apples grown at the local Experimental Station; the turkey was raised in Carleton county, while the peas and corn came from the Maritime Egg and Poultry Exchange at Saint John; the fiddleheads came from A. A. Waterhouse, Devon, while the carrots were grown by C. M. Miles of this city; the potatoes were donated by T. G. Hetherington, this city, while the strawberries used in the strawberry shortcake also came from the Maritime Egg and Poultry Exchange; the McIntosh apples were packed by the N. B. Apple Exchange, this city.

ELECT OFFICERS

Other officers of the society elected were:
Vice-president—A. R. Jones, manager of the Maritime Egg and Poultry Exchange, Saint John.

Sect'y-Treasurer—M. P. Harrison, small-fruit and vegetable promoter of the Provincial Department of Agriculture, who was re-elected to office.

J. E. McIntyre, immediate past president, presided.

Three guest speakers were present and delivered interesting addresses. Dr. W. V. Longley, director of extension for the Nova Scotia Department of Agriculture, was the first speaker, while G. H. Prince, Deputy Minister of Lands and Mines for New Brunswick, and John F. Calder, of Campobello, chief fisheries inspector, were the other speakers. Dr. Longley spoke on extension, while Mr. Prince dealt with farmers' wood-lots. The subject of Mr. Calder's address was the Bay of Fundy fisheries.

CONTINUED

(Continued from Page Eight)
feet of lumber in 1937, but was the only company interviewed that went on record as having a poor opinion of 1938 prospects. This, it was stated, is due to the depressed condition of the lumber market. Other Fredericton industries had good reports concerning 1937 business.

Ald Forbes paid passing attention to the industries of Devon, noting the establishment of a new plant manufacturing lumber products. The Marysville plant of Canadian Cottons Ltd., had a \$500,000 payroll in 1937, he revealed. The average number of employees was 400.

In totalling the figures presented by Ald Forbes, it was disclosed that there were 1,095 people industrially employed last year in the city of Fredericton and the towns of Marysville and Devon, as compared with the 1936 figure of 1,059.

MILITARY PROMOTIONS

The promotion of George H. McGee, this city, from Lieutenant to Captain and the appointment of five University of New Brunswick students to be second lieutenants in the U.N.B. Contingent, Canadian Officers' Training Corps, are announced in this week's issue of District Orders, Military District No. 7. Captain McGee is attached to the 105th Field Battery. The following were awarded commissions in the C.O.T.C.: Kenneth R. Dunphy, C. J. Gray, J. H. Ferris, F. J. Flewelling and I. C. Price. Lieutenant J. A. K. Leger was promoted to a temporary captaincy while attached to the C.O.T.C. unit.

Sunlight or Moonlight Now Come Into Living Room At Flick of Switch

By Jean Prentice

A fresh note of modernism is injected into this Chinese Chippendale living room through the installation of a concealed lighting unit recessed behind the curtains. The effect produced is that of warm sunlight streaming through the window.

THERE seems to be simply no limit to the ingenuity of these lighting people nowadays. A press of a button, and they give you day, light, sunlight, or moonlight at any hour of the day or evening—right in your own living room. And it's almost laughably simple!

Lighting panels built into hidden places produce the effect. They are often used over the latest kitchen sinks, although in such cases, ordinary colorless bulbs are employed. Recently this type of lighting has become quite popular in living rooms, particularly where there is a bay window.

Easily Installed

The lighting unit itself consists of a metal box, approximately thirty inches long, six inches wide, and seven inches high. It contains three 40- or 60-watt bulbs, depending upon whether you have light or dark shades. The amount and color of light desired also determines the number of bulbs. Flashed opal glass is used at the bottom of the unit to diffuse and soften the light.

There are two ways of installing

such a unit, which is a regulation fixture, obtainable at many electrical stores. When built into a new house, it is recessed into the ceiling, adjacent to the window. In a house that has been already built, two polished metal reflectors containing 60-watt lamps can be mounted between the over-drapes and the glass curtains. These reflectors are also standard equipment, easily installed by your electrical contractor.

Choice of Colors

Where there is no space between the draperies and curtains, a row of small 10-watt bulbs or several luminaire lamps may be mounted behind the valance or curtain cornice. The wiring can be so arranged that a choice of colored light is simply a matter of which switch is pressed.

In these modern times, there's no need to permit the original architectural limitations of a room to stand in the way of modernity. And you'll find that the modest investment yields ample dividends in the added enjoyment you derive from your home.

THE FLAVOR LASTS

STANDARD OF QUALITY

2 Things That Combat Colds Like Magic!

Ask Any Doctor . . . Then Follow Simple Directions Pictured Below. Quickest, Simplest Way

1. Take two "Aspirin" Tablets. Make sure you get "Aspirin."

2. Drink a full glass of water. Repeat treatment in 2 hours.

Instead of using fancy priced "cold remedies" try the new-day cold treatment pictured here. Your own doctor will approve it. It will start easing the average cold or sore throat almost as fast as you caught it.

The "Aspirin" you take will start combating your cold internally at once; if throat is sore, crush and stir 3 "Aspirin" Tablets in a third

of a glass of water; gargle twice. Do not rinse mouth.
"Aspirin" Tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company Limited. Look for the name Bayer in the form of a cross on every tablet.

DEMAND AND GET "ASPIRIN"
