Mount A. University
Going "On The Air"

SACKVILLE, April 17. — Mount Allison University will go "on the air" in the first of six hour weekly broadcasts from her own studio on the campus at 8 p.m., next Monday evening over CKCW in Moncton, N. B., according to an announcement made to-day by President G. J. Trueman. The program will be opened with a few remarks by Mr. C. C. Avar, chairman of the Mount Allison Board Regents, who will be followed by a musical recital in which students of the Mount Allison Conservatory of Music will take part. The final quarter hour of the program will be taken up with an address by Dr. G. J. Trueman, who will speak on "Education for Democracy".

For the five succeeding Monday nights, Mount Allison will be "on the air" from 8 until 9 O'clock, when heads of departments will discuss their work, the addresses and interviews will be interspersed with music by members of the faculties and student bodies. The present schedule of six weekly programs is being looked upon as the start of what is hoped to become, "the Mount Allison School of the Air" in which the University will be able to serve young and old in the field of adult and child education.

Prior to the first program from Mount Allison a sponsored fifteen minute program starting at 7.30 will be broadcast from the Mount Allison studios which is located in the conservatory of music. Taking part in the fifteen minute program will be: Prof. Harold S. Hamer, Head of the Mount Allison Conservatory of Music, at the organ; Prof. Hans Graae, of the Conservatory staff on the violin; Prof. H. P. Gundy, of the University English Department, who will give readings; and Prof. Albert Trueman, Head of the University English Department and well known baritone, who will be the guest soloists on the program.

ROOF LEAKS
TAKES TO CAVE

DAWSON SPRINGS, Ky., April 17. — Because his house roof leaked, James Dawson Fox, 78, moved out all his belongings and set up his home in a cave near here.

The cave he chose in this hilly, sandstone country which is filled with various sized caverns, was one that is 40 feet long, 20 feet deep and has a 16-foot ceiling.

He set up his stove, his bed, his lamp and other belongings and was comfortable until it rained. Then he decided he'd have to board up one open side of the cave. That cut off light but kept the cave dry and warm.

For running water, Fox utilizes a cold, bubbling spring less than 20 feet away from his door. For a bathtub he plunges into the Tradewater river.

He tired of his cave a short time ago, deciding to live again in a house. The roof of the house to which he moved also leaked.

Disgusted, Fox carted his possessions back to his cave.

"I ain't a-gonna move again," he said.

"I want to see America because I think this country is the salvation of the world."

LADY TWEEDSMUIR
WILL ESTABLISH
SUMMER RESORT

VICTORIA, April 17. — The British Columbia Government is looking for an island on which The Lady Tweedsmuir may establish a summer resort for children from the Fairbridge Farm School near Duncan, B.C.

During her two weeks visit here with the Governor-General, Lady Tweedsmuir told provincial officials she would like to erect buildings where the children, brought from under-privileged homes in the United Kingdom to be trained in agriculture and domestic science, could spend their summer holidays.

The Government approved the scheme and is seeking a suitable island in the Gulf of Georgia from two to 10 acres in area. So far none has been located with an adequate supply of water.

"I believe our present Caucasian civilization is threatened by the gravest danger with which it has been confronted for four centuries."

SAYS S. AFRICA
LUCKY TO HAVE
BRITAIN'S HELP

MALMSBURY, South Africa April 17. — Without Great Britain's aid South Africa would be helpless, General Jan Smuts, Minister of Justice, said in an address to a United Party meeting here.

"We have a large country with many harbors," he said, "but no defence. We are lucky to have England's fleet to defend us. Otherwise we would be helpless in time of danger. In other words we would be helpless without her protection, as we have a coastline of so many thousands of miles."

"We are indeed fortunate that by grace of Great Britain we have a free, democratic country. We are greatly indebted to Britain for this system of democracy and for not having to be dictated to by any dictator or any such person, but to have the freedom of our own Government and make our own laws."

"I therefore implore you to stand together and keep close to overseas friends, because if we lose them today we are helpless."

"Take, for instance the United States, who stood together and yet today are not in a position to face the world alone. What are we then, of all nations, going to do on our own?"

"If we lose our friends and get into trouble, we can be sure that South Africa will be the cockpit of the world's troubles. If the United States, a country thousands of miles from anywhere cannot stand alone today, how shall we fare with our coastline exposed to danger without any defence and with our country whose assets the whole world desires?"

ASK TO BAN
NAZI PAPER

REGINA, April 17. — Walter Jones, secretary of the Registration Committee for the National Veteran Survey, said a demand would be made upon the Federal Government to ban, or at least take steps to curtail, the German weekly paper, Deutsche Zeitung, published in Winnipeg. Len Chase, provincial secretary of the Canadian Legion took exception to an editorial in the weekly April 5.

Reference to the British people as the "arrogant British" was made in the editorial.

"We think it is time the Dominion Government checked on this paper, the Zeitung," Mr. Jones said. "We as ex-service men, feel that steps should be taken to suppress it."

At the same time, Mr. Chase explained, it was not the object of veterans' organization to drive loyal German Canadians into an "isolated group."

The only remedy for the situation was for loyal German-Canadians to come forward and declare their allegiance in a group.

Nazi cards, by which the bearer swears allegiance to Adolf Hitler in time of crisis, are in the hands of many Germans in the Province, said T. G. McManus, official of the Saskatchewan section of the Communist Party. The cards are printed in German and circulated by the propaganda department of that country, he claimed.

New Discovery Gives
Him Pep, Vim, Vitality

Feel Strong, Peppy, Years
Younger — Or Pay Nothing

"I was all rundown, worn-out. Had no vim, pep, energy or ambition. Then I tried Ostrex. Well, the very first bottle showed me I had found a real tonic. I feel great. I'm 37 years old but thanks to Ostrex I feel years younger. I don't need a tonic now. If I ever need one again it will be Ostrex." — L. C. Winslow, Duchesne, Utah.

Don't worry if ordinary tonics have failed. Ostrex is different. It contains special tonic ingredients often needed by men and women of 30, 40 or 50 who are rundown, always tired, exhausted or feel old. Also contains a STIMULANT, obtained from raw oysters, often needed by many who lack pep.

This new "tonic plus stimulant" was first tested by 50 New York doctors and by New York medical clinics and approved before placing it in drug stores. Get package OSTREX tablets today. If not delighted with new vim, vigor, vitality and pep that makes you feel younger, make refund its full price instantly, without question. You are the sole judge. You don't risk a penny at

Have you
smoked
a Turret
lately?

• Turret smokers will tell you there are only two kinds of cigarettes — Turrets and all others! They prefer Turrets because they are made from an original and unique blend of choice Virginia tobaccos. The Turret package is more convenient, too — it has a handy calendar on the back to keep you up-to-date.
