LAST TRIBUTE WAS PAID TO MRS. ARMSTRONG

Respected Lady Laid to
Rest This Afternoon
Lower St. Marys

The funeral of the late Mrs. Wilhelmina Armstrong took place at 1:30 o'clock this afternoon from her late home at Lower St. Mary's, after prayers at the house and was attended by a large number of friends from that section of the country. The remains were taken to St. Mary's Parish Church at Devon where service was conducted by Rev. H. E. Dysart and interment was made at Holy Trinity cemetery, Lower St. Mary's. During the impressive funeral service favorite hymns of the late Mrs. Armstrong were rendered by the choir, including "Unto the Hills" and "On the Resurrection Morn."

The mourners were Robert L. Armstrong, Gilbert Henry, Gilbert R. Henry, Col. Beverley R. Armstrong, Hugh B. Armstrong, David B. Armstrong, P. R. L. Fairweather, Adrian Oldham, Harold Logan, Mac Logan, Edgar Logan, Henry Camman, Allan Carman, Frederick P. Robinson, Winnipeg; James L. Bryden, William Harding, Dr. O. R. Peters, Rev. Dr. J. H. A. Holmes, Hayward Logan. The pallbearers were Mayor A. J. McEwen, Devon; Alexander Estabrooks, Raymond Wetmore, William D. Bearsto, Albert J. Miles and A. W. Coombes.

Mrs. Armstrong, who was born in St. Mary's, now Devon, was a daughter of the late Mr. and Mrs. John Henry. She was a member of St. Mary's Parish Church and active in the work of different parish organizations. She was one of the best beloved women in her section of the country. She had not been in good health for some months. Mrs. Armstrong's family as well as that of her late husband Franklin Armstrong, have long taken a leading part in the affairs of the community. Gilbert Hendry, first Mayor of Devon, is a brother of Mrs. Armstrong and Mrs. Beverley King is a sister. Her son Robert Armstrong, a student at Dalhousie University, and her daughter Miss Barbara Armstrong, B.A., and her mother-in-law, Mrs. George Armstrong, survive.

Reception for Minister and Wife

A reception in honour of Rev. C. The guests were received by Mr. and Mrs. Atkinson, assisted by Mrs. W. G. Clark, Mr. and Mrs. A. C. Porter and R. B. Wallace.

After the guests had been received a program was carried out consisting of short addresses by the visiting city pastors, interspersed with musical numbers and readings.

R. E. Wallace presided during the carrying out of the program. The musical numbers consisted of an Anthem by the choir; solos by Miss Marie Lister and Kenneth Holder; a trio by Mr. and Mrs. A. F. Fredericton Lodge No. 6

Knights of Pythias Roll Call
The annual roll call of the Fredericton Lodge No. 6 Knights of Pythias was held last evening in Castle Hall with a large number of members answering the roll call. Letters were read from members located in Madison, Maine; Summit, Victoria County and many other parts of New Brunswick. The roll was called by Past Chancellor Robert B. Vandine following which the rank of Knight was exemplified.

At six-thirty the Pythian Sisters served a banquet for the Knights. The tables were tastefully decorated with primroses and daffodils which were graciously loaned to the Pythian Sisters by the Rt. Hon. the Countess of Ashburnham.

The anniversary week of the order will conclude with church service at the Brunswick Street Baptist Church on February 20th.

CAPS SUSPENDED

(Continued from Page One)
ericon team went on the Ice Joe Payne appeared instead of Lifford. The Fredericton team withdrew from the ice for 25 minutes in protest.

"A gentleman's agreement was made between Ingraham, manager of the Beavers and "Vern" Olive, president of the local club that the game would be played but that Payne would be withdrawn from the game if the locals insisted.

"Payne started stealing the game," Gill declared today, "and we protested and remained off the ice." The game was given to Saint John when we failed to return.

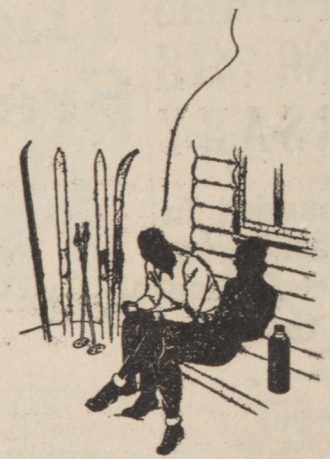

Lifford Present
A new development in the case was brought to light by Gill today. The locals were told that Lifford was out of town last night but he was seen attending the game. The local club alleges that he told them that the management of the Beavers informed him that Payne was going to referee in his place.

"The whole thing is a muddle," Gill said. "We think we are right and they think they are. We'll find out tonight."

Curbstone Philosopher Discusses Current Events Today

Charity Begins at Home and We Have
Padlocks Down Here, Says Old
Timer

Mr. Editor,
There seems to be a lot of fuss lately about this here Padlock Law, they have up in Quebec, lockin' up all the places where these Communists print their papers, and teach their pupils the A. B. C.'s, meanin' of course all about Communism, accordin' to what I have read about this here Law, one of the Big points gainst it is that there is no definishun of this thing, in section 23, article 13 of the Law, meanin' of course that they dont say just what it is. Well maybe there just like a lot of us peepul down here, we don't know much about it ourselves. Course down here we aint got no Communists, and I guess nobody knows much about it, but there aint many places in the world these days that the peepul are as well satisfied and so contented as us peepul here in New Brunswick and specially right here in this City of Fredericton, and near as I can tell, where the peepul are contented there aint no danger of Communism gettin' its feet in. Speakin' about this Padlock Law seems to me, if up there in Quebec they want that law, why let em have it. Taint much of our bizness, dont seem as if the peepul up there were botherin' much about our Laws down here. There aint any kind of Lock that I know of to lock a place up good and tight bettern a Padlock. Thats one thing they showed good sense in pickin' that kind of a lock, besides it helps out the feller who deals in Padlocks, and is a great advertisement for that particler kind of a lock all over the country. I guess maybe the Padlock makers must have had a good pull with the government. Seems to me taint no bigger crime for a policeman up there to put a Padlock on a door up there where these Communists hold meetins and teach their Doctersins, any more than it is for the Sheriff down here to put a Padlock on some poor fellows shop or his House just because he cant pay some Rich Man a few dollars that he owes him, its the same kind of a Padlock he uses, and if youre going to repeal the Padlock Law, lets start right here and instead of Padlockin some fellow who is in Hard luck, and tryin' to do the best he can for them that he owes the money to, give him a chance to keep goin until things get better with him, but keep off the Padlock. All they take from the Communists in Quebec under the Padlock Law, is an armful of Cheap Books or papers, they aint out much, but under our Padlock Law, everything a poor fellow has in the world, and things he has worked hard fur all his life is taken from him and sold and he is left out on the Street likely without a Dollar in his Pocket, and if he did have one the Sheriff could take that too. Maybe a lot of Kids Home and not much to eat either. Of course thats British Justice that we are so proud of and that we blow so much about. Now I would suggest that we work accordin to the old sayin that

"Where did Bill and Mary get to?"
"Probably they lingered somewhere with a Sweet Cap!"

SWEET CAPORAL CIGARETTES

"The purest form in which tobacco can be smoked."

Cherity begins at Rome, and as I said if we want to agitate against a Padlock Law, let us get busy right here in our own province and see if we cant do some thing to keep the Padlock off our own peepuls doors, when they get in Hard luck, instead of Padlockin them out and sellin them out. Give them a chance to get goin again. I think the Government here wants to rehabilitate the peepul thats a Big word for me, whatever it means and heres a chance to work it. Keep the Padlock off the Poor Fellow who would pay if he could but dont put the Padlock on him and sell him out.

I never did like to see a Padlock on any mans House or Shop. I always felt kind of sorry for any mar no matter who he was that was unfortunate enuff to have one put on his place. Maybe if I was up in Quebec I'd feel the same way about it. Seems to me if the milk of Human Kindness has not been strained too much and has not got too week that a half a pint or so might be spared to

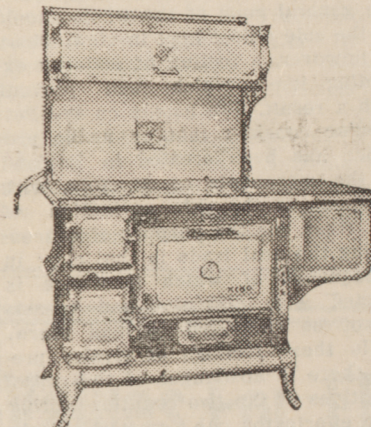

a poor fellow, when he's in Hard luck instead of usin a padlock on him. Charity begins at Home and if we want to do away with Padlocks heres the place to start. Let every Tub set on its own Bottom.
