### DECLINE

(Continued from page 1)

lator who is not permanently wedded  
to the long side of the market. These  
conditions will continue, and a trader  
who is willing to take a chance,  
and who is able to act fast, should  
have plenty of opportunities to make  
excellent profits in a short time. At  
the moment, the best trading policy  
seems to be to sell on all rallies rather  
than to buy on the dips. The time to  
cover is when the world looks darkest.

From the above it may be gathered  
that it is our opinion that there are  
ways of doing business today with  
as many chances for profit as there  
ever were. It requires but an adjust-  
ment in approach towards conditions  
as they are.

### DIED

HARRISON—Passed away at North  
Devon, N. B., April 25, 1939, Albert  
F. Harrison, age 35. Funeral will  
take place Thursday afternoon,  
April 27 with service at the late  
home at 2 p.m. Rev. John Linton  
will conduct the service. Interment  
will be made at Sunny Bank Cem-  
etery.

### Baseball Rumors At Marysville

There has been some small talk  
of baseball in Marysville this sum-  
mer but it is certain that the game  
will not enjoy the prominence in the  
town's sporting activities as in the  
past few years. If the York-Sunbury  
League should function again, Mar-  
ville to enter league competition  
would need the nucleus of a ball team,  
a battery, which they haven't got.  
There are unlikely to be any imports  
this season and it is too early to  
know definitely whether last year's  
management will put a team on the  
field or not. What talk there has  
been, favors a town league, which  
would be composed of three or four  
teams and would serve to keep the  
game from dying out altogether in  
the town and to develop younger  
players for other years.

### MEETS HERE TODAY

The Maritime committee on the  
control of club foot and brown heart  
in turnips met at the Dominion Ex-  
perimental Station here this morning.  
The committee reviewed the work of  
investigation of these diseases dur-  
ing the year and also prepared a re-  
port to be presented to the Canadian  
committee headed by Dr. E. S. Archi-  
bald, Ottawa, director of the experi-  
mental farm system in Canada. The  
committee met with C. F. Bailey, su-  
perintendent of the experimental sta-  
tion and chairman of the board in  
the chair.

"Many of the best pictures of nine  
and ten years ago would be laughed  
off the screen if they were shown  
today."—Jack L. Warner.

### Be Extra Careful about Stubborn Colds

Relieve Their Misery  
this PROVED Way

Too often, the cold that "hangs  
on" is a result of neglect . . .  
and neglect is always risky. Be  
extra careful of a stubborn cold,  
of course. But the safest course is  
to be careful of all colds. Don't  
experiment. Relieve their misery  
this doubly proved way.

Here's What To Do: It's best to stay  
in bed and get lots of rest. Eat  
lightly, drink plenty of water, and  
keep elimination regular. And use  
Vicks VapoRub without delay.

VapoRub has been proved by  
everyday use in more homes than  
any other medication of its kind—  
further proved by the largest clinical  
tests ever made on colds. (Full  
details in every VapoRub package.)  
Only Vicks give you proof like this.

No Long Waiting for Relief to Begin...

VapoRub is direct  
external treatment. No  
"dosing"—no stomach  
upsets. Just massage  
it on throat, chest,  
and back. Then—to  
make its long-continued double

action last even longer—spread a  
thick layer on the chest and cover  
with a warm cloth.

Relief starts almost at once. You  
begin to feel warm and comfort-  
able as VapoRub goes to work direct  
through the skin like a poultice.  
At the same time its medicated  
vapors, released by body warmth,  
are carried direct to the irritated  
air-passages with every breath.

This double action loosens phlegm,  
eases irritation and coughing, helps  
break local congestion. And long  
after restful sleep comes, VapoRub  
keeps right on working.

NOTE: If there is much  
irritation and coughing,  
or the air-passages feel  
clogged with heavy mu-  
cus or phlegm, even  
stronger vapor action is helpful.  
Pour boiling water in a bowl, melt  
a teaspoonful of VapoRub in it,  
and inhale the steam-  
ing vapors for several  
minutes.
