Window Box Annuals Lead Easy to Make Garden Race

Working diagram of attractive window box.

When you install an outdoor window box it immediately becomes a part of the house, and should conform to its architectural design and color scheme.

For this reason it is well to construct your own window box, and it is not difficult to do.

Window box gardening is a recreation and delight which everyone can enjoy, whether he lives in the smokiest city, or the roomiest suburb. They are grown to be seen from both the inside and the outside of the house, and there is such a variety of subjects available that almost any location (except extremely shady ones) is suitable.

The box itself should be of the same color as the building, or as its trim and the flowers should be of a contrasting color which is harmonious. For a red brick house, white flowers and plenty of green foliage would be attractive. For a house in which yellow is the prevailing tone blue flowers should be used. These are only suggestions, since the taste of the owner will control, of course. The flowers must grow well, if the box is to give pleasure, and rich soil is most important, because there is so little of it. The soil should be what florists call good potting soil—a sandy loam well enriched. Holes drilled into the bottom of the box and covered with broken pieces of pottery will serve for drainage.

The best window-box flowers are those which bear flowers freely and continuously. In these respects the petunia has no superior. All types are long bloomers, the large-flowered singles, the new fragrant double nasturtiums are fine window box material, and some of them are of the trailing habit.

It is possible to have a window box filled with morning glories, and it is hard to imagine a more beautiful decoration than their tapestry of green leaves and glorious blue flowers. They like a south exposure.

INSULIN SHOCK PROVES VALUE. PSYCHIATRIST SAY

WINNIPEG, May 5 — Insulin shock treatments administered in Manitoba mental institutions for dementia praecox, most common of mental maladies, are producing definite results, Dr. T. A. Mathers, Government psychiatrist, reported to the Legislature. The use of Insulin therapy, begun in asylums at Selkirk and Brandon a year ago, resulted in improvement in from 65 to 70 per cent of the patients treated. Dr. Mathers' reports said. Two deaths occurred during insulin treatments and seemed attributable to it, but treatment containing a degree of hazard was never undertaken without permission of responsible relatives.

Of 223 patients discharged from hospitals, 84 per cent showed improvement, compared with 75 per cent in the 1937 report. Even when treatment did not bring sufficient improvement to warrant discharge, it frequently improved the behavior of patients. Effectiveness of insulin shock, a state of coma produced by withdrawal of sugar from the blood by hypodermic injections, was discovered in Vienna in 1933. In 1936 the Manitoba mental hospital at Selkirk became the first Canadian institution to adopt the treatment.

INTERNATIONAL NICKEL

Declared a dividend of 50c on the common stock payable June 30th to shareholders of record May 31st. The same amount was paid March 31st.

CROW NEST PASS COAL

Declared an interim dividend of \$1.50 per share on the common stock payable June 1st to shareholders of record May 12th. Previous payment was \$3.00 on December 1st last.

COMPLETE TRUE RELIEF MAP OF THE DOMINION

ANNUAL border will decorate garden and furnish flowers for cutting.

Annual flowers which grows to maturity, produce blossoms, seed and die in one season, have rapidly improved in recent years.

Owing to their varying habits and wide range of colors they are suitable for almost every conceivable position in the garden, for filling spaces vacated by early bulbs in the border, for edgings, for solid beds, for rockeries, many of them for greenhouse plants, and others for shady situations and still others for the hottest and driest of locations. Front yard plantings of annuals are being advocated this year in an effort to make our homes appear as colorful from the street as they are in the garden behind the house.

Annuals alone can completely furnish a garden giving a sheet of bloom that cannot be attained by the use of perennials alone for a long period. They are the sole dependence for great masses of color during the latter half of the summer. Their possibilities have not been thoroughly realized because they have not received the care and attention necessary to their best development, largely from the fact that they grow so easily that the seed is generally sown much too thickly and the annuals are left to struggle along and despite this handicap give a good account of themselves.

MR. PICOBAC'S CRONIES

PRESENTING LES SHARPLES, PROPRIETOR OF THE ONLY AND ORIGINAL TWO-CHAIR BARBER SHOP IN ESSEX CENTRE.

"Listen, Mr. Picobac," said Les

HANDY SEAL-TIGHT POUCH 15c
 1/4 LB. "LOK-TOP" TIN 60c
 also Packed in Pocket Tins

Razor in hand, Les Sharples, proud proprietor of the original two-chair barber shop of Essex Centre, paused and declared, "Nobody trusts a mugwump. You never know which side of the fence he is on."

"I'm not talking about mugwumps," replied Mr. Picobac brushing the blue smoke aside. "I'm talking about keeping an open mind. An M.P. should vote and smoke as his conscience guides."

"You always smoke the same kind of tobacco, I notice," continued Les.

"You bet I do," rejoined the Burley philosopher. "I smoke Picobac, the pick of Canada's Burley Crop, grown in Sunny Southern Ontario. I like a mild... cool... sweet smoke. The more I smoke it, the better I like it. But I'm open-minded. You show me anything better and I'll try it; but you can't do it."

Have you tried Picobac Sliced Plug - vest pocket tin 15c

If You Have a Child ASK YOUR DOCTOR THIS

Ask Him Before Giving Your Child an Unknown Remedy

Practically any doctor you ask will warn: "Don't give your child unknown remedies without asking your doctor first."

When it comes to the widely used children's remedy—"milk of magnesia," the standard of the world is established. For over half a century many doctors have said "PHILLIPS' Milk of Magnesia." Safe for children. No other is "quite like it."

Keep this in mind, and say "PHILLIPS' MILK OF MAGNESIA" when you buy. Now also in tablet form. Get the form you prefer. But see that what you get is labeled "Genuine Phillips' Milk of Magnesia."

ALSO IN TABLET FORM: Each tiny tablet is the equivalent of a teaspoonful of genuine Phillips' Milk of Magnesia.
