**WILL URGE FED. GOV'T. OPERATION AGAINST JAPAN**

At the meeting of the Fredericton Peace Council held last evening with Dr. R. H. Wright in the chair arrangements were made for a mass meeting of the citizens of Fredericton to be held in the near future. Draft resolutions for presentation to the meeting were considered. These resolutions will urge the Federal Government to place in operation against Japan the neutrality legislation, passed last April which enables export of war materials to be prohibited by Order-in-Council. This act has already been invoked to prohibit the export of war materials to Spain. A supply of blank postcards has been received urging this course upon the Prime Minister. These will be distributed to individuals to forward to Ottawa.

The Peace Council decided to affiliate itself with the Canadian League for Peace and Democracy in order to keep in touch with the activities of the International Peace Campaign of which Viscount Cecil and Monsieur Pierre Cot are the joint chairmen and of which the Canadian League for Peace and Democracy is the Canadian unit.

In connection with the local boycott the matter of making public information as to Japanese exports to Canada was taken up and instructions to boycotters are being drafted by the executive. A questionnaire to merchants is also being prepared in order that their opinions may be secured.

**ECONOMICAL  
PRUDENT  
ADMINISTRATION**

**Mayor G. Willard Kitchen heading the Citizen's Party Ticket**

**TAX REDUCTION  
CIVIC GROWTH AND EXPANSION  
TOWN PLANNING**

The present administration have given Fredericton sound civic government. They have reduced the tax rate and kept expenditure within revenue. They have paved twenty-five city blocks, laid twenty-five city blocks of concrete side-walks and eleven city blocks of concrete curb and gutter during the two-year term of their administration. Tax arrears have been efficiently and impartially reduced from \$173,000 as of January 1st, 1937, to \$93,000 as of December 27th, 1937. Only 15 per cent. of 1937 taxes remained unpaid as of the last mentioned date.

They have pledged themselves to the abolition of the present autocratic, non-responsible and archaic administration of Police Affairs in Fredericton, and to bring Fredericton into line with almost every modern city in Canada in this respect.

They have unhesitatingly refused to commit the rate-payers of Fredericton to the expenditure of huge sums of money in connection with Hospital expansion, with consequent heavy increase in civic debt and tax rate.

The Candidates of the Citizen's Party are content to rest their case upon the record. DISTORTED FACTS AND FACILE FIGURES cannot alter that record. If elected they propose the continuation of the efficient administration which has resulted in a SURPLUS in 1936 and 1937.
