PREMIER LASHES TORY ATTACKS

Carleton Liberals Hear Premier's Address At Enthusiastic Rally

All Expressed Their Confidence and Appreciation of the Government Which Has Restored Financial Stability to New Brunswick

WOODSTOCK, Jan. 6.—Carleton County rallied enthusiastically to the whole-hearted support of the Liberal party at Woodstock last evening when nearly 200 members of the Carleton County Liberal Association heard a spirited address by Hon. A. A. Dysart, Premier of the Province in which he lashed the Conservative party for their efforts to ruin the financial standing of the province, as well as addressed by Hon. J. B. McNair, Attorney General, Hon. F. W. Pirie, Minister of Lands and Mines, Hon. W. S. Anderson, Minister of Public Works, and J. E. Patterson, Member of Parliament for Carleton-Victoria. The occasion was the banquet of the Association held in the Carlisle Hotel, following an organization meeting of the association held in the afternoon. A. D. McCain, East Florenceville was re-elected president of the association.

Liberal supporters from every poll in the county endorsed the vote of confidence and appreciation in the administration of the present government.

In his address, Premier Dysart called on the people of the province to protect their institutions. He mentioned the tendency in some cases for people to consider it the government's duty to supply jobs for all. This he branded as Communistic doctrine. "You people of Carleton all realize the responsibilities of good government," he declared, "and must be willing to meet this enemy on the threshold."

The Premier thanked the people of Carleton County and the province as a whole for their confidence in the present government. He also expressed his appreciation of the assistance given by the 20th Century Movement.

"When we assumed power in 1935," he stated, "the province was in a bad way. Our financial house had to be put in order." He scored the administration of government in the ten years between 1925 and 1935, mentioning the debt load incurred during those years.

Speaking of present conditions, the Premier declared "When the government wanted funds a definite drive was made on the part of the Tories to embarrass the province with banking institutions."

"We met this difficulty and we laid the cards very definitely on the table," the Premier declared, and have gone forward with our plans. You can tell these Tories, he declared, "that we are on their tail. We accepted the challenge and are going forward with it. When the time comes, we will disclose who those men were."

In reference to road improvement, the Premier stated that business is today on wheels. With the great increase of motor traffic and transport, the drain on the treasury for the upkeep of common gravel roads would be beyond a dream, he said and would be virtually impossible.

At the time the present government came into power all road contracts for paving were stopped and authorities called in to investigate the type of road being laid and the best type for the conditions in New Brunswick. It was advised that regardless of anything else an immovable base be laid, and in consequence the present road base will last for generations. At present \$2 out of every \$3 spent on hard surfaced roads is spent on the base. The present road is also more plastic and less likely to be seriously damaged from frost action than the former type.

"Today, Premier Dysart declared, "we have as fine a type of road as will be found on the continent."

In dealing with the various classifications for highway and roads, the Premier pointed out that this classification depends on the volume of traffic over the said road. As the volume of traffic increased the classification may be changed.

CITES AID TO MUNICIPALITIES

VISITS ALGIERS

PREMIER DALADIER

DALADIER IS IN ALGERIA

Given Enthusiastic Reception by French and Arab Population

(Special to The Daily Mail)

ALGIERS, Jan. 6.—Premier Daladier arrived in French Algeria aboard the cruiser "Foch" where the same enthusiastic reception was given him by French and Arab population as he had received in Tunis. The French Premier who is also Minister of War went into immediate conference with Algerian authorities concerning questions in military aid to be furnished by Algeria to the French Protectorate of Tunis in the event of war with Italy.

A repercussion of the French Premier's visit to French African territories was seen in an article which appeared today in an important Italian paper "Il Popolo di Romano" which said that in one place the Italian flag had been burned and another torn down during the French Premier's tour of Tunis and that the windows of Italian residents had been smashed by French rioters.

ADDRESSES TO BE LIMITED

OTTAWA, Jan. 6.—Their Majesties King George and Queen Elizabeth will not be expected to listen to addresses of welcome except in Ottawa or in provincial capitals while on their tour of Canada next May and June, it was announced by Prime Minister Mackenzie King last night. The Prime Minister stated that under no circumstances were their Majesties to be expected to reply orally to any addresses. Further details of the Royal Canadian visit were announced by the Prime Minister.

BREN REPORT TO BE TABLED

OTTAWA, Jan. 6.—The Bren gun contract inquiry report will be tabled in the House of Commons Friday, Jan. 13, Prime Minister Mackenzie King announced last night. Details of Mr. Justice H. H. Davis' report will be made public at that time. The Prime Minister has had the report since last week, he said, but was into noncommittal as to its contents.

TRADE TREATY GREAT BENEFIT

Nearly All Classes Of Agriculture To Benefit Says Liberal Member

WOODSTOCK, Jan. 6.—The recently signed U.S.-Canadian trade agreement will be a tremendous benefit to this country, especially an agricultural country such as Carleton, declared J. E. Patterson, M.P. for Carleton-Victoria at the banquet in the Carlisle Hotel here, last night which followed the organization meeting of the Carleton County Liberal supporters.

The Liberal M. P. pointed out that the treaty will benefit nearly all classes of agriculture, since the duty on farm produce is now as low as the 1924 level. It was pointed out that there has been approximately a 50 percent reduction on table stock potatoes as well as fish, bacon, eggs, and similar commodities.

"From the provincial standpoint," Mr. Patterson declared, "great credit should go to Hon. A. C. Taylor, Minister of Agriculture, for the advancements made by his department since the last election." Reference was made to the initiative given farmers by the policies adopted by the department and the fact that during last year there was an increase of over 50 percent in the number of bacon hogs shipped from Carleton County. This, it was stated, was due to assistance given producers in securing and shipping to markets, and the establishment of co-operative shipping clubs.

"New Brunswick fared well in the trade agreements," he declared. The benefits which will accrue to lumbermen was also stressed, while Mr. Patterson recalled that substantial reduction was made in the duties on over 200 articles produced in Canada. Over 80 percent of the Canadian exports to the United States come under the agreement, he noted.

Previous to the treaty there was a (Continued on Page Five)

WONDER OVER BAVARIAN TALK

Beck and Hitler Meet in Bavarian Retreat of German Dictator

(Special to The Daily Mail) BERLIN, Jan. 6.—Foreign observers are wondering concerning the outcome of the discussion between Colonel Beck, the Polish strong man and Hitler which occurred yesterday at Berchtesgaden, Hitler's Bavarian mountain retreat. Colonel Beck was closeted with Hitler for three hours.

While no statement of the matter under discussion was made to the Press observers believe that Hitler sounded out Colonel Beck in regard to Poland's attitude toward German expansion in the East with particular reference to the Russian Ukraine.

SEVERAL KILLED ON BORDERLINE

(Special to The Daily Mail)

BUDAPEST, Hungary, Jan. 6.—The Hungarian Government has lodged a protest with Prague and informed the Italian and German legations in Budapest regarding a clash which is reported to have occurred on the Czech Hungarian border between Czechoslovak regular troops and a body of Hungarians. Nine Hungarians were killed as well as five Czechs. The Hungarians alleged that the Czechs used tanks and armored cars in the skirmish and that one tank and a quantity of other equipment was captured by the Hungarian forces.

AT SAINT JOHN

Dr. Fletcher Peacock, Director of Educational Services for New Brunswick, left this morning for Saint John where he is attending a meeting of the Board of Governors of the New Brunswick Museum.

Answers Criticism Of German Pulp Exports

WOODSTOCK, Dec. 6.—Replying to criticisms in certain sections concerning the exportation of raw pulpwood to foreign countries, notably Germany, Hon. F. W. Pirie, Minister of Lands and Mines for the province stated last evening before the banquet of the Carleton County Liberal Association that the province of New Brunswick has no power to prevent shipment of pulpwood out on private lands, and that of 400,000 cords exported during the year 390,000 cords were from private ground.

The Minister of Lands and Mines pointed out that the criticism has been that the pulp is shipped out of the province and not manufactured here.

"We all would like to see this manufactured in New Brunswick," he said. "From the criticism, however," he added, "one would think that all the pulp exported was cut on Crown lands or that the province had the right to prevent exportation."

"The foreign buyers," he said, "were purchasing pulp at prices of ten dollars and ten dollars and a half F.O.B. ship, while local mills paid seven fifty to eight dollars per cord at the mill." He also pointed out that most people fail to realize that a great quantity of pulp was brought since last week, he said, but was into noncommittal as to its contents. During the year approximately 380,000

Attorney-General Replies To Demands

MAY SETTLE JEWS IN ETHIOPIA

Mussolini Said to be Interested in Project to Settle Land

(Special to the Daily Mail)

ROME, Jan. 6.—Premier Mussolini is believed to be considering a plan placed before him for the settlement of financed Jewish settlers in Italy's Ethiopian Empire. Representatives of the relief organization for Jews banished from their homelands said that when the plan was presented to him yesterday Premier Mussolini's reaction seemed to be one of approval.

It is noteworthy in this regard that when the Fascist Grand Council passed stringent laws regulating Italian participation in every phase of Italy's social and economic life and instituting further immigration into Italy or Italian possessions that Ethiopia was pointedly exempted from the application of Jewish emigration restrictions.

NIGHT CLASSES WILL REOPEN ON NEXT THURSDAY

Expect Registration for Vocational Classes To Be Large

The second series of evening vocational classes in the Fredericton High School will commence on January 12, it was announced by Guy D. Scovil, secretary of the Board of school trustees, this morning. Registration will be carried out from 7 o'clock to 9 p.m. on Thursday, Jan. 12 at the office of the secretary and teaching will begin at 7.30 a.m. the same evening.

The registration of 303 pupils for the fall classes was a record for the school, and it is expected that another large registration will be present.

The courses with the instructors in each case are as follows: bookkeeping, H. W. McFee; shorthand, Mrs. Louise Bailey; typing, Miss Marion L. Ryan; sewing, No. 1, Miss Cecyl M. Gallagher; sewing, 2, Mrs. Gladys Miller; sewing, 3, Mrs. Bessie Pugh; art, Miss L. Bailey; French, Mrs. Leo F. Cain; handicrafts, Mrs. William Walker; general education, Miss Anna C. Kelley; cooking, Miss Jean Belyea; woodworking, F. H. Wetmore; radio mechanics, Lyman Greene; motor mechanics, Edmund Chambers.

IS RE-ELECTED

WOODSTOCK, Jan. 6.—For over twenty years president of the Carleton County Liberal Association, Andrew D. McCain, East Florenceville was re-elected at a meeting of poll presidents and secretaries held in the Woodstock Court House yesterday afternoon. County Councillor Louis Boyd, Bath, was elected vice-president; Arthur Carvell, Lakeville, treasurer, and C. J. Jones, K.C., Woodstock, secretary.

Major W. C. Lawson, M.L.A. for Sunbury and Liverpool organizer, attended the meetings yesterday. Mr. McCain also presided at the banquet held in the Carlisle Hotel last evening.

Hon. W. S. Anderson Urges Citizens to Protect Their Birth-right

WOODSTOCK, Dec. 6.—Stressing the assistance given to municipalities by the present government through the granting of Old Age Pensions, increased assistance in the case of indigent tuberculosis cases, and similar progressive acts of government, Hon. Dr. J. B. McNair, Attorney-General of the province last night addressed the meeting of the Carleton County Liberal Association at their banquet in the Carlisle Hotel here.

The Attorney-General mentioned recent agitations and demands for assistance by municipalities, as well as their stand for a share of the gasoline tax collected by the province.

"I wonder," Mr. McNair said, "if the municipalities realize when they make these demands, which we would grant if we could, what the present administration has done for the municipalities of New Brunswick."

The records, he pointed out, will show the difference in parties, and the progressive acts of the present Liberal government. It is easy to criticize, he pointed out, and some people have to, but he challenged anyone to criticize the labor legislation of the province, the Fair Wage Act, the Industrial Relations Act, the Forest Operations Act, and similar legislation. "This legislation is the soundest in Canada today," he declared. Mentioning particularly the administration of the Fair Wage Act, Mr. McNair declared that the fair wage officer has done a splendid job. The former administration had a Department of Labor in name only, and it was not until the present government went into power that this department began to function in a beneficial manner to the province.

It was pointed out that the present government has placed the insurance department in the hands of a qualified head and that considerable progress has been made in the activities of the department. He mentioned the mutual fire insurance companies now formed, there being one in each of York, Carleton, and Westmor— (Continued on Page Five)

VETERAN EDITOR DIED YESTERDAY

SAINT JOHN, Jan. 6.—Albert Baldwin, M.B.E., veteran Saint John journalist, died yesterday at his home, 91 Coburg Street, within a few months of his 80th birthday. He was well known throughout Canada and the West Indies as an advocate of Maritime Province interests during his active newspaper career, and was prominent as an editorial and feature writer. His devotion to the cause of his fellowmen earned royal recognition when he was made a Member of the Order of the British Empire on June 3, 1935, in the birthday honours list of the late King George V for service to the underprivileged and community work. The funeral will take place Saturday afternoon with service at Germain Street Baptist Church at three o'clock conducted by Rev. S. S. Poole, D. D., assisted by the choir. Interment will be made at Fernhill cemetery.

WOULD INCREASE NATIONAL DEBT

WASHINGTON, Jan. 6.—Another year of large government spending was proposed by President Roosevelt yesterday. The President estimated that present plans call for spending which would lift the gross public debt to an all-time high of \$44,458,000,000.

The largest peace-time expenditure for national defense in the country's history was asked by the President, \$1,609,558,000, of which \$1,319,558,000 actually would be spent during the year—to build war planes, continue the naval construction program, increase naval personnel and generally finance the Army and Navy.

Monetary gold bullion exported in November was of the value of \$21,145, all going to the United Kingdom. The export value in October was \$30,646,265, with none a year ago.

MAY TRANSFER PLANES TO CANADA

BUDAPEST, Jan. 6.—Dr. Alfred Leow, Jewish engineer, heads a group of Hungarian Hebrews which has left for Canada to learn the Dominion's attitude toward a plan to have Jewish-owned agricultural implement plants transferred from Hungary to Canada. The transfer, with Jewish employees, would be in exchange for extension of Hungarian imports. The scheme, part of a broad plan to finance emigration of Hungarian Hebrews to Canada and South America, is believed to be in line with desires of Premier Imredy's policies.

Crude petroleum imported in November amounted to 123,446,000 gallons, of which 91,961,000 came from the United States, 31,163,000 from Colombia and 5,317,000 from Venezuela.
