## GERMANY READY TO JOIN PEACE MOVE

### Prepared To Participate In Collective Guarantees

**Will Complete Locarno Treaty—Nation Needs Tranquillity—Reich To Accept Any Arms Limitation Accepted by the Others.**

BERLIN, Germany, May 22—Adolf Hitler declared in the Reichstag that Germany is determined that there shall never be "repetition of single conflict" between Germany and Great Britain.

BERLIN, May 22—Reichsfuehrer Adolf Hitler told the Reichstag yesterday that the Reich is ready to participate in "a system of collective collaboration guaranteeing European peace."

He said Germany was ready to "complete" the Locarno Treaty by a European air agreement.

He realized the Nazi aims could be obtained "only gradually," and that the Government was willing in principle to conclude non-aggression pacts with neighbors to "localize the hot bed of war."

He said the Reich was ready to accept any "limitation of arms" equally accepted by other nations.

Reichsfuehrer Adolf Hitler told the German nation and the world last night that Germany will demand the return of her lost colonies and full equality in all respects with other nations, but has no intention of going to war or entering an armaments race.

In an eagerly awaited speech to a packed session of the Reichstag in the Kroll Opera House, which was broadcast to all Germany and to leading foreign nations, Hitler gave a thorough exposition of his foreign policy, embodied in 13 points.

He declared that Germany is ready to participate in a collective system of security to guarantee European peace.

Germany, he said, has every right to re-arm despite the Versailles Treaty by not keeping their pledge to disarm to Germany's level.

Regarding Germany's current building-up of a submarine force—also prohibited by the Treaty—Hitler said that Germany would accept elimination of submarines "in case of equal international regulations."

One of the strongest pronouncements of the Fuehrer's speech was when he said in a ringing voice:

"When I still decide to call again for general disarmament, I can only say as responsible to God, my conscience and the people that as their leader I now declare, in view of the formation of military alliances, Germany's military self defences will be perfected."

#### DIED IN SOUTH DEVON

Mrs. Sarah Ann Haslett, aged 77 years, passed away at the home of her daughter, Mrs. William Bolster, in South Devon last night after a lingering illness. Deceased was a well-known and respected lady and her death will be generally regretted. Surviving is her husband, Samuel; two sons, Charles of this city, and William of West Enfield, Maine; six daughters, Mrs. Berkley Thompson, this city; Mrs. Herbert Morgan of this city; Mrs. Jack Bolster, of West Enfield, Maine; Mrs. Irvine Gregory of Marysville; Mrs. Cyril Grey of Marysville; Mrs. William Bolster of Devon, and Mrs. Poddory of Montreal; a brother, Andrew Coulesey of West Enfield, Maine; one sister, Mrs. Katherine Burns of Boston. The funeral will take place on Thursday afternoon at 2 o'clock, followed by service at Holy Trinity Church in Lower St. John's. Rev. C. LeRoi Moores will officiate and interment will be made in the churchyard adjoining.

### The W. I. And Peace

Dr. W. C. Kierstead, who generally talks to the point and who brings out some excellent ideas, delivered a practical address on peace and war last night before the Women's Institute assembled in convention at the Parliament Building here. He spoke of the horrors of war. Another war would not end war, he submitted, but it would end European civilization. There was a race of armaments on, and the nations are in a state of fear. By only one means can peace be achieved, he continued. It will come when the nations will unite and by collective action arbitrate their differences in a world court, and disarm collectively.

Dr. Kierstead's remarks that the old order of intense nationalism had gone and a new order of internationalism was coming in was along the lines expressed by many great thinkers.

International union and the upholding of peace with the League of Nations as a factor in the scheme is what is wanted.

Dr. Kierstead did not talk too strongly when he pointed out to the women assembled that "ANOTHER WAR WOULD NOT END WAR BUT IT WOULD END EUROPEAN CIVILIZATION." HE SPOKE A TRUTH WHICH SHOULD SINK INTO THE HEARTS OF ALL THE WOMEN WHO WERE PRESENT LAST NIGHT, ESPECIALLY THE WIVES AND MOTHERS.

The last war was supposed to be a war to end war and we have only to look at the result in Europe today. The last war was not the Great War. It was "The Great Tragic Mistake," from which the present generation is still suffering. Was it worth while?

In a large measure it is up to the women of the world to prevent war. Will the members of the New Brunswick Women's Institutes do their part in this regard? They have a fine opportunity to join with other splendid bodies of women the world over in working to prevent war. They are strong in the different sections of New Brunswick and should exert a strong influence in their respective districts. Why not use this influence towards helping to save our country and the world in general from another war, which all authorities claim would end civilization. Leading women's organizations the world over, including those in England, are working along these lines. Women in different Canadian provinces are doing the same. Why should not the New Brunswick women fall in line. No better work can be undertaken by women and no better body than the Women's Institute can be found to do that by working together for freedom from international strife and for "PEACE ON EARTH GOOD WILL TO MEN."

### Grateful To Her Life Savers, Lady Insures Boys' Lives

Here is the story of a mother's gratitude: On the afternoon of May 9, two Barker's Point schoolboys—Fred Grant and Ray Gilks—were resourceful and quickwitted enough to save Robert Armstrong, an undergraduate of the U.N.B. from a watery grave. It was learned by the Daily Mail today that the mother of the grateful youth, Mrs. Franklyn L. Armstrong, of Barker's Point, had placed substantial life insurance policies on the lives of the two boys who effected the rescue. The mother's gratitude extends even further and she intends, so it is reported, to secure the Royal Humane medal for each of the two boys.

The near fatality occurred while three U. N. B. undergraduates were travelling by canoe from this city to Barker's Point. The water was rough and enroute the canoe upset, throwing the three into the water. Garnet Copeland and Kenneth Corbett reached shore by themselves, the latter swimming a distance of about three hundred yards, and Copeland clinging to the canoe for safety. Armstrong started to swim with Corbett but played out and but for the prompt work of Grant and Gilks, he probably would have drowned. The two boys manned a boat, picked up boards and paddled their way to the struggling collegian and hauled him into the boat, saving him only after some difficulty. Armstrong required medical attention when brought to shore. It was a resourceful feat. Sandy Jewett and Norman Lackey assisted Copeland in almost an identical manner.

### R. C. BISHOP WILL BE APPOINTED IN THE COMING FALL

(Special to The Daily Mail)  
SAINT JOHN, May 22—Parties close to the Roman Catholic Cathedral circles today notified The Daily Mail correspondent that no appointment to fill the vacancy caused by the death of Rt. Rev. E. A. LeBlanc, Bishop of St. John, would be made until early fall.

Bishop LeBlanc died during the last winter and since that time the Diocese has been administered by a Council of priests of which Right Rev. Mgr. Carney of Fredericton, is administrative head. It is said here that three names have been submitted to Rome as candidates for Bishop and that these include priests outside of New Brunswick.

There is a report here that there will be a new division of the diocese and that in future the two New Brunswick Bishops will be stationed at Saint John and Moncton, instead of at Saint John and Chatham as at present. This report cannot however, be verified at present.

Hear Dr. E. M. Best, national secretary of the Y.M.C.A. of Canada, who will deliver an address in the high school auditorium at 8.15 this evening. His subject is "A Community Y.M.C.A. for Fredericton." His Worship Mayor Clark, will speak also. There is no admission charge.—Ad.

### MISSION GRANTS REDUCED BY THE ANGLICAN SYNOD

Mayor W. G. Clark Welcomes Members—Holy Communion Celebrated This A. M.—Breakfast Attended by Over One Hundred—Recommendations by Committee.

The sixty-fifth annual session of the Diocesan Synod of Fredericton resumed here this morning in the Cathedral Hall following a celebration of Holy Communion at the Cathedral and the Parish Church and breakfast in the Parish Hall.

His Worship Mayor W. G. Clark addressed the delegates this morning, extending to them a hearty welcome on behalf of the city of Fredericton. In his address he remarked that it was an honor to have living in the city the Metropolitan of Canada, His Grace The Archbishop of Fredericton. He also paid tribute to the beauty of the Cathedral and said that it added vastly to the charm of Fredericton.

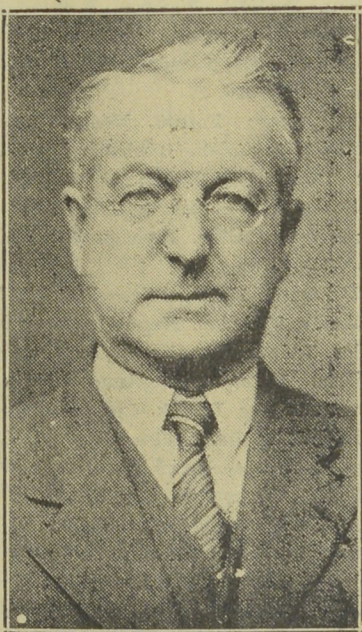

Several recommendations of remedies for the continued loss of revenue to the Synod were adopted this morning on presentation by the Commission on Depletion of Capital Funds.

The outstanding of these was the recommendation that the grants of priests be lowered to conform with the amount of revenue received by the Synod by contributions. The commission set the total amount at \$15,000 to be paid in grants in 1936. This figure is the average of grants paid during the last five years less the average deficit of the mission fund during the same period.

#### Holy Communion

Holy Communion was celebrated at Christchurch Cathedral and Christchurch Parish Church this morning at 7.30. Following Communion breakfast was served at the Parish Church Hall by the local council of the Anglican Young People's Association, assisted by the ladies of the Parish Church Women's Auxiliary.

More than 100 partook of breakfast, after which several speakers were introduced. E. Logan, Fredericton, was chairman, and other speakers were Gerhard Magee, Fairville; Miss Lillian Bateman, a student of the Provincial

HIS WORSHIP MAYOR W.G. CLARK, Who this morning extended to the 65th annual session of the Diocesan Synod of Fredericton a hearty welcome to the city

Normal School; Rev. W. P. Haigh, of West Saint John, who introduced the chief speaker, H. G. Saward, Toronto, Dominion president of the A. Y. P. A., who spoke briefly on the work of the A. Y. P. A. His Grace Archbishop Richardson spoke briefly also.

### Past President W. I. Makes Suggestions

#### PROVINCE COMES FIRST, SAYS TILLEY AT BIRTHY PARTY

Conservatives Honor Premier With Dinner; Other Candidates Were Heard at Function.

SAINT JOHN, May 22—Conservatives of the provincial constituencies of Saint John City and Saint John County paid homage to their chieftain, Premier L. P. D. Tilley, at a birthday party given by them in his honor in the Pythian Castle here last night. The six candidates of the government in the two ridings, their wives, party executives, leaders of the women's organizations, Tilley Club heads, chairmen of parishes and wards, and

#### BIRTHDAY PARTY

HON. L. P. D. TILLEY, K.C., M.P.P., Premier of New Brunswick, Who Was Honored by Conservatives at Birthday Party in Saint John, N.B.

staunch workers were present.

Throughout yesterday letters and telegrams of congratulations poured in on Premier Tilley in honor of the day. A few were read by Commissioner Wigmore, party organizer in the city and county and president of the local Conservative executive, who was chairman of the banquet and meeting last night. Approximately 200 attended. The candidates addressed the gathering with the Premier as the chief speaker.

"I have made up my mind that the time has come when New Brunswick must come first," said the guest of honor, in outlining the needs of his province and the accomplishments of his government. He touched on the vital question of port matters in Saint John and declared the C. N. R. discrimination against the city must be remedied. Loss of shipping meant thousands of dollars to business and labor here, he stated. He described in detail the importance of getting back that business.

A bouquet was presented to Mrs. Tilley by the chairman on behalf of those present. In reply she said: "I count every one of you a good friend."

The Premier described how the present government had benefited labor, agriculture, lumbering and pulp interests. His government had surpassed Ontario and Quebec in legislating for fair pay to the men in the woods, said Premier Tilley, as he outlined other schemes. Housing improvements were to become a reality; the farmer was to get fair prices for his dairy and poultry produce; labor was finding him ready to sit with its delegates, and the people had found him honest and square.

**Tenure of Office Should Be Limited in Time; Every Member Should Become An Officer—Clubs For Girls in Rural Districts—Dr. W. C. Kierstead Speaks On Peace—Library Demonstration.**

The twenty-second annual convention of the N. B. W. I. met again this morning at the Parliament Building with the president, Mrs. Harley Dunham, in the chair.

Reports from the various branches showed encouraging results. Madame A. Blanchard reported the Caraque Branch as active in the campaign for good English, study of school law and the purchasing of a flag for the school. Mrs. Herbert Reid, a past president, was present and addressed the meeting, stressing among other things the advisability of limiting the time for the holding of office. Mrs. Reid, formerly of Stonehaven, Gloucester County, now of New York, placed herself on record as favoring the plan that the officers and membership of the executive be taken in succession alphabetically so that each active member would know that in time she would be holding office.

Mrs. A. D. McCain, of Florenceville, explained the garment making clubs. These clubs in rural districts promote garment making, canning, cooking, business procedure as well as the social side of benefit to the rural districts.

The sum of fifteen dollars is to be raised for prizes at an exhibit of the work done by these clubs, of which the government would furnish half the amount.

The officers for the coming year were elected as follows:

President, Mrs. A. D. McCain, First Vice-president, Mrs. Byron Keith, Lower Ridge, Kings county; Second Vice-President, Mrs. Robt. Thompson, Chance Harbour; Federal representative, Mrs. H. A. Dunham, Petitcodiac, and Mrs. Ashley George, Upper Sackville. Additional members to the executive to be added at the following session.

At last evening's session the value of the League of Nations as a means of procuring peace was upheld by Rev. Dr. W. C. Kierstead of the University of New Brunswick. Dr. Kierstead stated that the old order of intense nationalism was gone, and a new order of internationalism was coming.

He spoke of the horrors of war. Another war would not end war, he submitted, but it would end European civilization. There was a race of armaments on, and the nations are in a state of fear. By only one means could peace be achieved, he continued. It will come when the nations will unite and by collective action arbitrate their differences in a world court, and disarm collectively.

Following a brief period of entertainment, Miss Nora Bateson, Charlottetown, spoke on the Carnegie Library Demonstration in Prince Edward Island, which, she said, was an experiment to provide the rural population of the island, amounting to 88,000, with a library service which might be considered adequate for a city having that population.

Following two piano duets, the day's proceedings were concluded with the singing of the National Anthem. The day's entertainment was provided by the Devon Institute.

In the president's address rights for women to take seats in the Legislature were mentioned.
