Fredericton's New Mayor

Ald. Ivan McKnight Is Only Citizens' Party Candidate Approved

Small Vote

Daylight Saving Time Is Killed By Majority Of 107

C. Hedley Forbes, well known local druggist and his ticket which yesterday defeated the Citizens Ticket will take over his new duties at once. Mayor Elect Forbes will be sworn in tomorrow before Hon. A. R. Slipp, Judge of the York County Court. Mayor Forbes will then call a special meeting of the City Council at which he will administer the oath to his Council.

The Opposition ticket swept the city yesterday in the first election of a quarter of a century defeating the Citizens ticket composed of His Worship Mayor Kitchen, Alderman M. E. Hagerman and Alderman B. R. Ross, and a new Walter Vail in Queen's Ward. Only one candidate of the Citizen ticket, Alderman Ivan Mc-Knight of King's Ward, was returned to office, defeating his opponent, R. G. Loughlin, by a majority of 587 to 494. Alderman W. Raymond Crewdson, who was unopposed, stayed in office by ac-

200 x 100 Feet Bleaching Plant Proposed; Preliminary Survey Conducted at Marysville Last Week by Baron de Hueck; Refuse Comment

The possibility that an addition of a cotton bleaching plant may be made o the Marysville factory of Canadian Cottons, Ltd., which has been rumored n this district for the past few days, was in effect confirmed this morning by Joseph Dolphin, manager of the plant. Although Mr. Dolphin refused to state definitely that such an addition may be built, he said that "there is nothing for the press at the present time," refusing to definitely contradict the rumor.

The addition will be on one end of the present factory, the proposed building to be 200 by 100 feet. It will be necessary to move coal piles and railway tracks to provide the necessary room, it was learned.

Rumor has it that the action is felt necessary by officials at the company neadquarters at Cornwall, Ont., because the bleaching plant in that city has been tied up by several strikes of late. With the Cornwall bleaching plant functioning only part of the time, the local mill is often hampered in the delivery on schedule of its orders.

The proposed addition explains the presence in this city last week of Baron Boris de Hueck, Cornwall, Ont., consulting engineer for Canadian Cottons, Ltd., and two other engineers employed by the company. It is stated by reliable parties that while here they made a preliminary survey of the grounds near the present factory to determine the feasibility of the addition.
