Period Ending March 13, 1938  
Saturday and Sunday saw the second of the 1938 District Scout Leaders' Training Camps, at Durham. This time, six in all attended, leaving town early on Saturday afternoon and returning on Sunday evening. Candidates were from Lower Prince William, St. Martins, Molus River, near Richibucto, and one, an ex-Cubmaster of Wolfville, at the time that his father was Professor at Acadia University. Two older boys from the Douglas Troop also joined our forces.

Saturday is a day of great activity at Durham now. First, the new Cub Pack met, at full strength. Then followed a short lecture for the Candidates, on Axemanship, after which all adjourned to the woods, to put theory into practice. Following this, with a talk on Second Class Cooking and Firelighting in prospect, an excellent supper was prepared. For the high quality of all the meals, the candidates deserve congratulation; though we were greatly helped out, by kind friends, such as a lady in the city, who donated tasty things to the Camp Chef; the Durham Troop and Scoutmaster and Mrs. Sanson; and last, but not least, a local farmer, who has been pleased to supply us with milk, as a gift. Such things enhance the success of any camp, while evidencing unmistakably, the goodwill of the local people.

After supper, with the local Troop joining forces with us, at full strength another most successful Troop-Course get-together was held. The Knot Tag Contest resulted in a victory for the Troop. Followed our lecture on Camping.

Sunday saw a good Scouts' Own, following which Commissioner Good conducted the Investiture, when one candidate affirmed the Promise, for the first time. The others had all been previously invested.

Lunch was held in the woods, although the weather was very overcast, with heavy snow squalls, which somewhat delayed us on our way back to town.

An outstanding feature of this Camp, was the afternoon service at the Anglican church in Durham when Rev. Harry Dysart welcomed us to the church and gave an outstanding address on the Scout Promise and Laws.

Douglas are to have a Cub Pack, the first meeting to be held next Thursday evening.

We hear from Kedgwick, Restigouche County, from the Scoutmaster, Rev. Father Leclerc, that the Pack and Troop now have their own Scout Hall. Rover Scouts are to be expected this spring, along with some King's Scouts.

ROBT. PUGH,  
Provincial Field Worker.

## HITLER

(Continued from Page One)  
but 75,000,000 people in one nation are stirred to the depth of feeling which you are now demonstrating. I am deeply stirred by this historic change. You live up to your oath, all of you from Koenigsburg to Hamburg and down to Vienna, you do so in deepest emotion.

Hitler at 4.50 entered Vienna, once the seat of the Hapsburgs and now a provincial capital in a Germany that Hitler has flung from the Baltic Sea almost to the Adriatic. His entry ended in a triumphal progress that carried him 100 miles through cheering flag-waving throngs from Linz, where he had halted since Saturday.

With him came a steadily increasing entourage of high Nazi officials and behind him rolled the motorized might of Germany's Army.

Reaching Vienna, the Fuehrer then changed from his big, six-wheeled automobile to an open car and rode standing through 6½ miles of the city's streets.

Nazification of Austria, meanwhile, was being accomplished with lightning strokes. In Germany the process of reshaping the state to the National Socialist mold required years. In Austria it is being accomplished in days.

## Social Happenings

At the Tea-Hour  
Mrs. McNair, wife of Hon. J. B. McNair, Attorney General is entertaining at the tea-hour this afternoon at her home on Waterloo Row.

The Countess of Bessborough was among those who attended the last of Mrs. Neville Chamberlain's pre-Easter political parties held at 10 Downing street, recently, when nearly five hundred guests were present.

Pythian Sisters Meeting  
Celestial Temple No. 19, Pythian Sisters met in Castle Hall last night with Mrs. Frank VanStone, M.E.C., in the chair. There was a fair attendance of members present, some being absent through illness. Reports of different committees were given, showing the past month to have been a busy one. Plans were made for future activities. The mystery box donated by Mrs. Walter Howell was won by Mrs. Herbert Maxwell.

Bridge Hostess  
Mrs. Eleanor King recently entertained at a delightful three-table bridge at her home on George Street. The prizes were won by Mrs. Josephine Wetmore, Mrs. Walter Limerick and Mrs. Fletcher Peacock. The hostess was assisted by Miss Louise Sterling and Miss Dorothy Hughes and the floral decoration were in keeping with St. Patrick's season.

Business and Professional Club Hold Meeting  
The regular meeting of the Business and Professional Club was held on Monday evening, one week earlier than usual, so as not to interfere with the financial campaign of the Community 'Y'. Miss Nettie MacMillan, the president, was in the chair, with about twenty-six guests and members present. After a brief business meeting the president introduced the guest speaker, J. Bedell. Mr. Bedell had chosen as his subject 'The Co-operative Movements', and briefly sketched the history of this development and the adaptability of the scheme to present day situations. The meeting was adjourned about eight o'clock.

## MARYSVILLE

(Continued from Page Eight)  
rears, the Treasurer transfer sheets to an arrears ledger and make special effort to collect them. A motion by Ald. Gregory to increase the Town Treasurer, William McPherson's commission from three to five per cent on all tax arrears was lost. Total tax arrears amounted to \$8,700.

A communication was received from the County Secretary Treasurer requesting payment of current year's county warrant. Deputy Mayor Gregory stated that it had been the custom for years to pay one half the county warrant in June and the balance before the end of the fiscal year. He stated that the present financial status of the town would necessitate deferring payment at present.

A transportation committee was appointed to confer with S-M-T with a view of extending their service to George Street and to deal with complaints regarding distribution of bus signs. The committee consists of Ald. Titus, chairman, Ald. Amos and Ald. Gregory.

Those present were: Mayor P. G. Long, Deputy Mayor Gregory, Ald. Pettigrove, Ald. Gorman, Ald. Titus, Ald. Daley, Ald. Amos, Ald. Meurling, Ald. Pyne.

Devon Minister  
Passed Away  
This Morning

The death occurred this morning of Rev. Milton Colby Burt, aged 61 years, at the home of his brother-in-law Randolph H. Christie, Burt's Corner, after an illness of over a month. He was pastor of the Advent Christian Church, North Devon. His first pastorate was at Middle Simonds, Peel, Lansdowne and Ludlow, Maine, where he remained for two years. He was at Dover, Maine, for five years, and at North Devon for two years, after which he did evangelistic work from Dover Foxcroft, Maine. He then went to Presque Isle, Maine, for two years. He was also at Chelsea six years, Schenectady two years, Salem two years, and Woodstock two years. From Woodstock he moved to North Devon where he had been located this past year and a half.

The deceased is survived by his wife Mrs. Hattie Burt; two daughters, Mrs. W. Clinton Nickerson, Winthrop, Mass.; and Mrs. Leroy B. Cleveland, Lubec, Maine; one son, Lauriston E., Salem, Mass.; three brothers, Elwood Burt, North Devon; Charles Burt, Burt's Corner; William Burt, Monticello, Maine; two sisters, Mrs. John Currie, Burt's Corner; Mrs. Fred Woodworth, Burt's Corner; and seven grandchildren.

Funeral arrangements have not yet been completed.

## IMPROVEMENT NOTED

Mr. C. F. Bailey, superintendent of the Dominion Experimental Station, is slightly improved, although still confined to his bed with a severe cold.

## SAINT JOHN

(Continued from Page Eight)  
treasurer, however expressed the belief that the council should be allowed to set the qualifications since the council is more closely connected to the board than the government. Dr. Lunney felt that there should be a guarantee that the municipal council would enforce such qualifications. James A. Whitebone, president of the Federation of Labor supported Dr. Lunney in his contention.

Bill Deferred  
F. T. B. Young, M.L.A. Gloucester, moved that the bill be deferred a private session of the committee.

At the committee meeting which was held especially for Saint John bills, eight bills in all were considered and all but one were taken up. In one bill, concerning the issuing of debentures in Saint John a section was stricken out. It provided that the city could issue debentures to cover relief expenditures providing the provincial government continued to share in the expense.

## LEADING

(Continued from Page Four)  
tion of the former foreign secretary.

Czechoslovakia is not the next victim," Sir Archibald said. "It is Spain." Criticizing Chamberlain's bid for Italian friendship, he charged, "Either the prime minister is being fooled or he is trying to fool the British people, when he should insist on intervention in Spain being stopped or non-intervention being abolished."

"Otherwise the whole resources of Spain—manpower, economic wealth, strategic positions, islands and colonies—will pass to Germany and Italy and will be used to reinforce the structure of their war machines."

Britain has suffered a series of humiliating diplomatic defeats since 1931, declared Lieut.-Commander R. F. Fletcher, Labor.

He asked plaintively where were friends upon whom she could rely.

Beverly Baxter  
Intervening, Beverly Baxter, Canadian-born Conservative, said:

"I speak for Canada, who is grateful to this country and this government for having preserved the peace of Europe so long and for having tried to put forward a foreign policy which is Christian and forbearing and which apparently has failed."

IDEAL SETUP FOR  
AGRICULTURAL  
EXHIBITIONS

## Hon. A. C. Taylor, Minister of Agriculture, Makes Good Suggestions Re Fairs

SAINT JOHN March 15—The ideal set-up for the agricultural side of the exhibition, in the opinion of Hon. A. C. Taylor, provincial minister of agriculture, is to have the county fairs first, with the winners going to the provincial exhibitions, then the Maritime and finally appearing at the Royal Winter Fair in Toronto. Speaking before the directors of the Saint John Exhibition Association at a dinner meeting of the board at the Union Club last night, Mr. Taylor outlined his ideas along this line.

In his long experience as both farmer and in the government service and through contacts with exhibitions

HON. A. C. TAYLOR  
Minister of Agriculture Makes  
Good Suggestion

he felt this would prove far more popular and of greater advantage to the furtherance of agriculture.

The N. B. minister spoke in highest terms of the valuable assistance given by all fairs in the promotion of agriculture. This particularly applied to the Saint John exhibition, he stated. In this connection he congratulated the local organization on its successes. His department had benefited greatly from the energy and co-operation of the exhibition association here.

He said he could not let this opportunity pass without making reference to the whole-hearted support of business men in general in the province. In the past there had been considerable difference of opinion and sentiment between rural and urban centres. This was greatly changed now.

It was his happy experience in recent years to note this improvement. The spirit of co-operation was very outstanding in the two elements, he declared.

Other special guests present included Hon. Dr. A. P. Paterson, provincial minister of education, federal and municipal relations, and C. H. Blakeny, M.L.A., Moncton; also at the head table were W. J. Wetmore, the association president, who was chairman; W. F. Knoll, vice-president and city councillors Grannan and Ingraham.

Dr. A. L. Donovan, chairman of the exhibition livestock committee, told of conferences he had had with Mr. Taylor and department officials regarding continued improvement at the Saint John fair. G. W. Frost, secretary-manager, spoke on the relation ship of agriculture and the exhibition. He pointed out the board realized the entire community prospered from the value as agriculture as basic industry.

Dr. Paterson paid tribute to Mr. Taylor's conscientiousness as a cabinet minister. The government placed great confidence in his administration. Mr. Blakeny added a few words. He said New Brunswick was fully aware of the great part played by the Saint John exhibition and recognized it as the best in the province.

There was a general discussion on agriculture, Mr. Taylor also touched on the policies of his department. Next fall there will be even greater attention paid to agriculture by the local association than in the past. The two members of the common council also spoke briefly.

## Notice of Legislation

Take notice that a bill will be introduced at the present session of the Provincial Legislature relating to the Harvey Settlement Grave-yard property and to vest the same in certain persons as trustees and to authorize such persons to convey the said property to a cemetery company.

Dated March 15th, 1938.  
J. J. F. WINSLOW,  
Solicitor for Applicants.

"A pain is a warning that something has gone wrong with your bodily machine. Do not fail to heed that warning."

## Natural Healing Arts

Energy is the prime nerve force of your body.

Every factor in the process of life depends entirely upon the vital force or energy which is supplied by the Intelligence that rules the world.

"Disease in any form is misdivided energy"

Pinch or crush the line anywhere through its length and you get no light. The spinal cord is the cable of life so sensitive that the least pressure from the segments of the spinal column is noted in ill-health.

From

The crown of your head  
to the sole of your feet,  
functional and motor impulses  
are constantly being sent forth  
through the SPINE.

"PERFECT ALIGNMENT IS NECESSARY"

In any machine perfect alignment of gears is necessary so that the efficiency out-put is high. No machine is so complicated as the human body and no part so important as the Spinal Cord. That is the co-ordinator that makes the body function as one harmonious unit. A structure of bony segments, the Spinal Column guards the Spinal Cord. Sometimes the segments move and exert pressure on the cord, then some part of the human body is out of alignment and the efficiency of health is impaired.

"TAKE CARE OF YOUR SPINE"

It is time well spent and will save you both expense and suffering. Your health perhaps your life depends upon the welfare of your backbone. A sound investment in health produces a bigger dividend than the safest bonds.

NOTE: The fact is that spinal adjustments releasing the vital energy within the nerves so that it may reach every organ in the body will benefit every type of disease. That vital energy is the motive power of the body; it is a fundamental need and when spinal pressure on a nerve prevents it reaching its destination, disease is a natural product. The pressure must be removed before health can be restored.

The system of Chiropractic constitutes a science of restoring the nerve lines to freedom of action. The fact that the world is full of chronic invalids proves that most health sciences are on the wrong track. The failure of old methods to cure gave birth to Chiropractic. SEE YOUR CHIROPRACTOR TODAY.

Radio Caution  
on COLDS, GRIPPE

A REPRINT of the health advice broadcast over 27 Canadian stations by the makers of "Aspirin" tablets during the present outbreak of colds and grippe.

If you have the slightest suspicion you have a fever, or feel the symptoms of grippe . . . CALL YOUR DOCTOR. Get medical advice on what is the matter with you. Don't attempt self-diagnosis.

At the same time; at the very first indication of a cold, take two "ASPIRIN" tablets with a full glass of water immediately.

This provides QUICK INTERNAL MEDICATION to relieve the symptoms of your cold at its very beginning.

Then . . . crush and dissolve three "Aspirin" tablets in one-third of a glass of water and gargle with this mixture twice. This puts

a potent medicinal gargle into direct and immediate contact with the delicate membrane of the throat, and acts to allay irritation and rawness promptly.

Stay indoors if possible; avoid chilling. Drink plenty of water, and citrus fruit juices—oranges and lemons. This frequently hastens recovery.

And—remember—if you feel that you're getting grippe, Call Your Doctor.

"Aspirin" tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited, of Windsor, Ontario. Look for the name Bayer in the form of a cross on every tablet.
