Broadcasting The Royal Visit

H.M.S. Repulse, seen above, is scheduled to arrive in Canadian waters on Saturday, May 13, with their Majesties the King and Queen and the Royal party on board. Two Canadian destroyers H.M.C.S. Skeena and H.M.C.S. Saguenay will meet the Repulse off the coast of Newfoundland to escort the Royal party to Quebec. CBC will have a short wave transmitter and commentators aboard the Saguenay and it is expected that the Corporation will broadcast a commentary when the Repulse is sighted. Another broadcast will be transmitted by CBC from the vicinity of Rimouski on Sunday, May 14, describing the Repulse coming up the St. Lawrence river through the darkness. The following morning, May 15, the Repulse is scheduled to dock at Wolfe's Cove, and the official reception, the first of a month-long series of ceremonies will be broadcast throughout North America and over the major broadcasting systems of the world by the Canadian Broadcasting corporation.

Among the various important ceremonies which will be broadcast by the CBC from Ottawa during the visit of Their Majesties the King and Queen, will be the unveiling of the National War Memorial on Thursday, May 18, at approximately p.m. EDST. The memorial, pictured above, with a corner of the Chateau Laurier visible in the background was designed by Vernon March, who died before the actual construction was begun. It was carried to completion by his six brothers and his sister and it is without a doubt one of the most impressive produced since the Great War. The memorial consists of a great archway of Laurentian granite surmounted by two figures allegorical of victory and liberty, standing at a height of 60 feet.

THE CARE OF YOUR SECURITIES

A CUSTODY ACCOUNT, under which you can place stocks and bonds in our safekeeping, will afford many advantages, not only while you are traveling, but when you are at home.

Arrangements can be made so that you can direct sales or purchases of securities by mail or telephone.

Your income will be collected for you and other important services will be rendered.

The securities of each owner, held in a custody Account, are always subject to his control and are kept separate from the holdings of others and from the assets of this Company.

CBC Will Cover The Visit of Their Majesties Across Canada

The first broadcast of the King in Canada will take place at the luncheon given Their Majesties by the Dominion Government in Quebec on the day of arrival, May 15. The unveiling of the National War Memorial by the King will be broadcast from Ottawa at approximately 3:00 p.m. EDST on May 18. There will be a broadcast from Ottawa of the ceremony of the Trooping of the Colour on Parliament Hill on May 20, the day of the official celebration of His Majesty's birthday. One of the interesting broadcasts during the Royal Tour will be the running of the King's Plate in Toronto. The date of Canada's premiere horse-race has been changed to Monday, May 22 this year in order that it may coincide with the visit of Their Majesties to Toronto. King George is expected to make the presentation.

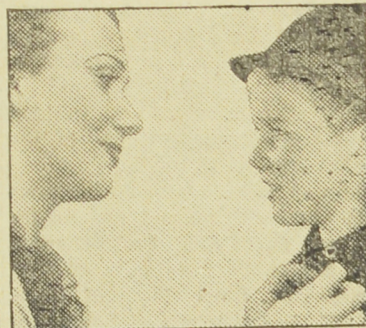

From the broadcasting angle, the climax of the Tour will be on Empire Day, May 24, in Winnipeg. On that day, His Majesty will broadcast to all the peoples of the British Commonwealth of Nations. In this world-wide panorama broadcast, special messages of greeting will be brought from representative subjects in all parts of the Empire.

Special Equipment Will be Provided. The radio coverage of the visit will constitute the greatest actuality broadcast to date, surpassing the Coronation and the Olympic Games. The Tour will cover about 10,000 miles; it will take in five different time zones; and much of it will be broadcast in both English and French. CBC will supply a majority of the broadcasts to the three United States networks and to the broadcasting organizations of the British Empire. The CBC Special Events department is being supplied with the most modern technical equipment. All microphones, amplifiers and broadcast lines will be duplicated. Should there be a failure on any one piece of equipment, a flick of a switch will reroute the broadcast through another, entirely different, channel. Four specially constructed, gold-plated microphones, to be used whenever the voices of Their Majesties are heard, will be carried from coast to coast. They will be adorned with Royal insignias and will incorporate a device that virtually will eliminate all "wind interference" noises. These microphones will be used only by Their Majesties.

Commentators Now Being Auditioned. Auditions are being held in all parts of Canada to select commentators. Those chosen will attend lectures in Ottawa by naval and military authorities and by technical terms and formalities concerning the Royal Visit.

*If You Have
a Child*

ASK YOUR DOCTOR THIS

Ask Him Before Giving Your Child an Unknown Remedy

Practically any doctor you ask will warn: "Don't give your child unknown remedies without asking your doctor first."

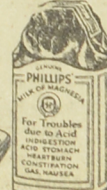

When it comes to the widely used children's remedy—"milk of magnesia," the standard of the world is established. For over half a century many doctors have said "PHILLIPS' Milk of Magnesia." Safe for children. No other is "quite like it."

Keep this in mind, and say "PHILLIPS' MILK OF MAGNESIA" when you buy. Now also in tablet form. Get the form you prefer. But see that what you get is labeled "Genuine Phillips' Milk of Magnesia."

ALSO IN TABLET FORM:

Each tiny tablet is the equivalent of a teaspoonful of genuine Phillips' Milk of Magnesia.
