PREMIER WANG OF CHINA WAS SHOT

Citizens' Schemes To End Depression Cover Wide Range

Rails, Roads, Trucks, Married Women Would Be Regulated "If I Were Premier".

(Special to Daily Mail)
TORONTO, Nov. 1.—If I were Premier of Canada I'd . . .

Just to see what Mr. John Citizen would do if he were Mr. King, The Globe made a few inquiries last night, with interesting results.

Own Ideas
Practically every citizen interviewed had his own personal plan for ending the depression and putting Canada back on its feet again. Some answered quickly, as though they had been turning a scheme over in their minds for some time, and were just waiting for the chance to tell someone about it. Others scratched their heads thoughtfully, and advanced their ideas in a few carefully chosen words.

Trucks, Mirrors, Section 98.

Labourer—I would immediately repeal Section 98. I would also knock "big business" off its perch and make it act reasonably.

Grocer—I would take back the Central Bank and give Canada the right to once more issue its own currency and control its own credit—privileges which were taken away from it during the regime of the late and unlamented Prime Minister.

Conservative—I would take one long lingering look at myself in a full-length mirror, and then break the mirror.

Businessman—I would take all trucks from the highways which carried freight over long distances. We are taxed Federally to keep up the Canadian National Railways, and we are taxed Provincially to keep up good roads to compete against the railways. We pay the shot both ways. I would also forbid buses to use the highway for long-distance runs.

Barber—I would immediately set about to cut down the high cost of government. I would amalgamate the Maritime Provinces, and perhaps the Prairie Provinces, too. I'm sure that would help some.

Cheaper Autos

Telegraph Operator—You see, I must confess that I've never thought of being Prime Minister, so the question rather takes me off guard. However, I would try to bring down the price of automobiles. The reason I believe this to be a good idea is because I am thinking of buying one myself—if they get lower in price.

Merchant—I would bring down legislation to enforce the removal from industry and business establishments of all married women whose husbands are employed and all single women whose families can provide for them. This would release tens of thousands of jobs for unemployed men.

Business Man—I would settle the railway problem by unification, amalgamation or any other means that would insure the country being relieved of this yearly deficit. I would conserve the tariff legislation brought down by the Bennett Government.

Motor Wagon Driver—If I were Mr. King, I would put good roads through the North country. It is the richest country in the world, and should be settled more extensively. I would take up every man on relief and put him up there—if he didn't work he wouldn't get any relief.

CHANGES IN HIGH SCHOOL ENTRANCE

Chief Sup't Education Congratulates Moncton and Saint John on Steps Taken.

MONCTON, Nov. 1.—Addressing the annual United Teachers' Institute of Westmorland, Kent and Albert Counties yesterday afternoon, Dr. A. S. McFarlane, chief superintendent of education for the province, advocated the elimination of all final examinations for pupils entering high school and stressed the fact that he felt a yearly average was more beneficial.

Dr. McFarlane congratulated the Moncton School Board on its "progressive step in announcing a new method of high school entrance," and stated that Saint John was now considering proposals, although no decision had been reached as yet.

Dr. McFarlane emphasized the need of proper teaching of spelling and also made reference to the changes being made in the educational system of the province.

The institute opened yesterday morning in the new Moncton High School, and Alderman F. M. Brown, on behalf of the city, extended an official welcome to the delegates, as did Miss Hattie Tweedie, a member of the School Board, and J. Fred Edgett, chairman of the board.

Yesterday afternoon, Inspector R. H. Chapman, president of the Westmorland County Teachers' Association presided and briefly addressed the teachers. Afternoon session opened with community singing, with the High School orchestra furnishing music followed by Dr. McFarlane's address and a solo by Miss Dorothy Allen.

PROVINCIAL LIQUOR BOARD APPOINTMENT

W. W. McLellan, son of Mr. and Mrs. W. A. McLellan has been appointed to the staff of the New Brunswick Liquor Control Board office, it was learned this morning. Mr. McLellan took over his new duties this morning. His appointment is a worthy one both from the standpoint of his ability and his party relations, and his friends are wishing him much success in his new office. Mr. McLellan has been prominent for the past three or four years in the organization work of the Liberal party and was the first secretary of the Fredericton Branch of The Twentieth Century Liberal Association and is a member of the present executive of The Twentieth Century York-Sunbury Liberal Association. He is also recording secretary for the provincial association. His father has been one of the stalwarts of the Liberal party for thirty years or more.

Unique entertainment by Historical Society, Normal School Nov. 13, 14.

Liquor Control Attains

During recent sessions of the legislature the then Opposition, many of whose members now constitute the present Government, complained, and rightly so, about the secrecy which surrounded all matters in connection with the Liquor Control Board. Now that the same gentlemen are in power it is to be hoped that details in connection with this, the largest revenue producing department in the government, will be made public, both in the reports of that institution and in the press. When we say in the press we mean all portions of the press, not in certain portions of the press which certain officials may feel should have the information, to the exclusion of others.

Every section of the public is entitled to information regarding affairs at this office and the sooner that the light is turned on to the details of what is going on the better. The public is entitled to know.

How many people does it take to run this affair in Fredericton? What salaries are being paid? What is the revenue each year and how is it spent?

Some people say that the chief commissioner gets ten thousand per year, some say eight thousand and so on. Mr. Tilley used to tell us that it was "not in the public interest" for the dear public to know these things.

The fiscal year for this, as well as for other departments of the government service, closed yesterday. The government will no doubt see that the details, so far as possible, are given to the public. There has too long been too much secrecy regarding the whole system of Liquor Control. The old Star Chamber days should be considered at an end.

We believe that the present government which is trying to do things right will carry out the same ideas in regard to this department of the public service which they had when they were in opposition.

NEW ARCHBISHOP FOR BATHURST IS WORD FROM HEADQUARTERS

Roman Catholic Diocese To Be Reorganized is Word From Our Ottawa Correspondent

(Special to The Daily Mail)

OTTAWA, Ont., Nov. 1.—Word from the office of the Papal delegate today is that the vacant bishopric of Saint John, N. B., will be filled very shortly and that this may include a new Archbishop for that territory.

The Daily Mail's Ottawa correspondent learns that a new territorial division may be made and a shake-up will probably take place that will satisfy both the French Acadian and the Irish Roman Catholics of New Brunswick.

The scheme as outlined to The Daily Mail is that an Archbishop will preside over a new Arch-diocese, with the See at Bathurst. This arch-diocese would include New Brunswick from Moncton and Westmorland County north to Madawaska and Restigouche, and the province of Prince Edward Island. This embraces the Acadian section.

The Arch-diocese of Halifax will include the parts of Nova Scotia as at present and also the Irish Catholic and other English speaking inhabitants of the counties of Saint John, Albert, Charlotte, and up the Saint John Valley including Fredericton. The present Archbishop of Halifax will continue to administer this arch-diocese with a resident Bishop at Saint John. It is understood that the latter will come from Nova Scotia. A French Acadian will become the Archbishop of Bathurst.

At present the Saint John diocese is being administered by Rt. Rev. Msgr. F. L. Carney, V.G., D.P., of Fredericton, whose advancing years and failing health will prevent his appointment. It is also understood that Msgr. Carney would be very pleased to be relieved of his present duties as administrator which he has filled most successfully and faithfully.

TWO DECREES GRANTED IN DIVORCE COURT

Two decrees were granted this morning in two cases which had been stood over earlier in the week at the fall session of the New Brunswick Court of Divorce and Matrimonial Causes. Evidence in the last case on the docket, a defended action with Harry Eldon Beyea, Saint John vs. Kathryn Madeline Beyea, Saint John, was commenced this morning before Mr. Justice Grimmer. Evidence for the petitioner was completed before adjournment and witnesses for the defence will be heard this afternoon. Those who gave evidence this morning were the petitioner, Detective Herbert J. Kilpatrick of the Saint John City Police Force, Lionel Darius, George Bishop and J. Edgar Beyea, brother of the petitioner.

A decree was granted in the case of David English, Loch Lomond, vs. Maude Lake English, Hatfield Point, on a supplementary affidavit of service. J. Starr Tait, K.C., Saint John, filed petition and the case was heard yesterday afternoon. The witnesses were the petitioner and Mrs. Adelaide MacEachern, Fredericton. Ronald Swift, Minto, was named co-respondent.

GOVERNMENT IS MEETING HERE TODAY

The New Brunswick government will meet this afternoon at three o'clock, it was announced today by Premier A. A. Dymally. All the cabinet ministers except Hon. Dr. W. F. Roberts, minister of health and labor, had been in the city yesterday for the conference with the municipal delegates. Hon. Dr. Roberts arrived here this morning for this afternoon's meeting. The premier had no statement to make this morning regarding the business of the government.

The case of Dorothy Agnes Armstrong, Saint John, vs. Wilbur Frederick Armstrong, Saint John, was allowed to stand because of the illness of K. J. MacRae, of the firm of MacRae, Sinclair and MacRae, Saint John, proctors for the petitioner.

Those who testified in the case of Iva P. Campbell, Ripples, vs. Hartley A. Campbell, Saint John, which was also stood over pending the filing of further affidavits, were the petitioner, and Harry Downey, Saint John. Miles B. Innes, K.C., Saint John, was proctor for the petitioner.

Annual meeting Red Cross, Monday night.

Assassin Shoots Wang Ching Wei, On Eve Of Meeting

PEACE WILL BE MADE STATES LAVAL

Bloody Encounter Between Italian and Ethiopian Forces on South-east Front.

GENEVA, Nov. 1.—That Italy is ready to negotiate for peace with Britain and France, is the report here today. Sir Samuel Hoare, Anthony Eden, Premier Laval and Baron Pompeo Aloisi were expected to confer today in an Anglo-Franco-Italian meeting.

The League's general staff of 52 reviewed the alignment of members in support of financial and economic sanctions against Italy.

On the northern front in Ethiopia Italian native forces occupied Mat Uecc near Edoga Hamus, nicknamed Mao West by the Italians.

In London Prime Minister Baldwin made another plea for Italian understanding and said the dispute between Italy and the League was no more real than the friendship between Britain and Italy. Britain protested against press attacks and anti-British broadcast propaganda in Italy.

Before leaving Paris for Geneva, Premier Laval conferred with Sir George Russell Clerk, British ambassador and Vittorio Cerruti, Italian ambassador. "Peace will be made," Laval asserted.

Desperate Encounter
ADDIS ABABA, Oct. 31.—A bloody encounter in which 3,500 Ethiopian warriors were killed and wounded was reported by a reliable source here tonight.

SUSSEX MAN DIES SUDDENLY AT LOCAL HOTEL

J. M. Spear, 50-year-old traveller for the firm of Brown & Holder, Moncton biscuit company, passed away shortly after eleven o'clock last evening, following a heart attack which he suffered at the Windsor Hotel.

Dr. A. L. Gerow was called by the officials of the hotel immediately after Mr. Spear's heart attack but the Sussex man passed away soon after the physician arrived. The hotel proprietor reported today that Mr. Spear had gone to his room shortly before eleven o'clock apparently in cheerful mood. He had been about the hotel during the day and had not complained of any illness. He arrived here yesterday by auto on one of his frequent business trips. The late Mr. Spear was very well known in this city and was popular with many of the merchants and his passing will be learned with regret here and elsewhere throughout the province.

The motor hearse from the Wallace Funeral Home, Sussex, arrived here this morning to take the remains to Sussex. Deceased is survived by his wife and son, several brothers and sisters.

Premier's Condition Serious—Martial Law Proclaimed Nanking.

Nanking, China, Nov. 1.—China was today thrown into uproar when Wang Ching Wei was shot and seriously wounded by a Chinese assassin. The assailant who was identified as a member of the central executive committee of the Kuomintang Nationalist Party was shot to death.

The 50-year-old premier and his right-hand man, Tseng Chun Min, vice-minister for railways, were seriously wounded.

The other two men wounded were Chang Chi, former president of the Judicial Yuan, and Kan Hai Kuang, chief of the political bureau of Generalissimo Chiang Kai-Shek's headquarters and vice-minister of the interior.

The attempted assassinations took place as the executive committee, assembled for a momentous meeting, in which some observers believed China's attitude toward Japanese demands for elimination of anti-Japanese elements in North China would be formulated.

Premier Wang was removed immediately after the shooting to the Central Hospital, where attendants said he was "resting easily."

Conflicting Rumors
As conflicting rumors as to the assassin's identity circulated through the city, Chinese sources asserted he was a citizen of "a foreign power."

The attempted assassination of the premier cast a pall over the future of Sino-Japanese relations.

Wang, as minister of foreign affairs, and chairman of the Executive Yuan, held a position second only to that of Generalissimo Chiang Kai-Shek. The premier has been regarded as the main prop for the pro-Japanese clique in the Chinese National Government.

The shooting assertedly occurred at 9.10 a.m. in front of the ceremonial hall of the Kuomintang headquarters, where a large group of officials, including Generalissimo Chiang Kai-Shek and President Lin Sen had assembled for a group photograph. The Nationalist organization's "Blueshirts" in North China were singled out in a Japanese protest last Monday as being an "anti-Japanese element" which must be eliminated in that part of the country.

Nanking has been seething with political activity this week as war lords from many provincial districts assembled to exert their influence in the deliberations of the party's executive committee, which opened its conference as prominent government officials indicated China would show a stiffer attitude to Japan's new protest.

The meeting of the executive committee was expected by many Chinese political sources to determine China's attitude toward the latest Japanese ultimatum.

The demands for elimination of anti-Japanese organizations in North China were backed up by a Japanese gunboat.

ABLE TO WALK ABOUT

Rev. Harry Burns, Gagetown pastor, who has been slowly recovering from a serious illness at his home, was able to walk about a little yesterday and is now well on the road to recovery.

LORD TWEEDSMUIR'S LINER IS DELAYED BY HEAD WINDS

OTTAWA, Oct. 31.—A change in the program for the reception to Lord Tweedsmuir was indicated today by the State Department on the strength of the report that the Duchess of Richmond is delayed by head winds and would not arrive until late Saturday at Quebec. The installation ceremony will occur immediately. If the delay is very great, the dinner at Spencerwood may also be cancelled, the main and essential function being the ceremony of oath-taking and installation.

RETURNS FROM TRIP

W. K. Tibert, director of vocational education for the province, returned today from a routine inspection trip to Edmundston and Woodstock. He reports registration at the Edmundston schools to be larger this year than last, and work progressing favorably. Work has also been progressing well at the Woodstock schools.

EARTHQUAKE IN MONTANA EARLY TODAY CAUSES TWO DEATHS

HELENA, Mont., Oct. 31.—An earthquake which tore at an area 500 miles wide centred upon Helena today, killing at least two persons and injuring scores.

Several buildings in the city of 12,000, already weakened by more than 500 earthquakes in 19 days, shuddered and collapsed.

The possibility of total losses in Helena exceeding \$5,000,000 was seen in reports that tremors might have wrought more extensive damage than the rolling jolts on Oct. 18. Damage was then placed at \$2,500,000.

Residents who fled their homes were greeted by wintry winds and near-zero temperatures which threatened to go under last night's four below minimum.

Striking with a rumble shortly before noon, the severe tremor shook the city for 10 seconds, and sent its quiver through mountainous western Montana, where it rumbled under Butte, Great Falls and Anaconda. The movement was felt 500 miles to the west of Spokane, Wash., and extended as far north into Alberta as Calgary and Lethbridge.
