OPPOSITION FAILURE TO PUT CALLABLE CLAUSE ON BONDS SOLD CAUSED SERIOUS LOSS TO THE PROVINCE

Dysart Government Surplus Okayed By P. S. Ross And Sons

Internationally Famous Chartered Accountants Brought To Province By Opposition In 1925, Have Since Audited Provincial Accounts

OPPOSITION NON-PLUSSED BY LIBERAL PROGRESS

Foundation of N. B. Had Surfaced Roads Unsurpassed In North America

That the road paving policy of the present government was a sound investment for the province and that hard surfaced roads were being laid on a proper foundation, first of all, was an important point brought out by Premier A. A. Dysart who closed the debate on the budget yesterday in the legislature.

The speaker ably refuted the many criticisms that had come from the opposition leader and his colleagues, who never had anything constructive to offer and who viewed the many accomplishments of the Dysart Government with a jaundiced eye.

Conferences by the Leader with strike leaders in the Miramichi and the Minto strikes were aired showing a desire to create discontentment among the workers of the opposition. With galleries crowded to capacity limits, one of the most eloquent speeches ever delivered in the House was given yesterday afternoon by the Premier, who prior to his speech, welcomed J. S. Woodsworth, M. P. and C.C.F. leader, who occupied a seat on the floor of the House.

Commenting on the great pageant of the Coronation, Premier Dysart paid a glowing tribute to the English populace and the part taken in the historic drama of the Coronation. The quiet undisturbed Englishman at work had been an object lesson of composure which also afforded a safety valve for all who had crank ideas to expound. The speaker had noted that Britishers everywhere were anxious to trade more with Canada providing quality and price were right.

The favorable financial results of the fiscal year ending October 31, and the failure on the part of the Opposition to save money for the province when they were in power were clearly shown.

PREMIER BLUM'S BILL WAS KILLED IN FRENCH SENATE OUTBREAK OF NEW STRIKES

Resignation Not Involved As Confidence Issue Not Raised

PARIS, March 25—The Government was defeated in the Senate by 193 to 88 last night on a motion to reconsider the text of the emergency finance bills as approved by the Lower House, but Premier Leon Blum had not posed the question of confidence so the resignation issue was not raised.

The Senate later voted its own finance bill, granting the Government the right to increase its borrowings from the Bank of France by only \$153,062,500, instead of the \$275,512,500 proposed in the original government bill.

A Dangerous Crossing

THE attention of The Daily Mail has been called to the dangerous condition that exists at the railway crossing on University Avenue. At this crossing tracks belonging to both the C.P.R. and the C.N.A. cross University Avenue and the crossing is practically a blind one for persons coming in either direction and is especially dangerous for cars coming down the College Hill from the University gate. There is considerable traffic by cars backward and forward, to and from the University. At times there are a number of strangers, including tourists, who do not know the condition that exists and it would be a very easy matter for persons coming down College Hill to reach the railway crossing at the same time as one of the trains. It has been suggested that this matter be taken up by the railways and that some kind of bell or other warning sign be placed at this dangerous crossing. The only wonder is that some serious accident has not taken place at this point long before this. Yesterday morning a business man belonging to this city had a narrow escape from colliding with the outgoing C.P.R. morning train. This is a matter that should receive the early consideration of those connected with the railway who are responsible for the safety of the public.

IN LEGISLATURE

FREDERICTON, N. B., March 25—The following bills were read the third time and passed by the New Brunswick Legislature yesterday:

To amend the Dalhousie assessment act; to authorize Dalhousie to issue debentures; to authorize Fredericton to issue debentures; to fix the assessment valuation of Murray and Gregory Ltd.; to fix the assessment valuation of Charles Gurd and Company (Maritimes) Ltd.; to amend the Saint John City government act; to amend the towns incorporation act so far as it applies to St. Andrews; to fund capital expenditure and to provide for the construction and equipment of an annex and a nurses home for the Jordan Memorial Sanatorium; to amend the gasoline sales act; to amend the county courts act; to amend the registry act; to amend the act respecting cemetery companies; to amend an act to re-vest in the Crown abandoned lands.

The bill respecting labor and industrial relations was given second reading.

A. J. Boudage gave notice that on Wednesday next, he would move, seconded by F. G. Richard, Kent, that with unanimous consent of the House Rule 80 be suspended respecting the petition of the Richibucto and Rexton Electric Light Commissioners.

FIVE MONKEYS HOSTS OF C.P.R. EMPLOYEES

(Special to The Daily Mail)

MONTREAL, March 25—Simian satisfaction was written all over the faces of five wee monkeys after they had experienced a taste of Canadian Pacific Express courtesy in Montreal yesterday.

The little animals looked hungry when they arrived here in bond from Detroit on their way to Halifax. They were, according to one well-fed-looking man, "an obvious case for ham an' eggs—but monkeys have strange diets sometimes and it would never do to give them something that might upset their very delicate digestive systems."

Employees at Windsor Station asked their superior officers, who, in turn, appealed to their superiors in Toronto. A telegram was despatched to Detroit for information and meanwhile local express men watched the monkeys get hungrier and sadder every minute.

Word finally came back that the monkeys had iron-clad stomachs, so

MODEL LEAGUE TO BE KNOWN AS MAR. R E G. CONFERENCE

(By Mary Neville)

The sessions of the Model League of Maritime Universities which have been held at the University this week came to a close yesterday afternoon. A resolution was passed by a unanimous vote to change the annual assembly from a Model League to a Regional Conference of University students. The conference will meet next year at St. F. X. University, Antigonish, N. S. Discussion yesterday was centred on the application of sanctions on aggressor nations, and a motion that the delegates go on record as condemning the invasion of China by Japan was passed by a majority vote.

A motion that the Canadian Government be informed that the delegates approve of the application of sanctions against Japan under the federal Customs Act was defeated.

St. Thomas College was admitted as a permanent member of the Model League. W. W. V. Foster, M.L.A., for Kings, N.B., Liberal, was the guest speaker at the concluding session of the Model League which was attended by sixty delegates.

A vote of thanks was unanimously passed by the delegates to the citizens of Fredericton who graciously offered hospitality to the delegates during their stay in the city.

Physician To Duke Of Windsor Freed

VIENNA, March 25—Dr. Heinrich Neumann, noted Jewish throat and ear specialist who twice treated the Duke of Windsor when he was King, was released from prison today, as were numerous other persons arrested after Austria became a part of Germany. He had been accused of exporting capital.

JAIL SENTENCE FOR NEWSPAPER REPORTER

EDMONTON, March 25—The Alberta Legislature last night approved the recommendation of the committee on privileges and elections that Don C. Brown of The Edmonton Journal be detained in Lethbridge jail during the pleasure of the Assembly. Mr. Brown, the committee reporter had been guilty of a breach of the privileges of the House by writing two paragraphs which were declared to be "scandalous misrepresentation". The committee report asked the Speaker to issue a warrant for execution by the sergeant-at-arms and removal to Lethbridge jail. The House approved the committee report 39-17 when a division was called.

Protected Part of Column

Earlier in the day the House adjourned to permit the committee on privileges and elections to consider the complaint of Dr. J. L. Robinson (S.C., Medicine Hat) against two paragraphs in Mr. Brown's column, "Under the Dome," in The Edmonton Journal, March 17.

With the committee's consideration completed and the report ready, the House resumed at 5 p.m. and after discussion during debate, adjourned until tonight.

Dr. Robinson, a chiropractor, made his complaint against Mr. Brown's paragraphs written on the debate when the House in committee was considering the workmen's compensation bill.

Prominent Austrian Aristocrat Jailed

LINZ, Austria, March 25—Count Paul Esterhazy, member of one of the most prominent families of the old Austro-Hungarian empire, was arrested today and accused of assigning a German soldier to quarters in a damp cellar while the entire first floor of his residence was empty.

Indemnity Claims

SHANGHAI, March 25—British authorities have forwarded to Tokyo, it was learned today, claims of approximately \$540,000 indemnity for bombings similar to that of the American gunboat Panay for which the United States has asked \$2,214,007.36.

TO PERMIT JUNE NET FISHING ON ST. JOHN RIVER

Order In Council Had Prohibited Such Fishing

WOODSTOCK, N. B., March 25—Set net fishing for shad and salmon by holders of net licenses along the St. John River will be allowed from June 1 to June 20, it was announced this week. The announcement was made in a letter from Hon. J. E. Michaud, minister of fisheries, to D. R. Bishop, who has been acting as counsel for net fishermen and riparian owners, who objected to an order-in-council passed several months ago by which net fishing was prohibited in all non-tidal waters of the river.

The order against net fishing was made following representations that netting was damaging the salmon angling in the upper part of the river and its tributaries, especially the Tobique. In reply, the net fishermen contended that little or no damage was being done to fly fishing by netting along this part of the river, turning along this part of the river, turning along this part of the river.
