The Company has decided to deepen REMINDS OWNERS

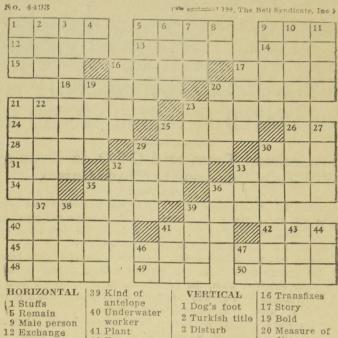

A bulletin from the Department of Finance, Ottawa, warns prespective borrowers under the National Housing Act that applications for loans must be made prior to the start of construction. If construction is commenced before final written approval is received the borrower does so at his own risk, and if the mintanding for the year ended March imum standards of construction and ndum specifications not strictly observed the borrower is not eligible for a loan under the Act, the bulletin points out.

Should the borrower wish to proceed with the construction he may all current liabilities. Dividends of do so at his own risk. Up to a certain point he may excavate, lay the footings, build the basement walls, and after inspection by the lending the shares, currently selling around institution inspector, may complete ---oofing and backfilling. Up to this point he is eligible for a National Housing Act loan, but he must not proceed any further, otherwise the loan cannot be granted. As soon in some quarters to the proposed plan as final approval is received he may

If the borrower has signed his loan cations are complete and comply with all National Housing Act requirements, then he may be reasonably sure that final approval will be granted before the construction has reached the point outlined. If the plans and specifications do not comply in every respect, then he must understand that the responsibility for the delay in approval rests entirely upon him, it is stressed.

Listen, Mr. Picobac.

Razor in hand, Les Sharples, proud proprietor of the original two-chair barber shop of Essex Centre, paused and declared, "Nobody trusts a mugwump. You never know which side of the fence he is on.

"I'm not talking about mugwumps," replied Mr. Picobac brushing the blue smoke aside. "Tm talking about keeping an open mind. An M.P. should vote and smoke as his conscience guides." "You always smoke the same kind of tobacco, I notice," continued Les. @

"You bet I do," rejoined the Burley philosopher. "I smoke Picobac, the pick of Canada's Burley Crop, grown in Sunny Southern Ontario. I like a mild... cool... sweet smoke. The more I smoke it, the better I like it. But I'm open-minded. You show me anything better and I'll try it; but you can't do it."
